

MINE WORKERS TO TEST STATE'S LAW

Action in Equity Brought in the Dauphin County Court by Schuylkill Man

An action in equity which will raise the question whether men who have not had five years' experience as practical miners are eligible to receive certificates as mine foremen or assistant mine foremen, was brought in the Dauphin county court today by James J. Moran and James B. Kelly, Pottsville solicitors for James Matthews, president of district No. 9 of the United Mine Workers. The action is to restrain James E. Roderick from issuing certificates to any of the 139 miners who may be returned as having passed the examination for certificates held at Pottsville May 25 and 26. It is contended that some of the applicants were not eligible to take the examination and will lay before the court the dispute whether men can be given certificates without having worked for five years.

The action indicates that men are not eligible as follows: Twelfth district, 22; thirteenth, 20; fourteenth, 22; fifteenth, 18; sixteenth, 30; seventeenth, 4; eighteenth, 7, and nineteenth, 18.

Deaver Objects to Operations Without Justifiable Cause

Atlantic City, N. J., June 25.—That too many operations without justifiable cause are performed and that abdominal and intestinal operations should not be attempted unless by experienced surgeons were statements before the section on abdominal surgery of the American Medical Association. "I raise my voice against too frequent operations on the intestinal canal and on the abdomen," said Dr. John B. Deaver, of Philadelphia. He declared that a movable organ should never be made a fixed organ and added that too much surgery is attempted by incapable men.

Dr. Charles Mayo, of Rochester, Minn., agreed with Dr. Deaver that there were too many unnecessary operations and emphasized the importance of a more thorough study of embryology.

"Dry" Goes Into Effect in U. S. Navy on July 1

Washington, June 25.—Speculation as to the grace with which officers will accept Secretary Daniels' order banning intoxicants from Uncle Sam's navy increases as the "wet" days draw to a close. The order becomes effective July 1. Thereafter no officers may have liquor on shipboard or on any naval reservation.

Fatalities Mar Annual Commencement Exercises

Ann Arbor, Mich., June 25.—Fifteen honorary degrees were granted today at the 74th commencement of the University of Michigan and earned degrees were conferred on 1,064 students. 30-MILE WIND PUTS COASTLINE INTO WAVE

But at That Mercury Crawled to 91 Degree Mark at 2 O'clock

A thunderstorm that swooped in at thirty miles an hour from the west at 8.25, last night knocked down six degrees of humidity, and the breeze that came along stayed. And so collars stayed more upright and people laughed easier today. Lightning last night struck close to the city, but the only damage was a smash-up of the police telephone system, so that patrolmen were isolated.

PLOWING WITH DOGS

[Engineering and Mining Journal] One of our correspondents while waiting for a steamer at Eagle on the Yukon was attracted by loud howlings in several different localities. The poor dogs, with swollen tongues hanging from their mouths, were struggling gamely in the hot sun, but were moving the plow only by small, irregular jerks. Every few minutes they would throw themselves exhausted on the ground, and then their excited master would assail them with whip, boots and verbal prothotronics simultaneously. Altogether, it was picturesque, but ineffective, plowing. Unluckily, there was no local S. P. C. A.
