In the first place, there may be read between the lines of the Colonel's speech an unexpressed desire to get back into the Republican ranks, or rather, perhaps, to get the rapidly re-forming Republican ranks back of him. was given another severe jolt at the meeting of the City Council yesterday afternoon. City Commissioner Gorgas, the other Democratic member of the Council, tired of the controversy over the filling of a vacancy on the police force, voted with two of the Republi-can members against the Mayor. This so startled the "nonpartisan" head of the city government that he almost a convulsion. Recovering his speech, he asked Commissioner Gorgas

It was a very surprising turn of a prolonged controversy, but served a good purpose in unmasking the Mayor before the entire community.

Well worth the ceremony. It is illus-transfer of the battle flags. It is illus-transfer of the battle flags. It is illus-transfer of the Telegraph. It would not be surprising, indeed, if a great many members of both parties looked upon Roosevelt as the man to bring this change about. The Colonel condemns Penrose as a "political boss." That

I've a great mind to ask some manager to give me a trial. Don't, dear; you'll be condemn-ed, sure.

Briefly, the plan is to carry out what McCormick and Morris have been itcn-ing for over a long period. They have never been able to elect their city com-mitteemen in Philadelphia and now on charges of various coors they will be in a position to do some ripping along the same lines that gave AcCormick and Palmer power in state attairs. A petition contesting the election of two members of the Democratic city committee from the Forty-fourth ward was yesterday filed with Morris as chairman of the Democratic State committee preliminary to a demand for a complete Feorganization of the city committee and the expulsion of men declared to be inmical to the bosses. Sworn allegations of irregu-larity and fraud in the seating of Frank Scullen and Charles Lynch, Jr., are made in the petition filed by John M. Hill and James Gaghan, Palmer-ites, who claim to have been legally elected to the city committee from the Forty-fourth ward . there was a very lifelike getaway. The ceremonies attending the break-ing of ground for the Pennsylvania building at San Francisco were very ine. James W. Kinz, one of the com-missioners, from Philadelphia, made an oration and Chester P. Ray, ex-ecutive officer of the State commission, turned the earth with a silver spade. The spade was made for the occasion, suitably inscribed, and the earth was put into a box which will be put into the building. A specially made state fag was waved and Governor Tener sent a message, receiving one in re-turn. The fag, by the way, was un-furled by Mrs. N. E. Biddle, a mem-ber of the Philadelphia family of that name. It was a great occasion and well worth the ceremony. Upon a Saturday; They had that day and Sunday, too, Forty-fourth ward .

Others on hand at the conference were William T. Creasy, of Columbia, Democratic nominee for Lieutenant-Governor; Bruce F. It is believed that a number of sub-leaders are urging such action, but that Palmer and Morris are hesitating as to the expediency of making fur-ther trouble within the party ranks.
