IN PAST 6 MONTHS**

An increase of \$106,870 More Than the Corresponding Period Last Year

Comparative building records for the semicyear completed yesterday show that during a period covering January to June, this year, there were 137 permits issued for buildings to cost \$734,825, while for a corresponding period in 1913 there were 184 permits issued to cost \$628,955.

Of the permits issued during the past six months the majority were for the construction of dwelling houses and of rows of dwellings. There were permits taken out for the construction of two churches and for the remodeling of several mercantile places. None of the houses built can come under the term of tenement houses, although the advance toward the development of a modern phase of city life is indicated in the construction of apartment houses. The latest permits issued was for an apartment house in North street to be erected at a cost of \$10,000.

To Build Garage.—W. H. Keenpertz will build for A. L. Taylor at 1529 North Fifth street a one-story brick garage to cost \$250.

**LIVELY BALLOTTING
AT REILY HOSE**

Friendship Place Controversy Results in Battle For Presidency

Lively balloting is expected to-night at the annual election of officers at the Reily Hose. The question of whether or not the Friendship Fire Company should be given the right of way in the firemen's parade in October is said to have caused a lot of discussion and it is believed that two factions will take sides on the question and that this is responsible for the development of an opposition candidate.

The candidates: A. L. Hart, George Peters, Charles Stroth is his opponent.

Other officers include Jury Commissioner Edward Dapp, who finishes his fourth year, and has no opposition.

Vice-president, Charles Hay; recording secretary, Harry Stroth; financial secretary, N. George Peters; foreman, John W. Boyd, John Hudgins, Daniel Wingard; assistant foreman, Theodore Forshay and John Stroth; second assistant, Elmer Johnson and Oscar Rothery; trustee, Isaac Licht; horse committee, three to be chosen, John W. Boyd, A. Jones and R. Funk; investigating committee (three), Oscar Blough, E. Ricker, George Judy, David Saul, Samuel Grubberg; clerk, driver, John Miller; truck driver, Geo. Judy.

**Strikers Tell Tender
They Will Boycott Ball
Club if Troop Remains**

Pittsburgh, July 2.—Westinghouse strikers told today that they had lost none of their force because of the failure of peace plans yesterday and they had not given up hope of a settlement.

The strike committee was called to a special meeting at 9 o'clock to consider a new proposition, the nature of which was not made public.

Troopers of the State Constabulary continued on patrol, but they had left none of their ranks to surround the entrances to the works and pickets were on duty, but it was a good natured crowd without a semblance of disorder.

The daily mass meeting of strikers instructed the committee to call on Governor Tener to withdraw the troopers, and a telegram was also sent to Mr. Tener as president of the National League of Professional Baseball Clubs that if the troopers were not withdrawn the strikers would withhold their patronage from the Pittsburgh National League club.

**Dirty Restaurant Will
Not Get City License**

The Board of Health last night approved the action of its officers in turning down applications for five licenses for a restaurant in the borough of Piketown.

The sanitary code has not been lived up to. Permits to 110 food licenses were issued. The restaurant application rejected was that of the Verbeke street restaurant, well-known for years and largely patronized by market men and others in that vicinity.

The application came from A. M. Hinde of Piketown. An inspection by William Hughes, inspector of meats and milk, resulted in his reporting that the place was in a highly unsanitary condition.

The application was rejected because the applicant was not renewed until the applicants can show that they have lived up to the rules.

Milk dealers were notified as follows: Owen Brady, 2032 Locust street; Rose Mazy, 622 Boas; Sam Hensley, 63 Herr, and C. K. Diven, 312 North.

**Companies Will Carry
Liquor to "Dry" Towns**

Wheeling, W. Va., July 2.—Organization of two local express companies to operate between Wheeling and "wet" towns in Ohio brought from Anti-Saloon League leaders today the statement that the question would be submitted to the Interstate Commerce Commission on the ground that to become a common carrier an express company must carry less than 50 per cent. of one commodity.

They are insistent that persons to whom liquor is consigned must appear personally at transportation offices to claim it. It was said that the railroads have promised to cooperate with them in enforcing the rule.

**HUERTA AGREES TO
MEDIATORS PROPOSAL**

Belief Expressed That Communications May Result in Meeting With Rebels

By Associated Press

Niagara Falls, Ont., July 2.—Communication between the two warring factions in Mexico which, it is hoped, eventually will lead to conferences for the establishment of peace was begun today when the delegation representing General Huerta formally addressed to the three South American mediators a vote to be transmitted to the Constitutionalists' representatives in Washington.

In this the Huerta delegates express their willingness to discuss measures of peace with the Constitutionalists and bring to an end the civil strife which has been devastating their country for the last year.

The Huerta delegation wrote in response to a note from the mediators, delivered to them as well as the American delegation suspending the session of mediation because the international side of the controversy had been adjusted and calling attention to the correspondence with General Carranza in which he asked for more time to consult his subordinates about peace conference.

The Huerta delegates, however, were not so sure. Oscar Blough, E. Ricker, George Judy, David Saul, Samuel Grubberg, clerk, driver, John Miller; truck driver, Geo. Judy.

**A Hint for
Coming Maternity**

In a little book designed for expectant mothers more complete instruction is given in the use of "Mother's Friend" than is given in any other book on the subject.

"Mother's Friend" is prepared in the laboratory of Bradfield Regulator Co., 404 Lamar Bldg., Atlanta, Ga.

This is an external embrocation applied to the abdominal muscles for the purpose of reducing the strain on ligaments, cords and tendons.

In this springing relief and avoiding pain great good is accomplished. It serves to ease the mind, indirectly has a most beneficial effect upon the nervous system and thereby the mother has delightedly told how they were free of nausea, had no morning sickness and went through the ordeal with most remarkable success.

"Mother's Friend" has been growing in popular favor for more than forty years. In almost every community are grandmothers who used it themselves, their daughters have used it and they certainly must know what a blessing it is when they recommend it so warmly.

Strictly an external application it has no other effect than to ease the muscles, cords, tendons and ligaments involved hence is perfectly safe to use by all women. It is used very successfully to prevent caking of breasts.
