This wonderful Kitchen Utensil Outfit represents another master stroke of the buying power of this great store. It consists of seven of the most practical pieces of pure Aluminum Ware ever offered:

One 6-quart Tea Kettle with a double boiler insert that can be used as shown in this picture or removed, as the lid fits both these utensils. This kettle has a cast iron spout and spiral wire handle that is always cool. The regular price of this Tea Kettle alone is \$4.75.

One 11/2-quart Colander or Soup Strainer. One 6-quart Berlin Kettle, with lid. One 4-quart Lipped Saucepan.

One 6-quart Preserving Kettle. One 2-quart Coffee Percolator. (All like picture below.)

CAUTION-This set must not be confused with much of the so-called high grade aluminum that is offered at bargain prices. There is only ONE BEST qual ity of aluminum kitchen utensils and you will find every article of that quality stamped with the original "Wear Eternal" Trade Mark, which is on every piece offered in this set.

We wish to call your special attention to this improved Coffee Percolator. Note the illustration. Coffee is placed in the aluminum cup. When the water boils it passes through the aluminum tube to the top of the percolator and drips down over the coffee until the full strength of the coffee has been consumed.

Every article in the set is guaranteed for twenty years. Every piece is full

standard weight, and has an actual capacity as listed. Each set packed securely in a carton. Can be shipped. Mail orders filled. Remember the price-\$7.98 for \$15 worth of the best aluminum made. You can pay cash or \$1 cash and 50c per week.

Miss Fairfax

FOR THIS DESIGN HAVE AN UNDERSTANDING DEAR MISS FAIRFAX:

DEAR MISS FAIRFAX: I am 18 and keeping company with a young man two years my senior. He has taken me out several times and on one of these occasions was seen by a young lady cousin of his, my friend and I not knowing it. On our next meeting my friend told me that she called me a rather insulting name. I do not know her and she doesn't know me, having seen me then for the first time. I felt rather hurt that he did not defend me, and vowed I would never have anhything more to do with him. I love him with all my heart, and would like to know if I should for-give bim—or should I try to forget him? He has asked me to meet his mother. Should I meet her? <u>JENNETTE</u>. The young man should have de-fended you from his cousin's insinua-tion. But in any case, he had no right to tell you of her words. Make him feel that this was disloyal, but that you feel sure he will not blunder so again. By all means meet his mother. He has shown a fine, chivalrous spirit in offering to introduce you. Can tell a good story and like to hear them. Like to attend parties if every one acts ordinary, and thoroughly democratic. I have decided dislikes: Popular music, "knockers," drinking and dancing, as I could not dance till midnight and do a good day's work the next day. R. B.

Yes, those pesky little red spots do fade away quickly nor do they come back. Looking through a powerful micro-scope you find the skin a marvelous network of tiny blood vessels, glands, ducts, and cells in all of which the active principle of S. Only the immediate rela-tives and friends of the young people were present. The bride, who was unattended, wore a white lingerie costume. A wedding luncheon was served to the guests, after congratula-tions to the newly wedded couple. The bride was a popular member of the social set, and a talented musican. She was graduated from Irving Col-lese, and was engaged in settlement work, holding the position of assistant work. Mr. Hendrian is employed as physical trainer in the public schools in New York. Mr. and Mrs. Hendrian will sail for Germany on the eigh-teenth of this month on their honey-moon trip. They will reside in New York.
