A Little Recreation-- Makes for Greater Efficiency

That was the answering echo to the music of the white clad Trainmen's Band on its way this morning to marshal several hundred happy men and women and boys and girls to a day's frolic along the historic Conodoguinet.

The ringing sound of laughing voices and the tooting of horns made us all feel like hastening the calendar on to the time of our summer's outing, so we commend heartily our neighboring store for its forward step in the promotion of efficiency. —and we look forward with hope to the day when it may see its way clear to meet us in our long established custom of a full week's vacation every summer with pay.
