BRUMBAUGH GETS BIG ENDORSEMENTS
Friends Work For His Success in Spite of the Hot Weather and His Absence
Special to The Telegraph
Philadelphia, July 14.—Men of all political parties are smiling to-day over a story from Pittsburgh and Washington concerning the fusion between the Democratic Progressives in Pennsylvania. It is regarded as a practical admission of the success of the Republican ticket. Those whose politics are worth something declare that Roosevelt would never consent to an alliance with the Wilson bosses in this State. Fusion talk may be passed up as a midsummer dream. The Public Ledger, to-day, prints the following interesting story:
"Pledges of support from men of all parties are being received by Dr. Martin G. Brumbaugh, Republican nominee for Governor, according to an announcement sent out from the Brumbaugh headquarters in this city last night.
"The Brumbaugh managers declare that letters have been written to Dr. Brumbaugh from followers of the parties—Republican, Democrats, Progressives and Independents. These letters have come from every part of Pennsylvania and from nearly every county. In many instances the writers have praised the candidate and have expressed their admiration for him as a professional man and leading educator.
"One of the letters is from a physician in Tidoute, Warren county, who is widely known as a Democrat.
"I know Doctor Brumbaugh well and have known him for thirty years," writes the doctor. "I was a pupil of his when a child and again when I was preparing for my professional career, and I know he possesses the qualities that make the statesman. He has the great kind heart of Lincoln and senses the appeals of a people for civic righteousness and moral uplift; he has the intellect that, like Webster's, suggests the remedy, and he has the indomitable will power of Jackson to carry out his convictions. His character is an inspiration to the thousands of students who have studied under him, and, like Goldsmith's 'Vicar of Wakefield,' he looks to brighter worlds and leads the way. His patriotism is a passion of love for his native State, and if elected Governor of this great Commonwealth his ambition will be to give the people a government that will earn the respect of the whole nation.
"From another equally enthusiastic Democratic physician in that stronghold of Democracy, Reading, comes an equally earnest letter, in which the writer says:
"I have watched and followed Doctor Brumbaugh's work for twenty years. I have the greatest confidence in his ability and integrity. I know that with Doctor Brumbaugh occupying the high office of governor, our public school system, the very backbone and foundation of future generations and greatness, will have an all-powerful champion.
"A principal of township schools in Clearfield county, and a Democrat, writes:
"I know from my acquaintance with him that he would give our State an administration free from outside influence and bossism of which future generations will be proud to relate."
DISCUSS FUND RAISING
Discussion of plans to raise \$1,000 to defray preliminary expenses in connection with upkeep of the office, etc., last night occupied the attention of the committee of the Stough campaign. Two suggestions were made, that a thousand persons give a dollar each, and that the money be defrayed by collections in the churches. No decision was reached.

ARMY WORM? EATS GRASS IN WEST END
Go to Bed With a Lawn in the Yard, Wake Up With It Gone
Is the black bug who travels in companies, eats grass and at his biggest measures about an inch—is he an army worm?
Residents of North Sixth street along the nineteen hundreds are thinking that's the name of the invading hosts of insects. Some amateur naturalist has so classified the devastating bugs. These bugs seem to come up of the ground. They seem to come up over night, and they eat up all the grass in sight and then move on. The discovery was made first this week at the home of Samuel Harris, 1229 North Sixth street. Mrs. Harris got back from a day's outing yesterday, Saturday night when she looked at the grass it was all fresh and green looking. Monday morning when she looked at the familiar scene upon coming home, well, it looked as if that nice green grass. Answer: the army worm?
They kept right on coming out of the ground, the mean little bugs, so Mr. Harris got some milk, coal oil and hot water and spread it over the ground. That drove them away and they crawled up the side of the house. Charles F. Taylor's back yard, across the street and David Miller's, next door to Harris', are among those that have been devastated by the worms.

PUTTING ANYTHING OVER ON BLOOMER
[Continued from First Page]
In brief, the trunkloads of fripperies comprise the baggage of the Western Bloomer Girls' team. They were seized in Union Station at noon when three girls disembarked from a train. One was presumed to be Managers Gage. The seizure was made by Deputy Sheriff Bill Hoffman, who had a foreign attachment to levy on the goods, issued by Misses Brown, Bohl and Aggerman.
The trio contended that their salaries had been held up and they learned that the manager was about to give them the slip at Allentown. They left Allentown, came here, had a foreign attachment served—and let Mr. Hoffman do the rest.
When the girls who looked, so the deputy thought, like bases, got off a train at noon to-day he inquired as to whether either was Managers Gage. He got icy stares from each. Then he saw the name "Western Bloomer Girls" on the trunks. So he attached the trunks.
Now, unless Managers Gage files bond in the sum of \$600 to guarantee the salary claims, the deputy will have the trunks will be sold by the sheriff.
Which will be some time in the future. Considerable legal red tape must be unwound, and the posting of a notice of similar sale to-day is premature. This was a claim involving the salaries of the George W. Jackson theatrical company for salaries of twenty-eight people. Chattels worth approximately \$700 were seized. The attachment was made October 3, 1912, and the sale will be held July 24, 1914.

Depression Closes Reading Factories
Reading, Pa., July 14.—Two more local industries suspended operations yesterday because of the depression in business, as a result of which several hundred more men were added to the city's large number of unemployed. The Blatt & O'Reilly shoe Company shut down until August 1, and 150 hands were laid off. The Reading Shoe Works, the largest concern of its kind in this city, also suspended, affecting 160 men. The tariff and other trade conditions, it was announced by members of the firms, were the causes of the suspensions.

PAXTANG PARK
The vaudeville show at Paxtang Park this week may be the classic performance ever seen at the park theater. There is not an act on the bill that could be improved upon. Arthur Geary, an English tenor, and leading man with the original production of "The Bank of America" at the park when it comes to real headliners. Geary is certainly the goods. He only "The Bank" and he probably would have had to sing a dozen to have satisfied his admirers. Mr. Geary has a voice of remarkable quality and tone. His selections are all funny and tone. His comedies and are well acted as well as sung.
King Kelly made his first ascension last evening, and did one of his famous parachute jumps. Kelly's stunt is one that never fails to please the crowd and hand them that little thrill no other act can. There is something fascinating about watching a man a half mile in the air cut himself loose from a balloon and take a chance on a flimsy parachute opening in time to break the fall that always holds a crowd spellbound. Kelly will attempt a six-parachute jump.—Advertisement.

Much Is Involved in Automobile Fee Case
More than the legality of the appropriation of all revenue from automobile licenses to the State Highway Department for maintenance of State highways is involved in the appeal of the automobile license fee case to the Supreme Court. It is in reality to test the right to spend close to \$3,000,000 and will also determine how the operation of the specific appropriation act of 1909 will extend. If the appropriation of the automobile revenue to the highway Department in the motor vehicle license act is constitutional, then the appropriation of one-half of the income from hunters' licenses to the State Game Commission for game propagation and game preserves and one-half to reimburse counties for bounties they pay for killing of animals and birds which are a nuisance to farmers will stand. Last year this fund yielded over a quarter of a million dollars and will be as great this year. The automobile licenses for the latter half of 1913 are held up along with those for 1914, making a grand total of over a million and a half dollars.
It is not generally known that one of the points of attack made on the anthracite coal tax act by the coal companies was that it contained a provision in line with the automobile license act appropriation. It provided that one-half of the amount realized from the tax should go to the counties producing anthracite coal. The coal tax will bring in \$2,300,000, if it is sustained and half of this sum would go to the counties.
Thus the principal in one case will govern in two others involving big sums of public money for in none of them is there specific appropriation of any amount.

A STOMACH TONIC
There is a form of indigestion called "atonic" dyspepsia. Atonic means "lack of tone." It is probably the most common form of indigestion, but not much is heard about it because people are inclined to group all forms of dyspepsia as "stomach trouble" and the doctor says "eat up that."
Lack of tone in the digestive organs means that the stomach is no longer able to do its work as nature intended. The nerves that control it are weak and the glands that supply the digestive fluids are not working properly. Gas on the stomach, sour risings in the throat and constipation result. The cause of the trouble is thin blood. Stomach, nerves and glands are all dependent on the blood and when it gets thin and watery they are at once weakened. Dr. Williams' Pink Pills act directly on the blood and the first response from the stomach is a better appetite, freedom from distress after eating and an increase in ambition and energy generally. Try Dr. Williams' Pink Pills as a stomach tonic and see how your general health improves.
A diet book, "What to Eat and How to Eat" will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. Every druggist sells Dr. Williams' Pink Pills.—Advertisement.
