SENATORS WIN 12TH STRAIGHT VICTORY

When Cockill's Started Cannonade Chicks Just Couldn't Fill 'Em Effectively

Special to The Telegraph. Wilmington, Del., July 14.—Smothering the Chicks here yesterday, Harrisburg won its twelfth straight game. The slaughter was 11-3. Five out of the eleven runs that Harrisburg scored were from contributory causes. The ground was wet and slippery and when the Senators cannonaded the pill into the infield there were some exhibitions of inside baseball not told about in the dopebooks. A newcomer from Lebanon, one Stubeaman, was on the mound for the locals, but he had to quit. The first inning resulted in a blank, but the visitors started to make things interesting in the second. Cockill and Miller walked. Whalen sacrificed, and, on McCarthy's single, Cockill and Miller scored. McCarthy stole third, and on Meyers' fumble, scored. Singles by Cockill and Miller, Brown's wild pitch, Smith's bad peg and Meyers' double got two more runs in the fifth. After that, they came easy. In the fourth inning, Adams walked, McKenna, Jackson and Sharpe in succession, and then McCarthy dropped Whalen's throw of Sharpe's bounder. McKenna scoring. A pass to Morgan and Shollenberger's and McKenna's singles scored Morgan for the champions in the fifth. The Chicks scored their last one in the ninth on Pearce's single, Shollenberger's life and two errors by Whalen. Score: WILMINGTON 3, HARRISBURG 11.

HEAVYWEIGHTS WILL BATTLE THIS WEEK

Gunboat Smith and George Carpentier Meet in London Thursday Night; Important Fight

On this week's fight card is scheduled a twenty-round bout between Gunboat Smith and George Carpentier, two clever heavyweights. This bout is of importance because London fight enthusiasts look upon these fighters as the only real heavyweights in the world. A cable from London to the New York American says: "Every available billboard in and for twenty-five miles around London is proclaiming to-day that Thursday's fight between Gunboat Smith and George Carpentier at the Olympia is 'for the heavyweight championship of the world.'" Considering this fact, the advance sale of seats already exceeds \$50,000. The men will fight for a \$45,000 purse. "This ignoring of Jack Johnson is perhaps excusable. Certainly no real contest for the heavyweight championship ever aroused greater anticipatory interest than does this one—wherein neither contestant is an Englishman. While C. B. Cochran, promoter of the contest, lost money on the Welsh-Ritchie battle (with total gate of only \$21,000) he will clean up a goodly sum on this coming session. It is very evident that London has no use for little fellows, but will turn out in droves to see 'heavies' in action. "Nobody pretends for a moment that either Smith or Carpentier has a chance against Johnson; only the uninformed rank either man as comparable with dozens of great fighters of the past. But the fact remains that the match will attract the greatest crowd and the biggest gate in the history of the English prize ring. "Sentiment among the majority of Americans and all Englishmen favors the Frenchman, who will undoubtedly be an odds-on favorite at the ringside. The London dailies carry long accounts from both training camps, most of them having special correspondents living with Carpentier at Maniot, France, as well as with Smith here.

Hooper to Shake Up Red Roses Soon

Lancaster, Pa., July 14.—Following the inexcusable dropping of three straight games to Allentown, Manager Hooper, of the Red Roses, is going to clean house next week. Several important changes in the line-up will be announced on Monday, before the game with Reading. The work of Lidgate, behind the bat, has not been up to standard and the pitching department is also weak. "Millman is overworked and Owens has proved a failure. Lane is a good pitcher but is not reliable. He takes balloon ascensions when least expected. Wertz is not fast enough for Tri-State ball and he will probably be among those left go.

RACES AT CARLISLE WILL INCLUDE HARRISBURG HORSES

The directors have decided to establish the event as an annual feature for the horsemen not alone of Cumberland county, but for Harrisburg and the Cumberland Valley.

NEW GAME INVENTED TAKES IN TWO SPORTS

Special to The Telegraph. Detroit, Mich., July 14.—"Baseball-football," a combination of the diamond and gridiron sports originating in the mind of Herman Brosowski, director of the board of education's model playground school, was conceived to satisfy 200 schoolboys. A very large, but light, ball is used. The pitcher tosses the ball to the batter at a level of one foot above the ground. Football tactics are employed by the batter, who kicks the ball. The usual rules for fielding and base running are used. A runner is called out only when he has been hit fairly with the ball.

GOLFER UP A TREE AT ISLAND CAMP

He's Doubtless a Regular Oummet But He Just Can't Get Down to It

McCormick's Island camp doesn't yet boast of a golf course, as most everyone knows; McCormick's Island camp does boast of a golfer, however—and that everyone doesn't know. Slangily, figuratively and literally speaking, the camp golfer is up a tree. Not that it is entirely because no links are handy; it is because he is so stuck up, as it were, that he just can't come down from his perch. Playground Supervisor J. K. Staples discovered the visitor early one morning. Mr. Staples dreamily gazed up toward the tree tops; something tight and above ground attracted his attention; he rubbed his eyes and sat up and took much notice again. And this is what he saw: "Clearly defined and outlined against the sky line, by the curious formation of bark and branches, was the figure of a man about four feet high. He was clad in golf cap, knickerbockers, jacket and shoes complete, and holding in businesslike attitude a very formidable golf club. "In course of time the 'golfer' was included in the camp's roster and now he is shown to visitors as one of the points of interest of camp. "Oh, yes," a pretty little be-ribboned and be-ribboned-blossomed camper will gladly explain, "we may go in for golfing here some day, too, for while we haven't any links we do have a golfer to teach us—a professional, I think, too. Only," concludes the small hostess naively, "he just simply CAN'T get down to it."

SPORTING NOTES

Lemoine is booked for four games this week, three away, one with the Methodist club at home. Dillsburg, Middletown and Duncannon is the itinerary. The infield has given the Reading leader a lot of trouble and many of the games were dropped because the inner gardeners were unable to bat in a crisis. Some fight critics now claim Fred Welsh's victory to be due to the fact that he is a vegetarian.

Many Bankers Reply to Secretary McAdoo's Note

Washington, July 14.—Thousands of national banks have already replied to Secretary McAdoo's letter asking the opinion of bankers throughout the country as to the advisability of lending government funds to banks to move crops. Many bankers urged the lending of government funds, just as was done last year when about \$37,000,000 was loaned to banks by the Treasury Department. Mr. McAdoo also asked a number of other questions in his general letter. He sought advice as to the best centers for distribution of the money and the localities where it would be most needed. Clerks are busy tabulating the replies and after waiting a reasonable time for replies from bankers in remote sections Secretary McAdoo will carefully consider the results of his extensive inquiry.

NOT MANY ENTER TENNIS TOURNAY

But Interest in Matches Is Keen—Winners in Some Events Hard to Pick

Present indications are that the city tennis championship, to be started Thursday at Reservoir Park, will make up in dash and brilliance of the individual players what it lacks in the number of competitors. Up to present it is estimated by members of the committee that there are only about half a hundred entrants. Many of these, however, are topnotchers and some hard playing is expected. William McCreath, present city champion, is expected to defend his title easily against all comers. Considerable interest centers around the women's singles, for Mrs. Chris H. Sauer has been playing a splendid game this season and is expected to make a strong attack upon the present title holder of the city championship, Miss Elizabeth Groff. Interesting play also is looked for in the men's doubles. McCreath and Gannet play together they will likely win, but Swartz and Handshaw have been playing a consistent game all summer and some surprises might develop. Lightner and Miller also might develop into dangerous opponents. Swartz and Handshaw played Saturday at Middletown when the Reservoir park team defeated the Middletown team in the following scores: Doubles. Black and Lightner vs. Smith and McNair, 6-1; 6-2. Yohn and Lightner vs. Beachler and Hoffman, 6-1; 6-2. Swartz and Handshaw vs. Kramer and Detweiler, 6-3; 6-2. Miss Teeter and D. C. Lightner vs. Miss Lingle and Abe Hoffman, 8-6; 5-7; 6-2. Mrs. Sauer and Dasher vs. Miss Matheson and Detweiler, 6-1; 10-8. Singles. Handshaw vs. Smith, 6-1; 6-4. Mrs. Sauer vs. Miss Matheson, 6-0; 6-2. Black vs. McNair, 6-2; 6-0. Al L. Lightner vs. Lloyd Kramer, 6-2; 6-1. The tournament committee will meet to-morrow night at the Park Commission offices at 7:30 when the list of prizes will be completed and the entry list closed and schedules completed.

Aero Club Confident Lieutenant Porte Can Complete Long Flight

New York, July 14.—The record made on Saturday last by Reinhold Boehm at Johannisthal when he remained in the air for 24 hours and 12 minutes and flew a distance of 1,350 miles, has caused members of the Aero Club to feel more confident than ever that Lieut. Porte will accomplish his proposed Atlantic flight in the air boat America. Boehm used an ordinary biplane in his flight and the fact that it was not equipped for an endurance test is an indication according to Henry Woodhouse of the Aero Club that the America with her special equipment will be able to carry Lieut. Porte to the Azores without mishap. The route to be followed by Lieut. Porte to the Azores is 1,140 miles or some 210 miles less than the distance covered by Boehm.

STATE LICENSE FOR ALL ARCHITECTS

Plans For Obtaining Passage of Such a Law Discussed at Institute at York

Harrisburg architects attending the July meeting of the Southern Pennsylvania chapter of the American Institute of Architects, which was held at the York Country Club last night discussed plans for obtaining passage of a law by the Pennsylvania State Legislature providing for licensing architects. Laws have been placed on the statute books in other States requiring architects to take a rigid examination before they can follow their profession and a similar statute is favored by the members of the Southern Pennsylvania chapter. Other matters of vital importance to the architect and his client were discussed at last night's meeting. The meeting was presided over by B. F. Willis, president. The Southern Pennsylvania chapter includes fourteen counties. A dinner preceded the business meeting. Four meetings are held each year by the Southern chapter—the second Monday of January, April, July and November.

Police Chief to Bor Newsboys From the Saloons

Chief of Police Hutchison has ordered his force to stop newsboys entering barrooms. The lads will be warned first to stay out and arrests will follow disobedience. Chief Hutchison, after careful consideration and investigation, found out that the boys sell but few papers in the saloons. They are subject to evil influences there. Colonel Hutchison says he has found out several cases of boys who got started on the road to becoming drunkards by visiting saloons to sell their papers.
