On personal property tax the amount collectable in 1914 is shown to be \$53,152.14, as against \$40,986.94 in 1913, a clear increase of \$12,165.20.

Of the sum paid to the State last year, however, \$30,740.20—three-fourths—was returned. The fact that the whole amount this year will be returned shows the net increase to Dauphin county—the difference between \$30,-740.20 and the tax for 1914—to be \$53,152.14. Workmen digging an elevator shaft in the northeast corner of the base-ment at Bowman's store to-day struck oil. Twan't a gusher, but the crude, tarry-smelling stuff oozed up in bubbles out of the pit.

This striking of oil brings to mind that more than a score of years ago wells were drilled in the hope of finding oil on the Coover farm, which is now Wildwood Park. The place where the lake is now located was the spot selected for the operations, but the go-devil never brought forth the expected gusher.
