FRIDAY NIGHT CONCERTS

Invitations Extended to Former Residents in All Parts of Country

FOUR PARADES ARRANGED

Decorations in Historic Town Will Be Feature of Big Celebration

Chambersburg, Pa., July 22.—Final arrangements for the Old Home Week celebration and thirtieth annual convention of the Cumberland Valley Volunteer Firemen's Association here next week are nearing completion and when the dual celebration is officially opened on Sunday it is expected that hundreds of visitors will be here.

Men and women now bent with age who have not been here since childhood days are already beginning to return to the scenes of youth. And then, too, many others who departed soon after the old town was burned in Civil War times are coming back to tell of their experiences during that awful period.

Chambersburg is undergoing a remarkable change this week and is being dressed in its most fitting clothes for the mammoth affair. Business houses and private dwellings will be covered with decorations during the week and the committees on arrangements will have the street corners festooned with banners and electric lights. The decoration scheme is said to be one of the prettiest for any celebration of its kind held in the Cumberland Valley for many years.

Program Announced

An elaborate program has been arranged for the week and in part follows:

Sunday, Memorial Day—Forenoon, services in all the churches; evening, union meeting (open-air) by the ministerial association remain vacant until Monday, Old Home Day—Auto and motorcycle parade, band concert, exhibit of products made in Chambersburg.

Tuesday, Secret Order Day—Secret orders and historical parade parade, ride around town for Old Home boys and girls (conveyance free).

Wednesday, Industrial Day—7 to 10 a. m., reception of visiting delegates and firemen; 10 to 12 noon, annual convention of Cumberland Valley Volunteer Firemen's Association; Industrial association remain vacant until Monday, Old Home Day—Auto and motorcycle parade, band concert in public square; 8 p. m., "Ben Franklin, Jr.," by Theesplan Club.

Friday, Contest Day—9 a. m., prize drill; 1:30 a. m., hook and ladder contest; 1:30 p. m., hose races; 8 p. m., mask carnival.

Saturday, Children's Day—Old-fashioned picnic.

LETTERS TO THE EDITOR

ROOSEVELT AND PENROSE

To the Editor of The Telegraph:—I read with interest the statement of Senator Penrose in reply to Colonel Roosevelt's unjustifiable and unbecoming attack on him in the Telegraph and its readers have not forgotten the part I played in the national campaign of 1904 and 1908. But your readers do not know that to Senator Penrose our party was indebted for whatever success it had in that year through my efforts, particularly in 1904 and 1908. But Colonel Roosevelt knows the value of my work, under Senator Penrose, as the Colonel has testified to me in several letters as well as to our country at large, than he owes to any other man on earth. Senator Penrose is entirely too modest in his claims, and I am sure that Colonel Roosevelt, the Senator should not confine himself to the superb result in the State in 1904 and 1908. Senator Penrose, as a member of the executive committee of the national committee, in the two campaigns named, and in which he was elected, was the most interested man in the nation, with Senator Scott, of West Virginia, was the man on whom I relied most for guidance during the national campaign of 1904 and 1908. Not only did the chairman lean upon him, but also the heads of every division of the party. I speak of what I personally know from my own experience and my observations of the interest we all felt in his presence at national headquarters. A personal instance, which will prove the value of his work, was the most interesting of the campaign which the late General Kerwin and myself were waging against the late and infamous "Appeal to Reason," a paper published in Kansas not far from Bryan's home in Nebraska, and which assailed our candidates in the most savage manner, accusing them of being the agents of the Pope and the advocates of everything desired by the Roman Church in this country, our source of warfare supplies was cut off, on the plea that funds were too scarce to afford the few thousands necessary to qualify the effort. The work of the army, "Appeal to Reason," which was being circulated amongst all patriotic societies and all Protestant ministers and churches by the millions, and with crushing effect. The moment General Kerwin and myself were made aware of the attention to the decision, he directed us to go right on with the work and we did so. I made no exaggerated claim in saying to your readers that the greater credit is due to the late Colonel Roosevelt than that by Senator Penrose in the case cited. Indeed, his name would justify his condemnation of the master of politics, Senator Quay, who, in 1888, selected General Kerwin to be the first to condemn Senator Penrose, for doing that which had been done by the late Senator Quay, with which he won a great political battle. There has gone Colonel Roosevelt's boasted "square deal for all mankind" that he assails his friend, Senator Penrose, for doing that which had been done by the late Senator Quay, with which he won a great political battle. There has gone Colonel Roosevelt's boasted "square deal for all mankind" that he assails his friend, Senator Penrose, for doing that which had been done by the late Senator Quay, with which he won a great political battle.

Corrects Constipation Relieves in Two Minutes TRY THE NEW WAY

CONSTIPATION--The National Ailment

Physicians and nurses will at once concede that constipation is the parent of most ailments.

One of the first questions a physician asks his patients is, "How are your bowels?"

One of the first remedies he prescribes in 90 per cent. of all ailments is a cathartic of some sort.

Heretofore physicians have largely depended upon purgatives, suppositories or injections.

TU-BO-LAX comes as a helping friend to physicians, and a BLESSING to humanity. It is quite as important as the discovery of anaesthesia. It is immediate in its action and beneficial in its effect. It may be administered to an infant, an invalid or strong person without the slightest inconvenience or debilitating effect.

TU-BO-LAX is, in fact, a school teacher to the bowels. It teaches them to act regularly.

The merits of TU-BO-LAX at once appeal to the physician, and it is destined to soon find its way into all hospitals and sick rooms.

No traveler should start on a journey without a tube of TU-BO-LAX.

Every mother should have TU-BO-LAX in the house, ready for an emergency. We shall be surprised if TU-BO-LAX does not become a standard remedy in the army and navy. Doctors who have tested TU-BO-LAX are loud in its praise, and are giving it their heartiest support. TU-BO-LAX empties the lower bowel without disturbing the function of any organ.

Castor oil, salts, purgative waters and drastic cathartics must soon give place to this remedial agent. It is clean, convenient and harmless.

2500 Invited to Big Gatherings of Soldiers' Orphans Aug. 26 to 28

More than 2,500 invitations will be issued to graduates of the Soldiers' Orphan Schools of Pennsylvania to attend the reunion of "Sixteeners" here August 26, 27 and 28. Preliminary plans were discussed at a meeting of the committee on arrangements last night in the office of D. W. Cotter, Patriot Building. Thirty-five were present. C. Day Rudy presided. Efforts will be made to use the hall of the House of Representatives in the Capitol for the business meetings of the reunion, which will take place the second day, and conclude with a banquet. On the following day the "Sixteeners" will visit Gettysburg battlefield. It is said that there are at least 15,000 graduates scattered all over the world who attended the schools as the orphans of soldiers. Many of them have become prominent in various lines of endeavor. The committees will meet every Tuesday evening.

To be stopped by a gang of wild West bandits high up in the mountains near Colorado Springs, was the back-chilling experience of Charles T. Jones, a Harrisburg actor. Mr. Jones and his party visited the Garden of the Gods. Mr. Jones was the last Harrisburg Elk to get home. He told his story at the Elk's Home last night. All he lost by the adventure, Mr. Jones said, was his nerve.

Before the shooting ceased a stage-coach, drawn by eight horses, and carrying a dozen passengers, appeared. Then came the rescuers, a gang of cowboys, and everything was explained. A moving picture company was on the job. While the stage-coach was burned and the bandits were being tied up with ropes the excited Elks watched.

CORPORATIONS ARE PASSING OUT

About 3,000 Will Be Wiped Off the State Books During the Present Year

Statistics compiled at the Auditor General's Department show that close to 2,000 corporations go out of business in Pennsylvania every year and that twice that many are created by charter approvals. The corporations that go out of business are mainly made up of those which simply quit business and file an affidavit to that effect. A number are now saving future trouble by obtaining decrees of dissolution and some have charters taken away. Quite a number disappear through mergers. Steps are now being taken by the department to trace some of the inactive companies and it is believed that because of the pressure that close to 3,000, some of which were never more than "paper" companies and others which were assessed at a nominal value of \$1,000, will disappear from official records. In recent months a number of trust companies have been taking advantage of the act of 1911, permitting the fiscal department to issue a certificate showing what State taxes are unpaid by a corporation. State tax claims are first liens. The certificate is furnished for a quarter.

BIG CONTRACTS IN ROAD WORK ARE LET

Commissioner Bigelow Directs That Work Be Started Promptly in All Operations

The award of the contracts for State highways announced last yesterday by Highway Commissioner Bigelow is one of the largest to be given in some time, and it is the idea to have work started very promptly on the operations. The aggregate of the contracts was about thirteen miles and the price \$225,000. The roads will connect with improved roads in almost every instance. Bucks county, Bristol township, to the J. F. Shanley Company, of Philadelphia, at their bid price \$16,525.87 on Amiesite. In Bucks county, West Rockhill township and Telford borough, to Frank McInerney of Easton (correct), at his bid of \$34,808.95. In Chester county, Blossburg borough, to the Empire Contractors Material and Equipment Company, of Newark, N. J., at \$60,314.90, subject to their ability to prove to the satisfaction of the State Highway Commissioner that they are able to do the work and that they have the necessary capital back of them. In Greene county, Franklin township, the award was held over until the low bidder, John Dandrea and Company, of Patton, can show to the satisfaction of the commissioner that he is able to take the work. Commissioner Bigelow stating that he understood that this man had no equipment and that probably it would cost the department more for inspection than might otherwise be the case. In Venango county, Jackson township, the Northwestern Construction Company, of Franklin, was awarded the contract at their price of \$12,991.70. The commissioner said that as only \$300 separated this bid from that of the low bidder, he would give it to the Northwestern Construction Company because they had done the work on the highway of which this is an extension and their work had proven satisfactory. In Elk county, Ridgway borough, the award was made to B. H. Coryell of Williamsport at his bid of \$27,821.25. In Westmoreland county, Allegheny township, the Bell Beckell Co., Inc., of Altoona, received the award as low bidder at their price of \$62,544.45. In Somerset county, Summit township, W. C. Evans, of Ambler received the award at his bid of \$19,507.14. In Somerset county, Milford township, Commissioner Bigelow announced that the award would be held over until the State Highway Department held further communication with the county commissioners.
