A MISTAKE OF JUDGMENT
NOW that it has been determined by the City Council, against the protest of the Department of Parks and City Property, to install a large water main in the River Front park from North street to Paxton street, the only thing left for the people is the hope that the work will be done with great care in order that as little damage to the park and trees may be entailed as possible under the circumstances.

VALLEY RAILWAYS TERMINAL
WITH regard to the Valley Railways Company, this community says "Welcome to our city," but our friends on the other side of the river ought not to be unreasonable in their requests for occupancy of our streets.

THAT ARDENT REFORMER
THAT ardent reformer, President Wilson, is dodging again. Just as he hedged on equal suffrage until driven into a corner from which there was no escape, he is now trying to conceal his views on the temperance question.

CHRISTIAN CHINA
CURRENT events indicate that it is not over-zeal that prompts the missionary heads of the various church denominations in the United States to unite in holding that China is ripe for evangelization.

NO FUSION FOR LEWIS
THE activity of Dean Lewis, Washington party candidate for governor, indicates that he meant just what he said last week when he put his veto on the fusion proposal.

America was dreamed of in Europe. No matter how humble the craft, every workman has his guild to protect him. It is not, therefore, in organized trade unions that China sees a menace to the peace and prosperity of the nation.

SPANISH IN THE SCHOOLS
N recommending the study of Spanish in the public schools of Harrisburg, the Telegraph unwittingly endorsed a suggestion along that line made by Henry C. Orth on May 29, 1903.

William Jennings Bryan, Secretary of State, left affairs at Washington yesterday afternoon and spent six hours in Harrisburg.

Right on the heels of the visit of William Jennings Bryan to our pitting midst, President-Chairman Howard W. Jones has summoned the Democratic city committee to meet to talk things over.

Democratic leaders in Huntingdon county are to be told where to get off in the fight they have kicked up over the mastery of the machine and plain intimation is to be given by the State bosses that they need expert not a striding times.

The interesting article in the Standard last night about "The riots of seventy-seven," whose anniversaries occur this week, attracted much attention among some of the older citizens and there were many anecdotes related about the stirring times.

Under Her Feet
A carpet knight was he. Before he wed— He is a door mat now.

Perfume
Motorcyclists all remind us. We can ride over hills and dells. And as they depart, they leave behind us a trail of perfume.

When the Folks Come Back
By Wing Ding
Gee, whiz, but I've been busy. At home, these past few nights. In weeding lawn and garden. And setting things to rights. I've mowed the front and back lawns. And then on hands and knees I've trimmed the edges neatly. And fixed things up to please.
