## INVENTORY TIME HERE, CLERKS VERY BUSY

### Annual Stock Taking on the Pennsylvania Railroad Starts Saturday August 1

With the arrival of large blank sheets, numerous book and blank, clerks employed by the Pennsylvania Railroad Company realize that a busy season is near. The annual inventory will be taken during August, the work to begin immediately after the mid-night hour on the night of July 31.

In taking stock every clerk, employe and boss is a factor. Each clerk will not only have to fill out large sheets containing from 50 to 500 items, but must account for stationery, books, pencils, rubbers, etc., in his possession. In the shops the men make up the lists of the tools they are using, engines idle and awaiting repairs are also listed, so it is the junk on the scrap heap. Idle equipment is also to be looked over.

In the stockrooms the hardest work will be necessary. The clerks will work day and night in order to complete the inventory of the numerous supplies on hand. In many cases materials will have to be weighed. This requires labor and time. In addition to taking account of stock while this inventory work is in progress daily slips must be made out and attached to the inventory lists. This will enable the clerks in the general offices to compute more closely the amount of stock and value up to September 1 or later date if the inventory is not completed by that time.

### Standing of the Crews

**HARRISBURG SIDE**  
**Philadelphia Division**—19 crew first to go after 4 p. m.: 111, 102, 108, 105, 124, 104, 120, 109, 110.  
Engineer for 109.  
Firemen for 119.  
Conductors for 102, 108.  
Flagman for 124.  
Brakemen for 111, 105, 108, 109, 110, 120, 124.  
Firemen up: First, Supplee, Brubaker, Geesey, Strepper, Madenford, Hubler, Davis, Dennison, Bissinger, Sautter.  
Fireman up: Bohman, Winters.

**Middle Division**—104 crew first to go

## HUNTERS' LICENSE COMMISSIONER GETS IS NOT AFFECTED FAMOUS WAR SADDLE

Entirely a Separate Proposition From the Automobile License Case Principle Col. Ott Presents President Hoffman With Spanish-American Fighting Equipment

State Highway Department for road improvements pending decision in the Supreme Court on their appeal, does not affect the \$300,000 or so paid into the State Treasury as hunters' licenses. The hunters' license act, under which about 210,000 licenses are believed to have been issued, provided that the income should be divided between the State Game Commission for propagation and establishment of game preserves and the various counties in reimbursement for bounties paid for scalps of noxious animals and the maintenance of the game laws. The fiscal officials say that the intent of the legislature is clear enough, but that the lawnmower failed to pass sufficient legislation to provide for distribution of the money.

There are hopes expressed at the Capitol that the Supreme Court will be able to act upon the constitutionality of the anthracite coal tax act this Fall, as it contains a provision sending half of the income back to counties where anthracite is mined, thereby raising a specific appropriation question.

**Million Needed.**—It would take a million dollars to provide armory accommodations for the organizations of the National Guard which should be provided with up-to-date homes, in the opinion of officials here. In the last legislative session a bill taking care of the organizations was presented, but failed to get very far. Since that time new organizations have come in and there is a pronounced demand for some of the older ones to be taken care of soon. Over a score of infantry companies are said to be in positive need of adequate quarters.

**New Charters.**—State charters have been issued as follows: Producers Fuel Company, Pittsburgh, capital \$10,000; Russellton Amusement Company, Pittsburgh, capital \$5,000; Terminal Stores Company, Lancaster, capital \$24,000; Selborne Farms, Inc., Philadelphia, capital \$10,000.

**Coal Appeals.**—Seven coal companies have appealed to the Dauphin county court from bills sent to them by the Auditor General's Department for the anthracite coal tax on their output for 1913. It is probable that dozens more will be filed shortly. The constitutionality of the act was attacked some time ago in suits filed in the Dauphin county court and as soon as a decision is given it is certain to be appealed to the Supreme Court. The appeals filed are entirely independent of the test suit and were entered by the coal companies to protect themselves against the tax. The bills are sent out the taxes become due and can be entered as liens. The appeals were for good sized amounts of tax as follows: Alden Coal Co., \$7,792.82; Buck Run, \$9,940.22; Darr, \$2,815.12; Upper Lehigh, \$3,118.14; J. S. Wentz & Co., \$5,002.06; Midvalley, \$9,061.11; Maryland, \$7,795.95. All are operators engaged in active mining.

**Smoked Out.**—The expense account of the Palmer-McCormick League of Mercer county strayed into the State Capitol to-day and showed that watchmen were paid \$5 in two cases and \$10 in another, all of the rest of the \$94 contributed being used up for automobile hire. The account was made by L. D. Rowley, treasurer. The difference in the amounts paid watchers attracted much attention and the \$10 man. The time for filing such accounts expired some time ago and it is suspected that Rowley was smoked out as a result of "Farmer's" Winfield's outburst last Friday.

**Candidate of No Party.**—Winfield Heisey, of Rheems, Lancaster county, filed a nomination paper to run for the House in the 8th Lancaster district as candidate of "no party." His first paper was rejected, but to-day he got in all right, having complied with the law.

**Big Increase.**—The Northwestern Business Men's Association, of Philadelphia, to-day filed notice of increase of its stock from \$1,000,000 to \$3,000,000.

**Acted on Contracts.**—The Public Service Commission yesterday approved contracts for lighting of Lancaster, Wernersville and Sinking Spring. The charter for the New Holland Electric Company was granted. **School Payments.**—The Middle town township, Cumberland county, to-day received \$3,464.50 as its school appropriation and McConnellburg got \$873.40.

**Wisconsin Men Here.**—The State Forestry officials went to Potter county to-day to meet the Wisconsin legislative commission.

**ROOSEVELT VS. WHITE HOUSE**  
By Associated Press  
Washington, D. C., July 23.—Senator Johnson and other Democratic leaders from Maine called at the White House to-day to arrange for national party leaders to take part in the State campaign, which opens early next month. They said that as Theodore Roosevelt had promised to tour the State for the Progressives, it would be necessary to get Vice-President Marshall, Secretary Brydun and other Administration officials to speak.

During a lull in business to-day Isaac Hoffman, president of the Board of County Commissioners, was presented with a historic saddle and equipment by Lieutenant Colonel Fred N. Ott, County Solicitor. The presentation was a big surprise and was made in the presence of a large number of county officials and Courthouse attaches. The saddle and equipment were used by Colonel Ott during service at Porto Rico in the Spanish-American War and are highly prized by Commissioner Hoffman.

This saddle and equipment will be used on the famous horse owned by former Congressman Marlin E. Olmsted, which was presented to Commissioner Hoffman several years ago. The horse was a favorite with the late Congressman and was used by him exclusively prior to the horse becoming the property of the County Commissioner.

**Kesher Israel Case in Court.**—Witnesses were heard in court to-day in the injunction proceedings to prevent certain persons from exercising the rights as members of the Kesher Israel congregation. Attorneys for the plaintiffs, John W. Henry and Frank S. Ziegler, offered testimony proving the charter of the Kesher Israel body and the minutes to show what happened when the members, whose rights were questioned, were declared elected. Judge C. V. Henry, of Lebanon, presided over court.

**Divorce Decrees Handed Down.**—Decrees in divorce were granted to-day in court, on application of Robert E. Stucker, to Anna M. Allen from a nuptial agreement, on application of Walter Allen; to Eva Kahler from John Kahler, and Sarah E. Trutt from Elmer Trutt.

## Baseball Squads Practice Under Guard of Police For Inglenook Game

On fields closely guarded by deputy sheriffs and special officers two baseball squads will practice this evening between the hours of 6.30 and darkness. The one team will be in charge of Joseph S. Klinedinst. The other will be led by D. L. M. Raker, superintendent of the Harrisburg School of Commerce.

These teams will play a game at Inglenook to-morrow afternoon as part of the program of the annual output of the Harrisburg Chamber of Commerce. Each captain is betting \$100 on the game. The other bets range from a free scholarship in various business branches to special rates, etc., on the Philadelphia and Reading railway system.

There will be other doings at Inglenook, including big eats. The crowd will leave via the Northern Central railway line at 3.30. Fun will start as soon as the gates are opened and time is called. Returning the party will leave Inglenook at 10.16 p. m. Many are going by auto.

## "Dope" Fiends, Driven Desperate, Asks Police to Place Them in Jail

By Associated Press  
Rochester, N. Y., July 23.—Driven desperate by their inability to purchase heroin, cocaine, morphine and other habit-forming drugs since July 1, when the new State law prohibiting the sale of those drugs became effective, eight victims of drugs, all young men, explained to the police yesterday and to-day and asked to be locked up. Several of the victims said they declared that if they were not released in confinement they feared they would either commit murder or self-destruction.

Either give us the drug or lock us up until we are cured," summed up their appeal for a hearing.

To meet the situation steps have been taken to open a hospital and detention for treatment of victims and others who may apply.

## Mrs. Sarah E. Goetz Is Dead at Daughter's Home

Mrs. Sarah Elizabeth Goetz, widow of John Goetz, died last night, at 11 o'clock, at the home of her daughter, Mrs. C. W. Gaff, 908 North Eighteenth street. She is survived by five children: J. William Goetz and A. Raymond Gaff, William B. Goetz, Mrs. C. W. Gaff, Viola Goetz and Professor G. Henry Goetz of this city, and by a nephew, William B. Goetz, this city. The funeral will be held at 10 o'clock, this morning, at the home, 908 North Eighteenth street, and the body will be taken to Greencastle, where burial in the Greencastle Cemetery will follow. Services will be held in the Lutheran Church.

## STEELTON MIDDLETOWN & CHESPIRE ROYALTON & OBERLIN ENNAUT

## LITTLE DIFFERENCE IN STEEL BUSINESS

July Output Slightly Better Than June in Finished Steel; Other Trades Slump

While admitting that business in finished steel products is somewhat better during July than in June, the Iron Age, in its current weekly summary points out that conditions throughout the steel trade is still away below normal. Too much stress, it says, has been laid in news dispatches on reported big orders pending in locomotive and car business.

"Business in finished steel in July has been somewhat larger, the Steel Corporation reports, than in June. Of independent producers some have done slightly better; others have found little difference on the whole. The Steel Corporation is now up to 70 per cent in input production. An additional Carrie furnace and one at Duquesne have been blown in, and at Youngstown one more Ohio furnace is to go in this week.

Practically nothing has been mentioned in news dispatches that has not been before the trade for some time. The Canadian rail mill at Sault Ste Marie underdred American mills with 3,000 tons of rail for the Toledo, St. Louis and Western, as recently reported, but only 1,000 tons will be bought now and they will probably go to a Pittsburgh mill.

Foreign mills which set out to get cotton tie business by promising to go under this year's price of domestic mills whatever it might be, have cut a small figure in the trade. As has been seen in the past, foreign users preferred to buy at home and the foreign quotations did not cut deep enough to draw the business away.

The market for semifinished steel continues to be active. A selling scale contract for 18,000 tons of sheet bars, 1,500 tons a month, has been closed. Some business has been done at \$19.50, maker's mill.

Figures on steel mill in India, that is seeking to place an estimated surplus of 20,000 tons of rails in this country, has received a contract for 19,000 tons from the India State Railway.

The market for iron is more discouraging as prices than in volume. An Indiana purchase of 18,000 tons of basic brought close competition from Toledo, Detroit, Columbus and Chicago. A selling scale contract for 18,000 tons of sheet bars, 1,500 tons a month, has been closed. Some business has been done at \$19.50, maker's mill.

## Steelton Snapshots

**Incurables vs. Baldwin.**—The Invincibles, the baseball team that has not lost a game this season, will cross bats with the Baldwin Hows Company nine on Cottage Hill to-morrow evening. Taylor and Reagan will be the batters for the Invincibles; Shapp and Saul for the Baldwin aggregation.

**Charges Assault.**—Luka Marie was arrested by Constable Gibb yesterday charged with assaulting Peter Atic. His commitment for a hearing.

**Meet at Reservoir.**—The Missionary Society of St. John's Lutheran Church will hold its monthly meeting at Reservoir Park, next Tuesday afternoon, at 3 o'clock. The meeting will be held on the veranda of the residence in the park and refreshments will be served.

**Lift Quarantine.**—Nine Macedonians and a Hungarian were released from quarantine at 423 Myers street this morning following the recovery recently of one of their number from smallpox. The borough is now free from contagious diseases.

**Squire Lancaster.**—Squire Gardner accompanied the Elks baseball team to Mount Holly to-day and his office was closed.

**POWDEN—STEYER**  
Miss Sadie Steyer, formerly of Ephrata, and Charles E. Powden were married in the parsonage of St. John's Lutheran Church last evening, by the Rev. Dr. M. P. Hecker, the pastor. There were no attendants. Mr. and Mrs. Powden will live at 414 North Harrisburg street.

## Police Continue Hunt For Owner of Bloody Vest in Island Park

Search was continued to-day by the police department for the owner of the bloody vest found on the Market street bridge last night about 9.30 o'clock. Want to know where reports that a man had been murdered and his body thrown into the river, evidence in the hands of the police indicate only a bloody battle.

During this search, one man was badly beaten up, apparently. Three shots were fired from a revolver and three men seen running up the island toward the Market street bridge.

A note in one of the pockets, dated Marysville, July 23, threatens the owner with dire vengeance unless he marries a young girl in Marysville and "rights a wrong."

John T. Bretz, 522 Race street, saw the fire flash when the first shot was fired. Three men, one carrying a bag, ran up the island toward Walnut street a little later. Blood was spattered all over the bridge railing. Colonel Hutchison with Detectives Bach and Murman went over the ground described by Bretz and which had also been covered last night by Lieutenant Warden and a squad of patrolmen.

## "Where Are We at?" Ask N. Y. Democrats of President Wilson

By Associated Press  
New York, July 23.—Democratic members of Congress from New York city are going to tell President Wilson that they want to know where they stand with the Administration.

They object to being called buccaneers and crooks by Dudley Field Malone and others who are recognized as the President's friends.

The President will be told that unless he changes his tactics eighteen or nineteen Democratic Congressmen may be defeated in the Fall.

Here at home Colonel Roosevelt came out unequivocally for Harvey D. Hinman and against other Progressive leaders echoed his sentiments.

Ex-Governor Odell's Newburgh paper endorsed Hinman, while Barnes' Albany paper's comment was "No deals; no dickers."

John A. Hennessy's up-State trip was reported to be a hunt for suitable Wilson appointees.

Malone, Mitchell and Polk were silent about White House conferences. Federal plums are to be given in this State soon.

## NEW RATES SUSPENDED

By Associated Press  
Washington, D. C., July 23.—Proposed increase in rail and water freight rates on boots and shoes from Boston and other northeastern ports to Atlanta, Ga., were permanently suspended to-day by the Interstate Commerce Commission. The new tariffs will impose a rate of \$1.05 per 100 pounds. The present rate of 95 cents was described by the commission in "the Boston shoe case," decided November 27, 1909.

## CORONER BEGINS INVESTIGATION INTO LYKENS VALLEY TRAGEDY

An investigation was begun to-day by Coroner Jacob Eckinger into the cause of the accident at the Lykens Valley Coal Company yesterday when a mass of rock fell into Short Mountain slope of No. 1 shaft at Lykens and killed two miners and seriously wounded two others.

# No More Dirty Work

No more fussing around making dirty mixtures, getting yourself and everything you touch all soiled. Veta solves the polishing problems. The Veta way is the most convenient, cleanest and most satisfactory way of polishing you have ever tried.

## Veta Stove Polish

is a revelation to the tired housewife. No mixing, no preparation, always ready for instant use, applied direct from a tube which fits snugly in the handle of the brush.

Veta keeps your stoves looking new, it is fireproof and lasts longer than any other.

Brush, dauber and tube of polish are combined in one. It's always ready. Single tubes, 10c. Brush and dauber, 40c.

## Veta Shoe Polish

does away with the dirt and all the little annoyances that make polishing your own shoes the last thing you care to do. With a Veta outfit it's easy as a trick, no sticky covers to knock off, a simple pressure on a tube, that's all. You can't possibly get your hands or clothes soiled; in addition Veta gives you a rain-proof, lasting, brilliant shine.

Veta Outfit, consisting of a tube, mit or dauber and polishing cloth, 25c, in black or tan. All dealers.

### The Veta Manufacturing Co. Allentown, Pa., U. S. A.
