

AUSTRIAN RESERVISTS HELD IN READINESS TO RETURN TO REGIMENTS

Servia Must Comply With Demands Made by Austrian Government

Germany Approves Step Today? Well Look at Him!

Stock Market Breaks Badly Under Fear of European Complication

By Associated Press Berlin, July 24.—Austrian reservists here were instructed to-day to hold themselves in readiness to return to Austria and join their regiments at the shortest notice.

The grave possibilities connected with the strong Austrian note to Servia, which virtually took the form of an ultimatum demanding the suppression of the Pan-Serbian movement and the punishment of those concerned in the assassination of late Archduke Francis Ferdinand, are recognized in official circles here.

It is believed in authoritative quarters that the Servians will yield unless assured of support from outside, and for this reason official eyes here to-day are turned less toward Belgrade than to St. Petersburg, where the council of ministers is expected to settle the question of peace or war.

Germany Not Consulted It was stated to-day that Germany had not been consulted regarding the Austrian note to Servia before its delivery, but that she thoroughly approved the step taken and was prepared for all the consequences that might ensue from it.

It was pointed out that should Russia take part against Austria, Germany was fully prepared to draw the sword on behalf of her ally in accordance with the terms of the triple alliance between Germany, Austria and Italy.

Comment in the German press to-day strongly supports Austria. Radical organs, such as the Tageblatt and the Frankfurt Gazette, which are in close touch with the financial world and are usually strongly pacific, find the terms of the Austrian note amply justified. Newspapers such as the Zeitung Am Mittag and the Vossische Zeitung, which are quickly responsive to the popular sentiment, also are pro-Austrian and evidently still feel the influence of the assassination of the Archduke.

Market Breaks Badly The stock market broke badly under the fear of general European complications. Solid bank stocks like those of the Deutsche Bank broke over 2 points and other leading stocks from 3 to 5 points, until the banks intervened to check further demoralization of the market.

Securities in large amounts, however, had been unloaded at the decline and the breaks in Austrian and Russian specialties assumed a panic form. The Orient, Railway and Turkish Tobacco Regie stocks fell 10 points, Russian Petroleum 16 points, and Russian Banks from 7 to 11 points. The weakness in Russian and Austrian securities generally also indicated the seriousness of the situation.

PUBLIC WORKS TO BE HANDLED BY A NEW STATE BOARD

Recommendation Likely to Be Made by the Economy Commission During Autumn

Statements made to-day by members of the State Economy and Efficiency Commission, which has been investigating the methods of the Commonwealth in handling business matters indicate that there is a strong possibility that the commission may recommend the creation of a state department of public works to handle the construction projects delegated to commissions for many years.

Harry S. McDevitt, chairman of the commission, said to-day that the commission was not yet ready to make public its recommendations, but that the report on the construction propositions would be comprehensive and backed up by figures.

From the line of examination followed it is believed that the members will shortly formulate a report on the future of some positions and divisions of departments that will embody considerable changes. Next week examinations will be made of the Public Service Commission, Adjutant General's, Forestry, Attorney General's and Legislative Reference departments and the Water Supply Commission. Plans are being formulated whereby Commissioner Soffel will devote part of next month to state institutions near Pittsburgh, Commissioner Fisher to Central Pennsylvania and Commissioner McDevitt to Eastern Pennsylvania institutions.

PRESIDENT SORE OVER FIRST DEFEAT AT SENATE'S HANDS

Harvester Trust Appointee Withdraws; Wilson Calls Treatment Unjust

OTHER NAMES SUGGESTED Assurances Given That President Will Insist on Warburg's Confirmation

Washington, D. C., July 24.—With the bitter fight in the Senate over the confirmation of Thomas D. Jones, of Chicago, President Wilson's nominee for the Federal Reserve Board, ended, senators were to-day breathing a sigh of relief that the prolonged contest was over and were preparing to settle down to practically uninterrupted consideration of the administration's anti-trust program.

Belief on the part of President Wilson that the program might be endangered if the fight continued was responsible for the withdrawal of the nomination. The contest had delayed consideration of anti-trust legislation.

With the Jones case out of the way Democratic leaders in the Senate to-day were determined to press to a conclusion the anti-trust program and bring Congress to adjournment at the earliest possible moment.

The names of Omar F. Hershey, of Baltimore, and I. M. Fenton, the choice of Senator Lewis, of Illinois, were understood to be under consideration to succeed Mr. Jones. Belief prevailed to-day that Assistant Secretary Hamlin, of the Treasury Department, would now be made governor of the Federal Reserve Board.

President Wilson's action in withdrawing the nomination of Mr. Jones, it was stated at the White House to-day, was not an indication that there had been any change in his determination to insist upon the confirmation

Summer Advertising Sales naturally go down in summer time because cheaper things are used and there are fewer wants to be satisfied. But wise storekeepers realize they can utilize the warm weather to build business.

A customer who has a small summer need will satisfied is apt to remember it and return later when desires are more important. Up-to-date merchants go after business in a definite, aggressive way in the "hot months."

Evidence of this progressive spirit will be found in the advertising in to-day's Telegraph. The men whose names are printed there want business and they intend to make their advertising pay by supplementing it with good service.

Going on a Vacation? Don't forget to have the Telegraph sent you while you are away. You will have plenty of time to digest its happenings. The cost is just the same as when you are home. Six cents a week. A postal addressed to the Circulation Department will bring you the next issue.
