CONSTIPATION, not dyspepsia, is the curse of the American people. Constipation is merely the clogging up of the lower bowel. This stoppage gives rise to dangerous disorders of all kinds, largely through the poisonous gases that back up into the stomach. These gases cause indigestion and biliousness, and lead to nervousness and debility. Thus constipation produces bad blood and ruins the complexion by causing ulcers, sores, eczema and other reading the inscriptions, which included the following: "Nix-on the reading the inscriptions, which included the following: "Nix-on the Hook": "Dowdell—The Adder": "To See Yourself — See-k Kellberg": "Moorehead—More Sox": "Yours For Bankruptey—John Olmsted."

How foolish-and harmful! The trouble is but 3 inches from the end of the bowel. Why then send powerful drug through the stomach and 30 feet of bowel? These laxatives have no curative properties—they simply melt the stiff mass of refuse that clogs the narrow neck of a narrow tube. Tu-Bo-Lax does that. Insert the with roasting ears on the side and watermelon and ice cream as chasers.

marrow neck of a narrow tube. Tu-Bo-Lax does that. Insert the tube in rectum and give it three or four gentle pressures. In 2 minutes a natural movement follows—no waits, no griping and no injury to the stomach. Tu-Bo-Lax is the safe, sensible way.

How ridiculous it is when you reason it all out—to take a laxative by way of the mouth ,and wait all night, and maybe all morning, for it to act! And often it doesn't act. Then headache and nausea. Give Tu-Bo-Lax a chance. It is so simple, you will wonder why you ever thought of taking inwardly any form of laxative. Tu-Bo-Lax accomplishes with a minimum of inconvenience and without the slightest irritation or discomfort.

Tu-Bo-Lax has the approval of your physician because of its simplicity. It is clean ,convenient and harmless. It acts quickly and saves the annoyyance of waiting. Moreover it may be used in cases where all other forms of relief are dangerous. Just the thing for babies and invalids. Every tourist and traveling salesman should put a few tubes in the suitcase. Remember, Tu-Bo-Lax corrects constipation in 2 minutes.

President Beaten

While the President and Mr. Jones

While the President and Mr. Jones both assume in the correspondence which was made public that there was still a likelihood of victory for the administration, it was apparent that President Wilson was beaten on this issue.

The President through this development has in fact suffered his first serious rebuff at the hands of the Senate. The defeat is all the more marked because of the President's appeal for the confirmation of Mr. Jones on personal grounds—as his warm friend.

Calls Treatment Unjust
The President in his letter accepting Mr. Jones' withdrawal comes to the defense of the Harvester company director in the strongest possible way. He characterizes the treatment accorded him by certain members of the Senate as "gross and manifest injustice" and attributes the attack upon Mr. Jones to partisan alignment and action.

President Wilson refuses to concede

President Wilson refuses to concede

President Wilson refuses to concede that the report of the Senate committee on banking and currency against Mr. Jones represented the views of a majority of the Senate.

The President goes out of his way to refer bitterly to Senators Hitchcock and Reed, the two Democrats who have led the fight against Mr. Jones. He describes them as two senators who have "usually acted" with the Republicans. He predicts that the country will redress the injustice done to Mr. Jones, thereby meaning, apparently, that Senators Reed and Hitchcock will be marked for political slaughter.

Slaughter.

Democrats in the Senate were inclined at first to rejoice over the withdrawal of Mr. Jones, because they believed it cleared away an embarrassing situation. Later, however, when they heard of the bitterness of the President's letter and the thrusts at Senator in the street of the president's letter and the thrusts at Senator in we requires two.

their heads sadly.

They had hoped that the withdrawal of the Chicagoan would open the way for the confirmation of Paul M. Warburg, but they express the fear now that the President's course may still further complicate matters and result in intensifying the fight against the New York banker.

In his letter to Mr. Jones the President says:

"I believe that the judgment and desire of the whole country cry out for a new temper in affairs. The time has come when discrimination against particular classes of men should be absolutely laid aside and discarded as unworthy of the counsels of a great people. The effort for genuine social justice, for peace which is founded in common understandings and for prosperity, the prosperity of co-operation and mutual trust and confidence, should be a united effort without partisan prejudice or class antagonism. It is only of such just and noble elements that the welfare of a great country can be compounded. We have breathed already too long the air of suspicion and distrust. The progress of reform is not retarded by generosity and fairness."

Wilson to Make Another Effort to Save Warburg

Washington, D. C., July 24.—President Wilson has decided to make one more effort to smooth out the differences between the Senate and Paul M. Warburg, his nominee for the Federal Reserve Board, and if he finds that impossible he will withdraw his nomination. He has been informed by Senate leaders that Mr. Warburg's nomination can be confirmed if he will appear before the banking committee. The President, it became known today, will wait until he finds what Mr. Warburg will do before choosing a successor to Mr. Jones. He is concerned about Mr. Warburg because if his name is withdrawn only one banker will remain on the board, while the law requires two.

Here is the prayer:

the Boston Milk and Hygiene Society in baby's behalf. Here is the prayer:

God, since Thou hast laid the little children into our arms in utter helplessness, with no protection save our love, we pray that the sweet appeal of their bay hands may not be in vain. Let no innocent life in our city be quenched again in useless pain through our ignorance and sin. May we who are mothers or fathers seek eagerly to join wisdom to our love, lest love itself be deadly when unguided by knowledge. Bless the doctors and nurses, and all the friends of men, who are giving of their skill and devotion to the care of our children. If there are any who were kissed by love in their own infancy, but who have no child to whom they may give as they have received, grant them such largeness of sympathy that they may rejoice to pay their debt in full to all children who have need of them.

BOROUGH'S GARBAGE

Steelton's Unique Garbage Dis- Lines Drawn For Bitter Fight; posal Method to Be **Improved**

Under the direction of the borough highway department, work will be started within a week or so on a new garbage dumping wharf. The new wharf will be erected near the old wharf along the tracks of the Pennsylvania Steel Company's Railroad yards and will take the place of the wharf abandoned to make room for extensions to the steel plant in the West Side.

When this wharf is completed the garbage from the borough will be hauled aboard cars and taken to the cinder dump of the Pennsylvania Steel Company in t.º East End where it will be incinerated.

Another School Planned Near Jednota Orphanage

Plans for the erection of a new school at Jednota, near Middletown, are being considered by the heads of the Slavok Union, which owns several hundred acres of land near here. The new building is not a certainty yet and no details could be given out at the Jednota Home this morning. The building, if the plans go through, however, will be built near the site of the Jednota Orphanage, which will be dedicated in the Fall.

RESCUED FROM DROWNING

Miss Cora Gingrich was rescued from drowning in the Hershey lake, yesterday afternoon, by the heroic efforts of Irwin Bowman and a woman from Hershey, who declined to give her name, Miss Gingrich fell overboard from a boat and was in the water several minutes before rescued. This was the only accident to mar the annual picnic of the Protestant churches of Middletown, held at Hershey yesterday.

SAW MAN ASLEEP; FIRE ALARM

Firemen had a run for-nothing to Front and Maclay streets last evening. A woman, whose name is unknown, found a man sleeping on the lawn at the residence of Mrs. A. G. Knisely and in attempting to call the police sent in a fire alarm. The man gave his name as William Wise and was surprised when he learned he had caused so much trouble. Wise was given the usual first offense sentence this afternoon by Mayor John K. Royal.
