The Annual August Sale of Furniture Begins Saturday Inspection Days Now

The August sale of dependable furniture ushers in a semi-annual occasion that is full of rich opportunity

for young couples just going to housekeeping; for homes that need new furniture.

Not a single item goes into this big August event that has not first passed rigid inspection; not a piece of furniture was bought because of price littleness. But, on the other hand, every transaction that was entered into in the interest of the August Sale had to be covered by our requirements concerning dependability.

Thursday and Friday will be inspection days, but no furniture will be sold until Saturday, August 1.

BRANDEGEE'S MOTION UP FOR DISCUSSION IN SENATE

Washington, D. C., July 28.—Senator Brandegee's motion to strike from the Interstate Trade Commission bill the section which would declare unfair competition unlawful and empower the proposed commission to define unfair competition and prevent corporations from using unfair methods in commerce, was up for discussion when the Senate resumed consideration to-day of the measure. A Real Flesh Builder For Thin People

A New Discovery Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your food to pay for the cost of cooking. This is true of the folks the world over. Your nutritive organs, your functions of assimilation, are ready out of gear and need reconstruction. Cut out the foolish foods and funny food diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those single Sargol tablets. In two weeks note the difference. Five to eight good solid pounds of healthy, "stay there" fat should be the result. Sargol charges your weak, stagnant blood with millions of fresh new blood corpuscles. It cleanses the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come in 40 tablets to a package, are pleasant, harmless and all other druggists in Harrisburg and vicinity sell them, subject to an absolute guarantee of weight increase or money back.—Advertisement.

Following the verdict of the coroner's jury, which gave the cause of death as accidental, the new charge was made.

The car which struck young Shavely was owned by William E. Wilson and was being driven by "Ted" Moltz. In the bill of indictment Moltz is charged with unlawful and reckless driving and Wilson with neglect in having allowed Moltz to drive the car, Moltz not having a license.

MODEL ICE CREAM PLANT OPEN FOR INSPECTION

Walker & Messinger, ice cream manufacturers, 41 North Second street, announce for to-morrow evening, from 8 o'clock to 11, the formal opening of their model ice cream manufacturing plant of which the public is invited to make an inspection. During the opening hours the plant will be in complete operation, and visitors will have an opportunity to see the thoroughly sanitary manner in which the raw products are received at the plant and converted into frozen cream.

Three floors are utilized for the plant. On the second floor a 150-gallon machine in which the cream and other ingredients, from which receptacle the mixture is carried through a German silver pipe to the freezer on the first floor. When frozen, the cream is automatically released from the freezer into storage cans, and these are placed in compartments of freezing temperature, which serve to freeze the cream to a point to make it suitable for use.

The basement is given over to machinery which supplies the motive power necessary for the operation of the plant. Every nook and corner of the new plant is constructed along thoroughly sanitary lines and conform strictly to the municipal regulations regarding such plants.

With the present equipment Walker & Messinger are in a position to turn out 600 gallons of their all cream ice cream each day. All cream received from the plant first passes through being used, and during seasons only fresh fruit is used in flavoring.

During the opening hours to-morrow evening the ice cream parlors and saloons will be decorated with potted plants, and music will also be a feature of the occasion. Visitors will be presented with an ice cream cone filled with cream ice cream made in the new plant.

In order to avoid confusion, children will not be admitted during the opening hours unless accompanied by an adult.—Advertisement.

PAINS AROUND THE HEART

When the action of the stomach is weakened by debility or defective nerve force the food is retained until it ferments. Gas forms and presses on the other organs, particularly the heart, the pains in that region often causing a fear of heart trouble. Organic heart disease rarely causes pain around the heart and when this symptom is noted you should try toning up your digestion before giving way to needless alarm.

Dr. Williams' Pink Pills are a tonic that directly affects the organs of digestion. They supply to the stomach the rich, red blood without which normal digestion is impossible. They awaken into activity the gastric glands and strengthen the muscles of the stomach and give the nerve force necessary to proper digestion and assimilation. With thin blood and weak nerves it is impossible to avoid stomach trouble. Build up the blood and strengthen the nerves and note the increased appetite, the comfort and feeling after eating and the improvement in health and vigor.

Two books "Building Up the Blood" and "What to Eat and How to Eat" will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. Dr. Williams' Pink Pills are for sale in every drug store.—Advertisement.
