WHAT WILL HAPPEN

WHAT will happen along the River Park following the laying of the proposed water main is well illustrated by the results of the storm of last Saturday on a number of more recently paved streets of the city.

For instance, in Rely street near Front one of the large, handsome trees that adorn that thoroughfare and make it one of the most pleasant residential sections of the West End was blown out by the roots and fell, badly damaging a nearby property and narrowly escaping a vehicle that was passing at the time.

Examination showed that in grading for the paving of the street or in relaying the water mains or sewers previous to the paving several of the large roots of the tree had been severed, leaving it without strength to withstand the terrific gale which buffeted it during Saturday's heavy storm.

This is exactly what will happen in River Front Park. Careful as the contractors may be, they will find it impossible to avoid cutting into the roots of the gigantic shade trees that now cover almost the whole ground space of the park.

Without Roosevelt there would have been no Washington party. Not even enthusiastic members of that party took stock in the assertion that a third party was necessary, that it had to come and kindred statements equally as ridiculous.

There is no shrewder political forecaster in the world than Colonel Roosevelt and his latest move indicates his belief in the ultimate supremacy of the Republican party the country over.

A PROPER BILL
CONGRESS will do a very proper and very popular thing if it passes the bill now before it making George W. Goethals Major General of the United States Army.

EVENING CHAT

Lev R. Palmer, who is bossing the State Department of Labor and Industry, is one of the leaders in the "safety first" movement and has been making a unique collection appropriate to his life work.

These men who declined to vote for President Wilson and many of the Democratic congressional nominees in 1912 can scarcely be expected under these circumstances to change their sentiment at this time, and the President will find a hard job ahead of him in Pennsylvania.

He has before him a harder task even than he had when he lost the State for the Presidency. His promises of low prices following the enactment of the Underwood tariff law have not been fulfilled and Pennsylvania has in no wise benefited from the Administration at Washington during the past two years.

It is difficult to understand, therefore, how President Wilson hopes to do more than hearten his followers and his candidates in Pennsylvania during the coming campaign.

It is gratifying to note a slight improvement in the business of the United States Steel Company for the second quarter of this year.

Dr. William C. Miller, former state senator from Bedford county, believes in practicing what he preaches.

REPUBLICANS the country over see in the endorsement of a Republican for Governor of New York State by Colonel Roosevelt a willingness on the part of the former President to let the Progressive party trail along as secondary to the Republican party in that State.

REPUBLICANS PLAN WORK WITH GLEE

Everyone Pleased That Wilson is Coming Into Pennsylvania to Make Explanations

CONGRESSMEN TO MEET
Report That Wilson Would Speak in Steelton Makes Local Leaders See Crimson

Republican congressmen who are running for re-election and Republican candidates for congressional seats are delighted with the announcement that President Wilson will come into Pennsylvania to tell why he wants his slated ticket elected because they realize that nothing is going to help the Republicans more.

Speaking of safety recalls the incident in the life of a Cumberland county man last fall. This man went hunting and chased a rabbit into a drain, which was composed of sewer pipe and slanted up under a lawn.

OUR DAILY LAUGH

Expensive Acquaintance
Wife—I suppose you must send Miss Splicer a wedding present.

As Usual
Now young Charley Bean was so flirty. Though he was so homey I hurt.

Hubby—I warned you not to get too intimate with that girl. I knew she was one of the kind to get married soon.

POLITICAL SIDELIGHTS
Market Square seems to be a little slow in getting next to the fact that Wilson has responded to the cry for help in Pennsylvania.

Palmer and McCormick speak at Clearfield to-night.

Bill Berry thinks Palmer and McCormick have a good chance of election. He usually is hopeful at this time of the year.

Chairman Morris continues to jest. He says Pennsylvania will increase its Democratic congressman this year. Presumably Morris and the McCormicks are for Kaufman.

IN HARRISBURG FIFTY YEARS AGO TO-DAY
From the Telegraph of July 29, 1864.
The wheat and rye crops in this vicinity have been safely housed.

Senator Penrose "let up" on Congressman Palmer yesterday at Washington and allowed the objections he had to some of Palmer's selections for post offices to go before the Senate for action.
