Carloads of new Dining Room, Bed Room, Living Room and other Furniture have come in during the past ten days for this sale--every piece having been personally selected on merit alone. The showing is representative of the best cabinet making in the country and it is the largest assemblage of worthy furniture that we have ever had on our floors during this semi-annual event.

\$17.50 Bureaus, Chiffoniers and Princess Dressers Like Pictures \$14.95

Matching Styles in Golden Oak, Mahogany, Bird's Eye Maple and Walnut

This is the best popular-priced bedroom furniture made. An examination of the pieces, inside as well as outside, will prove our assertion. They are solidly constructed with 3-ply backs on cases and mirrors and 3-ply drawer bottoms—a thickness that will not split or warp and the absence of paint stains and other unsightly marks, usually found in the interior of moderately-priced furniture, speaks eloquently of the care and thoroughness employed by the cabinet makers in this factory. The Walnut pieces are conservatively stated an \$18.50 value.

KREIDER'S PENSION BILLS ARE SIGNED

Dauphin, Lebanon and Cumberland County Veterans and Widows Are Benefited

Within the past few days, President Wilson has signed several bills introduced by Congressman A. S. Kreider granting pension or increase of pension to residents of Dauphin, Lebanon and Cumberland counties. Cyrus T. Bowman of Gratz, was granted an increase of pension to \$30 per month. Emma E. Kipple, of Harrisburg, daughter of the late Peter Kipple, a veteran of the Civil War, was granted

a pension of \$12 per month. Miss Kipple has been a cripple for sixteen years and both her parents are dead. The late Hon. M. E. Olmsted introduced a bill in her behalf, but the committee never reported on same, and it was only through persistent effort on the part of Congressman Kreider that the bill was brought to a successful issue when it received President Wilson's signature a few days ago. Mrs. J. Caroline Fitzgerald, of Jonestown, was granted a pension of \$12. Mrs. Fitzgerald is the widow of the late Captain Michael Fitzgerald, who died at Lebanon in 1907. Samuel D. Hess, of Mechanicsburg, was granted a pension at the rate of \$24. Jacob Witmer, of New Cumberland, was granted an increase of pension to \$36 per month. The health of Mr. Witmer was seriously impaired during the war and in recent years the disabilities from which he suffered steadily increased. The Bureau of Pensions refused to allow him more than \$17 per month. When this was brought to the attention of Congressman Kreider he introduced

a bill for him, and as a result of same secured the increase to \$36 for him. Sydney Kempton of Spring City, received a pension of \$12 per month. Martha R. Allwein of Lebanon, who served as a nurse in the Spanish-American War and is now totally blind, received a pension of \$24 per month. Mrs. Margaret Montgomery of Harrisburg, widow of Samuel Montgomery, also received a pension of \$12 through the assistance of Mr. Kreider. A bill was introduced by Senator Penrose for her at the last session of Congress and passed the Senate, but failed to pass the House at that time, but through the influence of Mr. Kreider the bill was adopted by the House at this session of Congress and Mrs. Montgomery has already enjoyed the benefits. In all of these cases, Mr. Kreider showed exceptionally good judgment in preparing bills for consideration by the committee and in keeping in close touch with each bill during every stage until it finally became a law, and his conscientious efforts are well appreciated by the beneficiaries and their many friends.

CRIPPLING OF MINES THREATENED BY WAR

Fear That Coal Industry Will Be Brought to Standstill if Mobilization Order Is Issued

Special to The Telegraph Wilkes-Barre, Pa., July 31. — The echo of the Austro-Serbian war is being heard in the coal fields. Already the official order for partial mobilization has been received from Washington, and 3,000 Austrians from this section will leave next week to rejoin the army corps which are moving against Serbia. The general order for a complete mobilization is daily expected by the consular representative. Should this be received the coal industry will be virtually brought to a

standstill, as between 25,000 and 30,000 men will instantly be requisitioned for service. The consular office at Wilkes-Barre was besieged yesterday by excited Austrians clamoring for news. These men, however, were of the well-to-do class. Already a movement is on foot to form a volunteer company in Luzerne county. Paradoxical as it may seem, the Austro-Hungarians, Poles and Lithuanians know less of the real situation than the English-speaking peoples. Comparatively few of these foreigners speak or read English, and since the crisis but one foreign newspaper, the Slavic Bratstvo, has made its appearance. Not until the weekly newspapers come out to-day will the thousands of miners and laborers have definite information as to the status of the war. By word of mouth alone has the information passed through the long coal valleys. War is the topic in every mine. The priests are urging the men to refrain from all acts of violence, and thus far not a single fight has been reported. At Forest City, Susquehanna county, when the largest Serbian settlement in northern Pennsylvania is located, reports have been received that several riots were threatened, but

the police have the situation well in hand. HALF-HOLIDAY DENIED Washington, D. C., July 31.—Postmaster General Burleson announced yesterday that it would be impossible to grant to the postal employees a half-holiday on Saturdays during August. He said that the regulations were such that to stop work at noon on Saturday would cause great inconvenience to business and damage to perishable goods sent by parcel post. WILSON TAKES UP STRIKE Chicago, Ill., July 31.—A committee of the dissatisfied engineers of the western railroads and the managers' committee of the roads prepared to leave here to-day for Washington, where the conferences would be held with President Wilson in a last effort to prevent a strike. The attempt to adjust the wage dispute here by federal mediation has proved a failure, it was announced last night.

Chicago Suffragists Put Their Valuables in Melting Pot "For Cause"

By Associated Press Chicago, Ill., July 31.—A big gold nugget and a larger chunk of silver repose to-day in the safe deposit vault here of the Equal Suffrage Association as a memorial of the self-sacrifice of Chicago suffragists who yesterday threw their rings, bracelets and teapots into the melting crucible for the benefit of the suffrage cause. The ceremony, heralded for several days, took place at suffrage headquarters. All day women came in bearing modern jewelry and heirlooms which they were willing to give up toward the \$50,000 United States suffragists are pledged to raise.
