Papers Urging Public to Be Self-Sacrificing

London, Aug. 4.—The London morning papers are giving plentiful counsel to the public to display a self-sacrificing spirit, to refrain from excitement and to avoid selfish actions, such as laying in large stores of provisions, which would tend to raise prices and lead to hardships for the poorer classes.

Field Marshal Lord Kitchener, who was to return to his Egyptian post, is detained in London. According to telegrams from European capitals, Great Britain's decision on this point was awaited with the deepest anxiety, especially in Paris and St. Petersburg. The Times in an editorial says: "Recent events mean that Europe is to be the scene of the most terrible war she has witnessed since the fall of the Roman empire."

The Times throws the blame upon Germany, saying: "Germany would have stayed the plague had she chosen to speak in Vienna as she speaks when she is in earnest. She preferred to make demands in St. Petersburg and Paris which no government could entertain. She has lived up to the worst principles of the Frederician tradition, which disregards all obligations of right and wrong at the bidding of immediate self-interest. She has resolved to crush France and trample upon the rights of those who stand in her way."

Prince Roland Bonaparte Is Anxious to Enlist

Paris, Aug. 4.—President Poincaré to-day received Prince Roland Bonaparte, who placed his services at the disposal of the French government, offering to join the army as a soldier and to place his residence in the hands of the authorities for hospital purposes. The president thanked the prince for his offer, but said he was confronted by the terms of the law, which did not permit a member of a former French ruling house to serve in the French army, and this could not now be changed in order to allow the prince to enlist.

English Papers Support Action of Government

London, Aug. 4.—All the morning papers, even those representing the peace party, are unanimous in support of the government's view that England is bound to fight on behalf of France and in the defense of Belgian and Dutch neutrality.

According to the Daily Mail, the German ultimatum to Belgium threatened to treat that country as an enemy and carried the implied intention of Germany to seize Belgian Congo in the event of a refusal to permit the passing of the German forces through Belgium.

Wheat Again Active in Chicago Markets

Chicago, Ill., Aug. 4.—Wheat to-day became active again and the leading option jumped 3 1/2 on the Board of Trade before there was any reaction. Every article traded in on the Board of Trade showed steadiness. This was especially true of provisions, in which there were startling declines yesterday.
