EMPEROR SAYS HE DID NOT WANT WAR

"It Was With a Heavy Heart That I Was Forced to Mobilize My Army," He Declares

Special to The Telegraph. Berlin, Aug. 5.—A bill has been introduced in the German Imperial Parliament appropriating \$1,250,000,000 to meet the expenses of the war. Emperor William opened Parliament with an important speech from the throne of which the text was partly as follows: "The world has been a witness of the indefatigable manner in which we stood in the front rank during the worries and troubles of recent years in the endeavor to spare the nations of the Europe from a war between the great powers. "The greatest perils which had arisen owing to the events in the Balkans appeared to have been overcome, but then the assassination of my friend, the Archduke Francis Ferdinand, opened up a great abyss. "My ally, the Emperor Francis Joseph, was compelled to take up arms for the protection of his empire against the dangerous agitation arising in a neighboring State. "In pursuing its interests the Russian Empire stepped in the way of Austria-Hungary. "Not only our duty as an ally called us to the side of Austria-Hungary, but the great task was cast upon us at the same time with the ancient community of culture of the two empires, to protect our own position against the attack of unfriendly forces. "It was with a heavy heart that I was compelled to mobilize my army against a neighbor with whose troops

mine had fought side by side on so many fields of battle, and with sincere regret I saw the breaking of a friendship which Germany had been so faithful. "The Imperial Russian government, giving way to an insatiable nationalism, has stepped to the side of a State which, through a criminal act, had brought about the calamity of this war. "That France also placed herself on the side of our opponent was not surprising to us. Only too often had our efforts to bring about more friendly relations with the French republic come into contact with the expression of old hopes and with long-standing malice. "The present situation arose not from temporary conflicts of interest or diplomatic combinations, but is the result of ill-will existing for years against the strength and prosperity of the German Empire. "We are now pushed on by the desire of conquest. We are moved by the unbending desire to secure for ourselves and those coming after us the place on which God has put us. "My government and, above all, my chancellor tried until the last moment to prevent the worst happening."

AT THE PHOTOPLAY—"THE FALSE SHADOW," TWO-REEL FEATURE. John Mason and his friend, Dr. Fred Sterling, are both in love with Grace Gordon, but Grace favors John and he is accepted. Grace's father, a believer in eugenics, suggests that John substitute a drop of a diseased patient's blood. John, overcome, writes to Grace's father, telling him the result. From then on he goes down until he becomes a derelict. Grace falls love-sick and Fred is called in, but finding his skill inadequate to help her, resolves to bring John back. He confesses his crime to the father, and the two go out to find John. John returns with Gordon to Grace's bedside, where he takes her in his arms. Japanese Premier Sorry U. S. Cannot Mediate in Great European Struggle

By Associated Press. Tokio, Japan, Aug. 5.—The Japanese premier, Count Okuma, in an interview to-day expressed his regret that the United States had not been able to mediate in the European conflict, which, if it continues, he said means the destruction of western civilization. Japan, he continued, would have been happy to join the United States in mediation, but her possible participation in the war as an ally of Great Britain made her an interested party. The premier said that Japan, if she were compelled reluctantly to interfere, would protect the British colonies, but under no circumstances would she send a fleet or army to Europe.

England Takes Steps to Prevent Possible Increase in Prices

By Associated Press. London, Aug. 5.—The authorities are taking all possible steps to allay public anxiety in regard to food supplies and to prevent unjustifiable attempts to artificially raise prices. The Home Office to-day issued an official statement to the effect that in addition to the four months' supply of wheat actually in the country or being harvested, there were large consignments of wheat now on the way here, much of which was already near British shores. There was no conceivable circumstance, it was said, in which a wheat famine could arise, and accordingly fear of a scarcity was groundless. The situation regarding meat was not less satisfactory. "Normal killings of home stock supply 60 per cent. of our annual consumption," read the statement, "and we are not necessarily dependent upon foreign representatives of the balance of our supplies, as in case of emergency it could be provided by slaughtering a larger proportion of our own stock."

Guns Mounted on North German Lloyd Steamer

By Associated Press. Shanghai, China, Aug. 5.—Guns were mounted to-day on the North German Lloyd steamship Prinz Eitel Friedrich at Tsing-Tau. The Far Eastern squadron of the German fleet, accompanied by a number of merchantmen, left Tsing-Tau and it was reported that the warships were proceeding northward. Large numbers of Chinese coolies have been forced to work under armed guards on the defenses of Tsing-Tau.

Great Britain Will Pay \$25,000,000 For 2 New Turkish Battleships

By Associated Press. London, Aug. 5.—The British Government will pay in the neighborhood of \$25,000,000 for the two Turkish battleships being constructed in English yards and which it has taken over. The one which has been renamed Azincour is completed. The other, Osman I, and which will be known in the British navy as the Erin, is nearly completed. They are first class battleships.

French Government Is Endeavoring to Assist Foreigners From Country

By Associated Press. London, Aug. 5.—The French government, according from Americans arriving from the area of the war, is doing every thing compatible with the necessary movement of troops to get foreigners out of the country. The ports of the French coast are crowded with Americans and Englishmen, waiting an opportunity to cross the channel. Many Americans who have been motoring on the continent have arrived at Boulogne. While they can find room for themselves they cannot obtain accommodations on the steamers for their cars. The steamers that leaves France with crowds of American and English passengers return with an equal number of Frenchmen and Swiss who are on the way to join the colors. Some of the tourists traveled long distances to reach England. Mrs. James T. Harahan, widow of the former president of the Illinois Central railroad, with her niece, Miss Martha Harris, of Memphis, Tenn., came from St. Petersburg, having left that city on Sunday. They traveled by way of Denmark, but sent their baggage through Germany where it was lost. When they left the Russian capital the city was quiet, they said, except for the movement of troops.

King Shows Confidence in Admiral Jellicoe

By Associated Press. London, Aug. 5.—King George to-day sent the following message to Vice Admiral Sir John Jellicoe, who has been made commander of the British fleet: "At this grave moment in our national history, I send you and through you to the officers and men of the fleets of which you have assumed command, assurance of my confidence that under your direction they will revive and renew the old glories of the royal navy and prove once again the sure shield of Britain and her empire in the hour of trial."

FATHER-IN-LAW OF CAPTAIN LUMB DIES WHILE ON VISIT

Mr. Cain was here on a visit. He is survived by a son and two daughters, J. W. Cain, of Short Lane, Md.; Mrs. Carl Keene, Havre-de-Grace, Md., and Mrs. Lumb, of this city. MANY FOREIGNERS IN PARIS

By Associated Press. Paris, Aug. 5.—It is believed that several thousands of Germans and Austrians are still in Paris. There were more than 80,000 on the police registers before the war broke out and it is thought impossible that all have left the city. No fewer than 42 Germans of both sexes have been arrested as spies since last Saturday.

SOCIALIST IN CABINET. By Associated Press. Brussels, Aug. 5.—Premier Charles De Broqueville announced in Parliament to-day that Emile Vandervelde, the great Socialist leader, who was one of the chiefs in the general political strike and is regarded as one of the most able of the opponents of the clerical ministry, had joined the Cabinet, being appointed Minister of State.
