## "OLD BOYS" GIVE FOUNTAIN TO TOWN

#### Beautiful Memorial Received on Behalf of Greencastle by Burgess Carl

Special to The Telegraph
Greencastle, Pa., Aug. 11.—The second event of Greencastle's Old Home
Week, was the musical given by the
Crowell Concert Company of Ashland,
Ohio, Monday evening, in the Gem
Theater. The company is composed
of Professor George E. Crowell, a native and former resident of Greentastle, and his three children, George
Crowell, Jr., Misses Lore and Neomi
Crowell. Professor Crowell is a dislinguished violin virtuoso, and his
children are infant prodigies in the
musical line.

contain was presented to the town by her former sons. The fountain is very beautifully and substancially constructed of barrie granite and constructed of barries granite and constructed of the granite and constructed of the granite and constructed of the season at Nifty cottage. Elmer Shilling, of Harrisburg, spent week-end.

Miss Hattle Farling, of Hummelstown, have returned to their homes after pending the season at Nifty cottage. Elmer Shilling, of Harrisburg, spent granite and constructed of the granit

Bradley Markward, pastor of Bethlemen Lutheran Church, of Harrisburg, or working on the school house lawn before the union vesper services. Mrs. Culberson, a returned missionary of two addresses, one at the Messiah bushels of fine wheat to the acre.

# THIN FOR YEARS

## "Gains 22 Pounds in 23 Days"

"I was all run down to the very bottom," writes F. Gagnon. "I had to quit work I was so weak. Now, thanks to Sargol, I look like a new man. I gained 22 pounds in 23 days.'

"Sargol has put just 10 pounds on me in 14 days," states W. D. Roberts. "It has made me sleep well, enjoy what I ate and enabled me to work with interest and

"I weighed 132 pounds when I commenced taking Sargol. After taking 20 days I weighed 144 pounds. Sargol is the most wonderful preparation for flesh building I have ever seen," declares D. Martin, and J. Meier, "For the past twenty years I have taken medicine every day for indigestion and got thinner every year. I took Sargol for forty days and feel better than I have felt in twenty years. My weight has increased from 150 to 170 pounds,

When hundreds of men and women-and there are hundreds with more coming every day-living in every nook and corner of this broad land voluntarily testify to weight increases ranging all the way from 10 to 35 pounds given them by Sargol you must admit, Mr. and Mrs. and Miss Thin Reader, that there must be some thing in this Sargol method of flesh building after all.

Hadn't you better look into it, just as thousands of others have done? Many thin folks say: "I'd give most anything to put on a little extra weight," but when 'Not a chance. someone suggests a way they exclaim. Nothing will make me plump. I'm built to stay thin. Until you have tried Sargol, you do not and cannot know that this is true.

Sargol has put pounds of healthy "stay there" flesh on hundreds who doubted, and in spite of their doubts. You don't have to believe in Sargol to grow plump from its use. You just take it and watch weight pile up, hollows vanish and your figure round out to pleasing normal proportions. You weigh yourself when you begin and again when you finish and you let the scales tell the story.

Sargol is absolutely harmless. It is a tiny concentrated tablet. You take one with every meal. It mixes with the food you eat for the purpose of separating all of its flesh producing ingredients. It prepares these fat-making elements in an easily assimilated form, which the blood can readily absorb and carry all over your body. Plump, well-developed persons don't need Sargol to produce this result. Their assimilative machinery performs its functions without aid. But thin folks' assimilative organs do not. This fatty portions of their food now goes to waste through their bodies like unburned coal through an open grate. A few days' test of Sargol in your case will surely prove whether or not this is true of you. Isn't it worth trying?

If you want a beautiful and well-rounded figure of symmetrical proportions if you want to gain some solid pounds of healthy stay-there flesh, if you want to increase your weight to normal, weigh what you should weigh, go straight to your druggist to-day and get a trial package of Sargol and use it as directed. Sargol will either increase your weight or it won't and the only way to know is to try it. A single trial package of Sargol easily enables you to make this test. Sixty days' use of Sargol, according to directions, is absolutely guaranteed to increase your weight to a satisfactory degree or your druggist will refund all the money you have paid him for it. Sargol is sold by leading druggists everywhere and in Harrisburg and vicinity by

G. A. GORGAS DRUG STORE, 16 North Third Street

### AN EASY WAY TO GET FAT AND BE STRONG

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "fiesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you est. The stunt of the study of the stu ish to gain weight is that they insist on drugging their stomach or stuffing

HOW THIN PEOPLE CAN PUT ON FLESH

CAN PUT ON FLESH

A New Discovery

Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction.

Cut out the foolish foods and funny

organs, your functions of assimilation, are saily out of gear and need reconstruction.

Cut out he foolish foods and funny sawdust diets. Omit the fiesh cream rub-ons. Cut out everything but the meals you are eating made and the every one of those a lingle Sargol tablet. In two weeks note the difference five to difference for the difference five to difference and the same five the sail of the same five to difference and the same five to difference for the same five to difference for the same five the

## THIN PEOPLE CAN'INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try enting. a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again, it isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add fruit to to eight pounds in the first fourteen days by following the simple direction. And best of all, the new flesh stays of the simple of the o

and best of all, the new flesh stays put put argol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe, fat-producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat-producing contents of the very same meals you are east of the very same meals you are east of the very same meals you are east of the stay of the fath of the producing contents of the very same meals you are east of the very same meals you had been and bones. Sargol is safe, pleasant, efficient and inexpensive. George A. Gorgas and other leading druggies in Harrisburg and vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase of money back.
