SIR THOMAS LIPTON GETS OFFICIAL CABLE

No Races Until Next Year Because of War Conditions Abroad

Special to The Telegraph New York, Aug. 12.—In view of the grave conditions in Europe the New York Yacht Club does not consider it proper for the races for the America's cup to be held this October...

"We regret that, in view of the grave conditions due to the war, we do not think it proper to race in October. We are willing to postpone the series until 1915, subject to further negotiations as to date. We request a cable reply as soon as possible."

This cablegram, in response to one received from Mr. Garrett on Saturday, suggesting a postponement of the races until next year, if war was still in progress a month after the September date, originally set, is the latest of a series of cable messages exchanged between the club here and in Belfast, Ireland, and between the New York Yacht Club and Sir Thomas Lipton, leading up to what is expected to be an agreement to defer the international yachting event.

Sir Thomas Lipton had cabled from London, under date of August 6, this query: "In view of serious war conditions, if I can communicate with Erin, will your committee kindly allow Erin to Shamrock remaining distance?"

Under the conditions of the deed of gift of the America's cup, the challenging yacht must cross the ocean under her own sails. It is assumed here that Sir Thomas feared that the Shamrock during a slow trip under her own sails might be captured by warships hostile to England. The Shamrock was well on her way to the United States when Sir Thomas requested that the committee representing the New York Yacht Club did not possess authority to change the conditions of the deed of gift.

The message yesterday, however, explained the attitude of the club.

Braves Get Troublemaker

Manager Robinson's first move in his plans to rid the Dodgers of troublemakers was taken when he sold "Red" Smith, whom he considers the trouble-making champion, to the Boston Braves. All season Smith has been threatening to jump to the Reds and has held frequent confabs with the Federal League magnates.

TO ASK ENGLAND TO EXPLAIN London, Aug. 12.—The rupture of relations between France and Austria will in itself have no effect in the relations of England, it was officially stated today, but a complication is threatened over the recent encounter of the Austrian cruiser Taurus and the English cruisers in the Adriatic. It is reported that Austria will demand an explanation of the fact that the British ships fired upon the Taurus. Such a demand would be only a preliminary to a rupture of relations.

"THE GREATER MOTIVE" Bob Hammond, a promising young boxer, is taken East by his young boss. He promises his sweetheart, Maggie Dowling, he will return and marry her. In the East he becomes "The Battler." Among his new friends he temporarily forgets Maggie, and she, tired of waiting for him, marries his old sparring partner, Jimmy Kelly, who has become quite a fighter himself. Bob's manager plans a tour of the country and Bob tells him to make the first stop Pittsburgh, his old home, where he plans to marry Maggie. Kelly and his wife are in bad traits. Maggie having just recovered from a long illness, their resources are sadly depleted. Kelly reads of the coming of the "Battler" and signs to fight him, winner take all. When "The Battler" learns his old friend has married his sweetheart, he is furious, but is glad when he remembers he is to fight him, as he plans to give Kelly a terrible beating. Before the fight, "The Battler" hears of the awful straits of the Kellys and he experiences a change of heart. After thinking it over, he determines to let Kelly defeat him, so that he can win the money, bring it home to his wife, and help to restore her health. All is carried out as he plans, and in the excitement of the sting of defeat for the first time, knows that he has performed a good service and it will make her happy. WAR LOSS SMALL FOR BRITISH SHIPS

English Agents in New York Cease to Fear Capture by Enemy

New York, Aug. 12.—British shipping, which has practically the freedom of the Atlantic, is now losing a great deal by the European war. The Vaterland, which cost the Hamburg-American Line \$10,000,000, is lying idle at her pier at Hoboken, with no prospect of leaving port. The losses arising from her inactivity in carrying the great volume of business that had been apportioned to her by the travellers of the world are enormous. This loss from the stagnation of German commerce, which is caused by Britain's present control of the sea, applies to all German carriers that are hugging close to neutral ports. From the records of the last two weeks it clearly demonstrated, marine authorities say, that British merchantmen are at liberty to go where they please without interference from German cruisers. The Cunard Line has not suffered as much financially as might be supposed because of the tying up of the Mauretania at Halifax and the taking over of that ship and the Lusitania, now close to Liverpool, as scout cruisers and troopships of the royal naval reserve. Both these liners were built for the British government on loans from the British government. The annual subvention of \$750,000 for both as mail carriers and naval reserve ships more than paid the interest on the loan. Meanwhile the liners cleared up nice profits for their owners. It is said that both these vessels will continue to draw profits from the British government which will more than make up for the loss of business in the westbound fall passenger traffic.

RAIN, RIOT AND ROWDYISM AT GAME

Stutz, Allentown, Assaults Ground-keeper Mike Middaugh; Fans Take a Hand

By "Ump" Rain, riot and rowdiness were rampant at Island Park yesterday. Kid Stutz, who has been an eyesore to Harrisburg fans because of his rough-neck tactics in every game, was the cause of yesterday's fuss. He carried off the canvas cover used to protect the pitchers' box during a rain. When Groundkeeper Mike Middaugh remonstrated with Stutz he used his fists on Middaugh. Then came an ugly mix-up between Allentown and Harrisburg players, during which a number of fans took a hand. There will be no more disturbances like that of yesterday and Monday, officials of the Pennsylvania Exhibition Company announced. A warrant was issued for Stutz's arrest yesterday afternoon, but he eluded the officers. He will not be allowed to return to Harrisburg. Names of seven persons said to have been responsible for the trouble Monday afternoon were secured yesterday and arrests are expected. President George M. Graham has requested that Stutz be punished. Stutz Starts Trouble Stutz started the trouble when he removed the covering over the pitchers' box during the heavy rainstorm. Stutz pulled the cover to the Allentown players' bench. When Groundkeeper Middaugh remonstrated Stutz used his fists. Those who witnessed the assault say it was cowardly. But for timely interference on the part of wiser heads there would have been a mix-up similar to that started by Stutz at Allentown on Decoration Day. The game was stopped twice by rain. Only two innings were played. Scott pitched for Allentown and Adams for Harrisburg. The Teutons did not have a hit. Scott was touched up for a single and triple. Two runs were scored in the second inning on an error, a pass and Adams' triple.

AT THE ORPHEUM

Seats for the opening of the eighth season of high-class vaudeville at the Orpheum Theater are in general demand since the box office first opened at 9 o'clock yesterday morning, and the management has no reason to expect anything but a large attendance throughout the initial week. Many of the patrons have voluntarily expressed their pleasure at this playhouse again being opened. Comedy will be the ruling feature of the bill next week, but there will be other acts. Many of the numbers will include comedy songs and comedy acrobatic work in tramp makeup. Liboniti will render popular and classical selections upon the xylophone and Ross Loyol and her partner will appear in wire-walking and juggling. Manager Hopkins already has a substitute for the Bison City Four, a quartet of vocalists, in case that troupe is unable to get back from Europe. The box office will be open daily and the first performance will be on Monday afternoon of next week.—Advertisement.

BITS OF SPORTS

At Trenton to-day and to-morrow, Adams had a three-bagger to his credit. Ty Cobb yesterday signed a contract to play three more years with Detroit. His salary is \$15,000 a year. Philadelphia may yet get the Army-Navy game. In order to make his escape "Kid" Stutz went without his supper last night. Dauphin defeated the East End at Dauphin yesterday, score 10 to 4. Finnefrock, pitcher of the Planning Mill team of the Lucknow League, yesterday pitched a no-run, no-hit game, defeating the Federals, score 6 to 0. The Internationals defeated the Federals yesterday, score 4 to 2. Wilmington will be here Monday and Tuesday. The balance of prizes will be awarded for special work in the Monday game. CUB PLAYERS FIGHT OVER A WILD THROW Special to The Telegraph Brooklyn, N. Y., Aug. 12.—Roger Bresnahan and Heinie Zimmerman mixed it up just before the fifth inning of yesterday's game between the Dodgers and the Cubs and it required the special policemen, the umpires and the players on both sides to separate them. The trouble started over Zimmerman's wild throw in the fourth inning, which let in two runs. Bresnahan called him down and Zimmerman landed on Roger. The players were going at it strong when separated. Both players were taken out of the game, Archer going behind the bat and Corridor to third. GRAND CIRCUIT RACES BRING NEW RECORDS Special to The Telegraph Kalamazoo, Mich., Aug. 12.—With a world's record equaled and the track record broken, the Grand Circuit meeting opened auspiciously yesterday at Recreation Park. In the first heat of the Hrceman and Spirit of the Times futurity, for 3-year-old pacers, Anna Bradford paced a mile in 2:05, which equals the record for 3-year-old fillies, made by Miss DeForest at Lexington, Ky., in 1911. In the final heat of the 2:04 pace Walter Cochato made the distance in 2:04 1/2. The former track record was 2:04 1/2, made by Miner Heir in 1908.
