BELIEVE SOMEONE MAY HAVE TRIED TO POISON YOUTH

Apprentice at Star Independent Thought to Have Eaten Arsenic in Piece of Cake

Whether arsenic on a piece of cake eaten yesterday for lunch by Bruce Bailets, 17 years old, of New Cumberland, a machinist's apprentice at the Star-Independent, was placed in his food in an attempt to murder him or not is puzzling friends, parents and employers of the youth. Bailets ate his lunch at the Star-Independent yesterday at the regular noon hour. A piece of cake which he found in his lunch box, he says, tasted so bitter that he took only a few bites and then threw it away. Two hours later he was suddenly seized with cramps and was compelled to go home for the day. About 5:15 o'clock yesterday afternoon Dr. S. A. Kirkpatrick was summoned, but the doctor decided the young man had better be taken to the Harrisburg Hospital, he having noticed symptoms of arsenical poisoning.

On telling his story of the cake's tasting bitter, the doctor's suspicions at once led him to believe that Bailets might have eaten arsenic. On being questioned he told the doctor that he had noticed green spots on the cake but that he had thought little of it at the time. Bailets' mother, on being questioned, said she had no person working at that place. They also said that if any one desires an investigation it will be made immediately.

Sale of German Ships May Draw Turkey Into War

Evidences of Sharp Sea Battle Brought Into Hong Kong When Two Battered Warships, Believed to Be Either British or French, Enter Harbor; 5,500,000 Russians Mobilized to Protect Country's Border; German Casualties in Terrible Fighting at Haelen Yesterday Is Estimated at 3,000 Dead and Wounded; German Movement Is Believed to Have Been an Attempt to Reach Brussels but by Their Loss, the Belgium Capital Is "No Longer in Danger"; French and Belgians Make 3,500 Germans Prisoners.

London, Aug. 14, 2:53 P. M.—Great Britain, France and Russia sent a sharp demand to Turkey for the immediate repatriation of the officers and crews of the German cruisers Goeben and Breslau.

London, Aug. 14.—A dispatch to the Daily News from Rome says: "Turkey's purchase of the German cruisers Breslau and Goeben has made an unpleasant impression here. Italy presumably will demand an explanation as to the future of these ships and also warn Turkey that she will not allow the equilibrium of the lower Mediterranean to be threatened, as Italy is determined to prevent complications."

Evidences of a sharp sea fight in Chinese waters were brought to Hong Kong yesterday when two battered warships, either French or British, arrived there with many wounded. The telegram, apparently censored did not identify the warships but said they were reported to have been in action with the German cruisers Scharnhorst and Gneisenau.

A London report says the captain of a Danish steamer declares he passed seven sunken German ships on the east coast of England. He could not identify them, but believed they were warships.

The reported purchase of the German cruisers Goeben and Breslau by Turkey, has been made the occasion of action by the British, French, Belgian and Russian allies, which are to call Turkey's attention to her duty as a neutral. Greece also is perturbed by the purchase of two cruisers, which she considers will upset the equilibrium of power in the Levant.

BATTERED SHIPS GIVE EVIDENCE OF BIG FIGHT ON SEA

Shanghai, Aug. 14.—Two warships, each having four funnels, badly damaged, and carrying many wounded, entered the harbor at Hongkong yesterday. The identity has not been learned here, but the vessels are believed to be either the British armored cruisers Minotaur and Hampshire or the French armored cruisers Duplex and Montcalm. They are reported to have had an engagement with the German cruisers of the same type as Scharnhorst and Gneisenau.

A dispatch from Hongkong received by the Exchange Telegraph Company in London last night said it was reported in Hongkong that the British fleet in the Far East had cornered the German Far Eastern squadron. The correspondent added that weight was given to the report by the fact that shipping along the coast was being resumed on a normal basis. The British cruiser Minotaur carries four 9.2-inch guns and smaller armament. The Hampshire is a less formidable craft. Her four largest guns are 4.75-inch. The Duplex and Montcalm carry eight 6.4-inch guns and smaller ones. The German cruisers Scharnhorst and Gneisenau carry eight 8.2-inch guns and the cruiser equipment of smaller guns.

London, Aug. 14, 3:20 A. M.—The Daily Citizen, organ of the Labor party, says it has learned from reliable authority that Dr. Karl Liebknecht, the German Socialist leader, has been shot for refusing military service. The Daily Citizen says that the story was brought to London by a German refugee, who reported that Berlin, owing to the shortage of food, was in a virtual state of revolution. Dr. Liebknecht was an officer of the reserves and was called up for service. He refused to respond on conscientious grounds, whereupon, according to the story, a detachment of soldiers was sent to his residence. He was taken to the military barracks and court-martialed. After a short trial he was convicted and shot by a platoon of infantrymen. It is also reported that Rosa Luxemburg, the noted Socialist writer, who declared soldiers were maltreated in the army, has been shot.
