and show the people how to run it. Creasy, playing the same old dema-

sands of dolars to the farming interests.

It is almost impossible within the scope of an ordinary newspaper article to show how these Democratic self-chosen. boss-selected candidates are striving with might and main and cash to have themselves elected to offices which they have clearly demonstrated their unfitness to fill. Assuming that the people know less than they themselves the game of misrepresentation goes on, but their little day is almost over and the time is coming when the people must know the truth. Even those who do not already realize how empty and baseless are the attacks of these men who seek to promote their own political interests by assaults upon the splendid work of able and devoted and patriotic public servants, must son appreciate the facts.

S330 Short Cape, One Size.

Capes may fairly be said to have taken the world of dress by storm. This one is charmingly graceful and attractive and makes a really ideal summer wrap while, treated a little differently, it would also be charming for the street suit of autumn, for capes undoubtedly will be used in place of coats throughout the coming season. In the picture, the material is charmeuse satin lined with thin silk. For the street suit, the cape would be pretty made of serge, gabardine or any similar material. It takes extremely graceful lines and folds, shows exceptionally becoming shaping and withal is the simplest garment possible to make since there are no seams and only the edges to be finished. For the street suit, navy blue serge or gabardine with the cape lined with plaid or striped silk would be exceedingly smart.

The cape will require 2½ yds. of material 27 or 36, 2 yds. 44, 1½ yds. 52 in. wide, with ½ yd. 27 in. wide for the collar.

The pattern of the cape 8330 is cut in one size only. It will be mailed to any address by the Fashion Department of this paper, on receipt of ten cents.
