My first as well as my last word to the girl who filts is: Don't. But what I want to do in this little talk is to make her see the whys wherefores of my bon't. Every day's mail brings met dozens of letters from girls who see attractive young men in the streats as they go about on business or in search of pleasure. Each girl begs men to tell her some way of meeting her particular swain. There is none.

The growth of large cities has done away with community or neighborhold life to a great extent. People to-day may live in large apartment houses and know nothing of their neighbors. The same elevator often carries as human freight impostors and clergymen, good women and bad, creatures who prey on human weakness and men who would die to serve their kind. And the awful part of it is that you positively cannot tell which is which.

Now the girl who permits a man to whom she has not been introduced to speak to her may be talking to a lonely young country boy longing for companionship—or she may be allowing the lowest kind of criminal to weave his web about her. And there is nothing to tell her sweet unsophistocation which sort of man has attracted her.

Nor can a man judge positively about the girl who allows him to talk thus casually to her. She may be a girl who deserves the same treatment he would want given to his sister at home—and she may be a bold and brazen creature aping girlish airs.

In a flirtation there is always the

Sugar Raise Blamed on Alleged Manipulators

By Associated Press
Washington, D. C., Aug. 20. — Responsibility for the recent advance in the price of sugar was placed primarily on alleged manipulators of the New York markets in reports made here today by investigators to James L. Bruff, Chief of the Bureau of Information of the Department of Justice.
Chicago wholesalers, the investigators reported, made corresponding increases on their own account and reaped large works.

Coal Is Cheapest and Best Now

To buy coal now is to buy it at the cheapest price for which it can be obtained during the year. And then you gain in quality, too, for the coal sent from the mines at this time of the year may be thoroughly screened before delivery, a difficult matter in cold weather when frost will cause the dirt to cling to the coal. So to buy Montgomery coal now is to buy the best quality of the best coal at the lowest prices. Place your order.

Mexican horse thieves were killed when officers and a band of Mexican outlaws first clashed. This fight occurred in Devils Canyon, near Ray. Early last night the third Mexican was killed by Deputy Sheriff Henderson when he and Deputy O'Neil were ambushed by thieves. The horse of O'Neil was hot from beneath him.

Two more Americans, Earl and Frank Miller, brothers, and two Mexicans were killed when a posse late last night come upon the outlaws. Infuriated at the news of the death of members of the posse, Americans last night invaded the Mexican section of the town, driving terrorstricken people from their homes. An American and seven Mexicans were killed when a number of Mexican residents resisted the attack upon their homes. The others fied to the hills.

Reports said that many Americans
