THURSDAY EVENING.

A Two-Day Sale That Will Surpass in Pricing Your Fullest Expectation

To-morrow and Saturday will truly be opportunity days for you at this store. Every day that Summer oods remain in stock now ,they mean a greater sacrificing of prices. Therefore, we have concluded to waive all consideration of profit, and get rid of certain lines without delay. If you are interested in saving dollars, you will be interested in this event.

STORE OPEN ALL DAY FRIDAY

to accommodate the public. Our salespeople get a half day each week, enabling us to be at your service all day Friday and Saturday up to 10 P. M. Extra salespeople insure prompt service.

"Dear Husband" Note Gave First Hint of Elopement KILLED BY RAILWAYS

HARRISBURG

Letter Fell Into Other Hands Then Those For Whom It Was Intended

Although the parents of both par-ies refuse to-day to give out any in-formation concerning the marriage of Charles Lawrence and Miss Florence Miller, it was learned to-day that so far as the gentle public was con-cerned nothing at all might have been

cerned nothing at all might have been known of the marriage until the pop-ular young people chose to give it out had it not been for a letter that Mrs. Lawrence wrote from Philadelphia. It appears that after the wedding young Lawrence returned home and nobody, apparently, was the wiser for his adventure. But a letter that was intended for him fell into other hands. "Dear Husband," it began, and it was then that the investigation started. Both the young persons concerned were graduated from Harrisburg high school last year and were extremely popular among their classmates. The romance that culturinated in the matri-monial adventure at Elkton, Mary-land's Gretna Green, began while both were students at Central. Young Law-rence is a clever basketball player, having played with Central and with the Hassett Boys' Club teams.

ANNOUNCE BIRTH OF DAUGHTER Special to The Telegraph

MIDDLETOWN NOTES

FLAROMA

Track improvements soon will be anade on the Philadelphia, Harrisburg and Pittsburgh branch of the Reading tailway. This announcement, it is failway. This announcement, it is said, was made yesterday by General Jlanager A. T. Dice, who, with other officials, inspected the line Between Harrisburg and Shippensburg yesterday afternoon.

In the opinion of Mr. Dice, the pres ent dull season will be followed with a big rush of both bituminous and anthracite coal traffic. Since the opening of the low grade line of the West-

anthracite coal trainc. Since the open-ing of the low grade line of the West-ern Maryland between Hagerstown and Pittsburgh the Reading has been taking care of large soft coal ship-ments. Up to the time the dull season bit the Reading the Philadelphia, Har-risburg and Pittsburgh branch was overtaxed in caring for this traffic. It is the intention of Vice-President Dice to provide additional track serv-ice between Harrisburg and Shippens-burg. It is also said that yard faelli-ties at Shippensburg will be increased. As far as it is practicable a double track system will be provided. No plans have been decided upon as yet, but they will be taken up before Sep-tember 1. With Mr. Dice on the trip yesterday were General Superintendent C. H. Ewing, of the Reading system, and other transportation officials. Super-intendent R. J. Stackhouse joined the party in Harrisburg.

Fighting Disease Germs

There is a popular idea that most sickness is caused by a germ of the disease inding entrance to our bodies through the food we eat, the water or milk we drink or the air we breathe. This is rue as far as it goes, but it is also true that disease germs are enter-ing our bodies every day without caus-ing disease.

MIDDLETOWA NOTES Will Play Ball.,-The Middletown A. C. will play ball with Susque-hanna A. C., of Harrisburg, on the fair grounds this evening. Hold Pienic.-Members of the S. S. S. Club heid a picnic in the Middle-town borough park Tuesday evening. Leaves For West.-The Rev. and Mrs. S. H. Brinzer left Tuesday for Findlay, Ohio, where they will visit, their son, the Rev. Dr. M. S. Brinzer, an instructor in Findlay College. air ing our bodies every day without causing disease.
S. The reason for this is that there are forces within the body that are constantly fighting these disease germs and it is only when this defense is wakened that the germs get the upper hand and we become ill. One of the work for health is rich red blood. The work for health is rich red blood, dealthy blood increases the resistance of the body to the disease that are always threatening. It is easier to keep up this resistance by that are old work for health is rich red blood. Good healthy blood increases the resistance of the body to the diseases that are always threatening. It is easier to keep up this resistance by that do not agree with us and getting proper food, avoiding articles of food that do not agree with us and getting proper food, word disease after it gets a toothold. Keep up the resistance of your body to disease after it gets a toothold. Keep up the resistance of the body and much sickness.
Two booklets. "Building Up the Blood" and "What to Eat and How to Eat." will be sent free by the Dr. Williams Medicine Co., Schenectady, N.X.-Advertisement. BURY MRS. PLATT TO-MORROW Funeral services for Mrs. Bertha Plat, aged 39 years, who died at her home, 1181 Briggs street, Tuesday, will be held from her home to-morrow afternoon at 1 o'clock. The Rev. H. F. F. Lisse, pastor of the German Lutheran Church, Capital and Herr streets, will officiate. Burial will be made in the Mount Olivet Cemetery, New Cumberland.

STORM NEAR DUNCANNON

This War May Effect **Coal Prices**

We ave just been advised as follows from a large wholesale coal company:

"Eighty per cent. of the foreign laboring men in this country are single, and liable for military duty in their home land. They are now leaving causing a scarcity of labor in the coal and coke districts and prices may advance sharply."

It is impossible for us to predict just what may - happen in the way of price and quality of coal this winter and we advise you to send us your orders at once and be on the safe side.

On September 1st, the price of all coal, except Pea and Buckwheat, will advance 20c per ton.

The price of everything seems to be going up so don't delay if you want good coal at the present low rates.
