NORTHUMBERLAND'S NEW AUTO FIRE APPARATUS

New combination chemical engine and hose wagon purchased by the Northumberland Fire Company. No. 1. The occupants are future fire ladders, with Karl Cook at the driving wheel. In the rear is an interesting relic — one of the oldest fire trucks in the State. It was built for the local fire company in 1796. At the left of the background is the hose reel of the local company.

Combination Chemical and Hose Wagon Housed With Ceremony by Fire Co.

Special to The Telegraph

Northumberland, Pa., Aug. 21.—A big celebration will be held here this evening to observe the installation of the new combination chemical engine and hose wagon, purchased by the Northumberland Fire Company, No. 1, which arrived in town this week. Visiting firemen from Sunbury, Lewisburg and Milton, numbering probably 700, will attend and participate in a short parade. Besides these will be the Shamrock Band, the bands with the visiting fire companies and some of the fire fighting apparatus, the local fire companies and Calhoun's Band of this place. The parade will take place at 8 p. m. and will terminate at the town hall in Second street where speeches will be made by the Rev. John W. Jorkington, chaplain of the local fire department, and others. Then will follow various amusements and a light lunch for the visiting firemen and bands.

The apparatus cost nearly \$2,800. Of this amount, \$1,029.75 was raised by subscriptions among citizens and local industries; \$1,100 was raised by the company through carnivals, etc., and \$600 is yet to be raised. The purchase of the truck was in the hand of a committee composed of T. O. Van Alen, chairman; George Howell, J. H. Malley, G. V. Walker, M. H. Taggart, Robert Lesher, F. M. VanDevender. The wagon was purchased from the Broadway Motor Company, of Cortland, N. Y. It is fully equipped with ladders, hooks and axes and carries 200 feet of hose to be used with the chemical apparatus. It has two hand chemical extinguishers, has a carrying capacity of 2,500 pounds and is of fifty horsepower.

Milroy has a good team that is able to take care of itself on the baseball diamond. To-morrow the Harrisburg Pennsylvania Railroad Young Men's Christian Association and the Lewistown regulars will cross bats on the Boy Scouts diamond here.

AT THE COLONIAL

In the comfort of the cool Colonial amusement lovers are these days laughing themselves tired at "Zu Zu, the Leader of the Band," the greatest comedy feature the management of the Busy Corner has yet been able to secure. It will be shown there for the remainder of the week in conjunction with the fine vaudeville offering that embraces the Three Fountain Nymphs in a splendid aquatic performance, a nifty girl and fellow in a vocal specialty and a corking good team of comedians.—Advertisement.

MAKE ORPHEUM COOL

About the biggest test that has yet been put to the popularity of Keith vaudeville in Harrisburg is the terrific heat wave that followed immediately in the steps of the opening of the new season. The test was an interesting one and must have been gratifying to the management. For while it is true that the attendance was not quite up to what it was other years, yet the records show that the weather then was much cooler. Considering the advance in temperature as a handicap, the reception of the popular type of entertainment this week has been a flattering one. Every possible effort has been exerted by the management to make the theater as cool as possible and the opening offering is entirely composed of the turns of the lighter shades of entertainment. Comedy in many varieties is included in the line-up and there is real talent exhibited in every turn. For next week the management is announcing Joe Welch, most celebrated exponent of Hebrew comedy. Mr. Welch has been long and prominently identified with stellar roles in musical comedy and his ability as a funster remains without a peer, that is, in his particular style. Roehr's Athletic Girls, a quintet of clever and pretty girls, in wonderfully clever gymnastics, will be another of the important features.—Advertisement.

AT THE VICTORIA

To-day at the Victoria Ed. Coxen and Winifred Greenwood will star in an American film which is heralded as a masterpiece of symbolism called "The Butterfly." "Shorty and the Fortune Teller," a two-reel Broncho drama, will also be shown to-day. Of immediate interest will be the 1,000 feet of Pathe Daily News, which will deal mainly with pictures of the European war zone showing pictures which will prove of interest to all.—Advertisement.

News of Harrisburg's Theaters

The diving contests for both boys and girls at the Colonial Theater to-night ought to produce a load of fun. This will take the place of the usual country store.

Joe Welch, who will be next week's headliner at the Orpheum, is one of the funniest men in the show business. This is his first appearance in vaudeville in Harrisburg, although he has made many friends here as the comedian in big shows.

The feature motion picture announced for the Colonial Monday, Tuesday and Wednesday of next week is said to

be one of the best pictures ever produced. It is a Lasky picture, featuring Robert Edison, who, as a star in the big shows, has made many friends among Harrisburg theatergoers.

The opening attraction at the newly decorated Majestic will be Annette Kellerman in "Neptune's Daughter," a motion picture feature, Thursday, Friday and Saturday of next week.

The Colonial has a number of excellent big feature films booked for the near future, one of them, "Joseph in the Land of Egypt," will be presented the latter half of next week.
