The treatment of it is still far from satis-factory. Doctors realize this, but no-body is more fully aware of it than the sufferers themselves. Mother Goes to Chicago body is more fully aware of it than the sufferers themselves. A tendency to rheumatism once es-tablished, the pain often returns with every change of weather, showing that the poison is still in the blood awaiting favorable conditions to become active and cause trouble. One fact is known and acknowl-edged by all medical writers and that is the rapid thinning of the blood when the rheumatic poison invades it. Building up the blood is the best remedy for rheumatics, as the en-riched blood is able to overcome or throw off the poisons of the disease. For this reason rheumatic sufferers should be interested in the success which Dr. Williams' Pink Pills have had in the treatment of this painful disease. A book, "Building Up the Blood," will be sent free on request by the Dr. Williams' Medicine Co', Schenec-tady, N. Y. It contains directions re-garding diet, baths and hygiene for rheumatic patients.
