FINED FOR WORKING

Hotel Men and Storekeeper at Waynesboro Charged by State Inspector

Waynesboro, Pa., Aug. 26.—James Irvin McCormick, of Harrisburg, an inspector of the Department of Labor and Industry, dropped into Waynesboro yesterday morning unheralded—and, indeed, uninvited—and when he left two hotels were poorer by some \$15 each and a drug store by some \$20, in shape of fines and costs.

Mr. McCormick made information before Justice Potter against the proprietors of the Leland and Werner Hotels, charging them with working female help in their respective places seven days a week in violation of the act of July 25, 1913.

These cases, the inspector said, were only a starter. He had reasons to believe that there are other cases of violation of the female and child labor laws and intends investigating them fully.

Keystone State Fair and Industrial Exposition CAPITAL \$1,500,000.00

ANNOUNCEMENT Plans and Purposes

The Keystone State Fair and Industrial Exposition Company has been organized to give to Pennsylvania what its people have long needed and demanded, an appropriate State Fair, where the people of this and other Commonwealths can foregather to see at a glance all that Pennsylvanians make, mine and grow.

It will show a great community of interests—the products of the Pennsylvania home, of the Pennsylvania farm, of Pennsylvania waters, of her mines and manufacturing industries. All these will be shown within the boundaries of a great 410-acre park, upon which will be erected immense fireproof, concrete and steel buildings for exhibition purposes, together with a great auditorium.

A two-and-a-half-mile automobile speedway will encircle a 250-acre plot, a perfect plateau—that lies adjacent to the park properties that will be used for building purposes. Coupled with this will be a one-mile and also a half-mile trotting and racing concourse, and a horse show pavilion located adjacent to a concrete and iron grandstand, with a seating capacity of one hundred thousand.

Varied and interesting amusement features, forming a summer recreation park will occupy a large area of the center of this automobile speedway track.

Adequate railroad and trolley car terminals will be provided to handle expeditiously an attendance of two hundred and fifty thousand people, that will journey to and from Keystone Station.

OUR LOCATION

The site, comprising 410 acres, lies along the main line of the Pennsylvania railroad on the eastern boundary, and the beautiful Susquehanna River on the western boundary, between Harrisburg and Middletown.

Along the entire one and one-half miles of property run the lines of the Harrisburg Street Railway Company, with through cars from the grounds to Harrisburg, Middletown, Highspire, Steelton, Carlisle, Hershey, Mechanicsburg, and dozens of smaller communities which make up the intensely settled community of which the Keystone State Fair site is the center.

The Keystone Fair and Exposition, with its great two and a-half-mile automobile speedway, will surpass any venture of a like nature that has ever been attempted in the world's history. Every farmer, stock raiser, fruit grower, dairyman, manufacturer, mine owner, and every business man in the great Commonwealth of Pennsylvania is interested in the success of this enterprise.
