"BUTTERNUT DAY" IS ON AT PAXTANG
Hundreds of Children Guests of Bernard Schmidt, the Baker in Big Frolic
Schmidt's "Butternut Day" is on at Paxtang to-day, and hundreds of happy youngsters crowded cars early this morning for the pleasure ground. The grand ensemble on the green took place at 9:30. Mother Goose welcomed the hosts of children, and quarter of an hour later the opening salute was fired as the Stars and Stripes fluttered to the breeze.
John Dough's arrival promptly at 10, was the signal for the start of the athletic events, which included dashes and runs for the wee small children, egg and spoon races, pie-eating contests. The morning will conclude with a band concert and a daylight display of Japanese fireworks. Events for this afternoon include potato races and a number of athletic events for the boys, a watermelon-eating contest. At 4:30 346 children, dressed to represent, when an ensue, a mammoth American flag, will sing patriotic airs while a salute of fireworks is fired. The park privileges were reserved by Mr. Schmidt and were enjoyed by the children throughout the day. Fireworks and a band concert and the final trial of the pie-eating contest will conclude the festivities.

ROTH BROTHERS NEW Y. M. C. A. DIRECTORS
Gymn Will Reopen Sept. 1; Regular Class Work Starts in October
The gymnasium of the Young Men's Christian Association, Second and Locust streets, which has been closed during the month of August, will reopen for the season of 1914-15 on September 1, newly painted, thoroughly cleaned and with all of the apparatus gone over and put in first class condition. Regular class work will begin October 1. Two new physical directors will be in charge—Edward B. Roth will have charge of the Juniors and older boys, while Professor Franklin G. Zottner of the Central High School faculty, will look after the work for businessmen.
Both are competent athletes—products of the local association, well and favorably known and very popular among men and boys of this city. The first named is a member of the class of 1915, Harrisburg High School, and the last named is a graduate of Yale. The brothers have always been interested in athletics, and under their supervision the physical department of the local association will boom during the coming Fall and winter season. A complete booklet will shortly be issued, containing the schedule of classes, as well as other events.

Cirque de Paris Takes an Aspect
[Continued From First Page]
A sack of straw, told the following story:
"People call me Jean Beaujon. I have a little wine shop just across the river from Liege in the town of Griervegne. When the mobilization order was announced my two sons, both fine fellows, went off to join their regiments. My daughters, I have two, this one here and another, remained with their old father."
Soldier Broke Her Jaw
The girl he mentioned to was a bright-eyed girl of about 16, but only her eyes were visible as the rest of

her face was swathed in bandages. He continued:
"You see her poor, dear face? Well, a German was the cause of that. When they came they demanded wine, which I gave them, and one man tried to insult her. When she resented this he struck her and she fell against the counter and broke her jaw."
The old man told of their flight and the hardships they endured.
"My other daughter, becoming very tired after a time," he went on, "she sat down by the roadside while this girl and I went on ahead to try to find some means of conveyance. A little further on we came upon a riderless horse and after great difficulty we both succeeded in mounting and went back to find my daughter. We had not been gone more than half an hour, but when we returned she was no longer there."
"Where she went I don't know. We spent the rest of the night looking for her, but found no sign or trace of her. The rest of the time until we got on the train that brought us here I was cared for by the Red Cross. I don't know where they found me or anything, except that I have prayed every night and morning since that my missing girl be returned to me."
Alone With Five Children
Another refugee, Mme. Agnes Boursault, of Walkenraedt, in telling her story of the flight from Belgium, said:
"Please don't ask me to tell the horrible things I saw while coming here. I have lost my husband and brother, who died in the noble cause, and now you see me alone with my five children. The greatest suffering I underwent was from hunger. We could get hardly anything to eat for three days except a little stale bread."
"The thing that hurt me most was my inability to satisfy the wants of my little ones."
Georges Just, a restaurant keeper of Chenee, told this story:
"When we heard the Germans approach my wife and I fled across the river into Liege. It seems now much like a dream. Just before they entered there we left along with many others."
"Never shall I forget the sights we saw along the roadside where muti-

lated corpses and wounded and dying strewn our pathway."
Many other refugees continued to arrive during the night. The government is doing everything possible to aid them.
