REPUBLICAN MOBILIZATION
If there was any doubt in the mind of any Republican as to the nature of the State campaign this year, that doubt must have been dispelled yesterday.

Frank B. McClain and the other Republican nominees, and it was altogether a fitting alignment of the Republican fighting forces, an assurance and earnest of a great party triumph.

THE FAIRS
The never ending wonder of those who have given the matter thought is the perpetual popularity of the Grangers' Picnic at Williams Grove.

SLAP AT CIVIL SERVICE
The Moon bill, just passed by the Democratic House and now before the Senate, is a severe slap at the principles of civil service.

OPPORTUNITY KNOCKS
WHILE Opportunity stands with a sledgehammer pounding at our doors a paternalistic administration at Washington and a President obsessed with academic notions of government continues to insist upon a program of his own for the purchase of merchant vessels by the Government.

WELL KNOWN PEOPLE
Mayor John E. Reynolds, of Meadville, who welcomed the third class officers, served in council for years.

EDITORIAL COMMENT
If he knows who is responsible for stirring up more trouble in Mexico, the President might jog things along by the casual mention of a few names.

ADOGRAM
No. 13
National advertisers may LIKE other mediums, but when it comes to the practical question of selling their goods THEY NEED newspapers.

EVENING CHAT

James F. F. Archibald's article on the armies of Europe in the World's Work, in which he mentions the fact that a regiment of Austro-Hungarian infantry contained men who had served in the National Guard of Pennsylvania, has attracted much attention among people here and caused much discussion yesterday and last night.

McCormick Eager to Stem the Rout of the Machine Democracy by a Party Dicker
PALMER READY TO QUIT
But Will Make a Speech About Penrose Before He Retires From the Hard Race

McCormick is so eager to advance his fortunes that he is willing to make any kind of a bargain with the Bull Moosers and the emissaries who have been chasing around in his name.

Fusion Must Overcome
A war argument on a street car was settled in an unexpected manner the other evening and from an American point of view.

Candidates Touring in the West
Senator Penrose and Dr. Brumbaugh are making tours in western Pennsylvania to-day.

THANK GOD, WE ARE AMERICANS!
[From the Philadelphia Public Ledger.] Of all the great countries in the world the United States is the only one which to-day is creating new wealth.

EVEN THE SUN STANDS STILL
[From the Harrisburg Patriot.] It is really remarkable to note how small is the interest displayed in the European war, when the citizens here are at the same time so interested in the effort to clean the State of the political barnacles that have fastened themselves upon it.

FUSION CONFAD IS JUST ABOUT READY

McCormick Eager to Stem the Rout of the Machine Democracy by a Party Dicker
PALMER READY TO QUIT
But Will Make a Speech About Penrose Before He Retires From the Hard Race

According to rumors which are afloat in the city to-day the final conference on the subject of fusion on a State ticket will be held within a fortnight by bosses representing the McCormick-Palmer machine and the Flinn wing of the Bull Moose organization.

McCormick is so eager to advance his fortunes that he is willing to make any kind of a bargain with the Bull Moosers and the emissaries who have been chasing around in his name.

L.W. COOK
PENROSE AND THE ARCHBOLD CHECK
[Philadelphia Inquirer.] In 1904 John D. Archbold sent a check for \$25,000 to Boies Penrose. A magazine without a conscience and a yellow newspaper or two deliberately manufactured, eight years later, out of that incident a base libel.
