

CARDINAL CHIESA ELECTED POPE TO SUCCEED PIUS X

New Head of Catholic Church Immediately Assumed Name of Benedict XV.

CHOICE COMES AS SURPRISE His Name Was Not Included in Dispatches as Being One of the Possibilities

By Associated Press Rome, Sept. 3.—Cardinal Della Chiesa has been elected pope in succession to the late Pius X. The new pope will assume the name of Benedict XV.

Cardinal Giacomo Della Chiesa, who was today elected pope by the Sacred College in succession to Pius X, who died August 20, was created a cardinal May 25, 1914. He is the archbishop of Bologna, Italy.

He was born at Pegli, in the diocese of Genoa November 21, 1854, and was ordained a priest December 21, 1878. He served as secretary of the Non-Confession in Spain from 1883 to 1887.

QUAY'S UNSEEN HAND

McCormick Makes Another Bad Break in a Speech at Williams Grove. There was a lot of quiet amusement in political circles to-day over another break by the Democratic candidate for Governor, whose knowledge of history, political and otherwise, seems sadly deficient.

In 1902 Quay selected Mr. Pennypacker and in 1904 Quay and Penrose selected Mr. Stuart, as honest men to strengthen the Republican ticket by running for Governor.

Of course, the important fact that Senator Quay died in 1904 and Governor Stuart was nominated three years later (in 1907) makes no difference to a reckless seeker after an office and power.

GREAT THROGS AT GRANGERS' PICNIC ON REPUBLICAN BIG DAY

Cloudy Skies No Bar to Thousands Who Turn Out to Meet Candidates

DR. BRUMBAUGH IS GREETED Senator Penrose and Other Nominees Present; Congressman Kreider Speaks

Special to The Telegraph Williams Grove, Pa., Sept. 3.—This is Republican day at the Grangers picnic and early this afternoon it looks as though it was going to be the biggest Republican day known in the forty-one years that the picnic has been held.

The gathering to-day is as far ahead of the Democratic assemblage yesterday as was the Palmer-McCormick-Creasy gathering behind that which greeted Woodrow Wilson in 1912. Everyone is out to greet the Republican candidates and there was a general desire on the part of thousands to shake hands with Dr. Martin G. Brumbaugh, the gubernatorial candidate who has just entered upon the campaign.

Senator Penrose, who has spoken at a number of gatherings in this section during the year, received a hearty greeting, too, and was told that things were in such fine shape in southern counties that he could go on with his campaign in other parts of the State and never mind about this part of Pennsylvania.

The Republican candidates came here from Harrisburg shortly after 1 o'clock and were the guests of E. H. Thomas, Jr., the general manager, at dinner in the grove. Accompanying them were a number of the legislative nominees and men prominent in the affairs of the Republican organizations.

WILSON READY TO ASK CONGRESS FOR WAR TAX MEASURE

Washington, Sept. 3.—President Wilson will appear before a joint session of Congress to-morrow at 12:30 o'clock to ask for a war tax measure to raise \$100,000,000 annually. This announcement was made to-day after a visit of Democratic Leader Underwood to the White House.

In his message the President will not advise means of raising the money. The President believes the war tax is necessary to keep the treasury in a strong condition and make it unnecessary to call in funds advanced to banks. He will ask Congress to provide for obtaining the \$100,000,000 in a way which would be felt least by the people of the country.

AUSTRIANS BEATEN AT LEMBERG LOSING 100,000

HE AGREES WITH SHERMAN

Germans Push Right Wing Nearer Paris; Capital Is Moved

Absence of Official News From Capitals Indicates That Fighting Continues in East and West Without Decisive Results; Germans Are Admittedly Victorious in East Prussia; Japanese Occupy Seven Islands Near Kiao Chow

Rome, Sept. 3, 8.30 A. M., by way of Paris, Sept. 3, 1.45 P. M.—A telegram from Nish, says that in a battle at Jadar between 200,000 Austrians and 180,000 Servians, the latter put 140,000 Austrians "hors de combat."

London, Sept. 3, 2.55 P. M.—A dispatch from Amiens, France, to the Daily Mail dated Tuesday, September 1, declared that the Germans have taken possession of Amiens after three days' fighting.

Rome, Sept. 3, 8.40 A. M., by way of Paris, 2.45 P. M.—The Russian embassy has been notified that the Austrians were overwhelmingly defeated near Lemberg, losing more than 100,000 men and 57 cannon. The occupation of the city of Lemberg was said to be imminent.

The absence of official announcements from the capitals of the belligerents to-day is the surest indication that the fighting in the east and west continues without decisive results.

Such news dispatches as escaped the censors tend to confirm earlier official claims and admissions. The Germans are pushing their right wing nearer Paris while their center and left appear to be held by the French. Russia is pressing forward in the Austrian province of Galicia after having taken the strongly fortified capital, Lemberg. The Germans are admittedly victorious in East Prussia.

The Japanese are said to have occupied seven islands near Kiao Chow and to have landed additional troops within marching distance of that German stronghold in the face of protests by China. King Nicholas, of Montenegro, is reported as determined to occupy Scuttari.

The governor and other German officials of Samoa have been made prisoners by the British and sent to the Fiji Islands. The government of France is now established at Bordeaux. The foreign embassies and legations, with the exception of those of the

53 PERSONS KILLED DURING OUTBREAK ON BOARD GERMAN SHIP

Fight Is Described by Passengers on Board Brazilian Steamer in New York Today

New York, Sept. 3.—A riot aboard the German steamer Bleucher, at anchor in the harbor of Pernambuco, Brazil, in which three of the Bluecher's crew and fifty of her 800 steerage passengers were killed, was described to-day by passengers aboard the Brazilian steamer Sao Paulo upon her arrival here from Brazilian ports, whence she sailed at the commencement of the European war.

The Bluecher was bound from Buenos Ayres for Hamburg, under the German flag, when Germany and England went to war. Upon learning that war had been declared the Bluecher put back to Pernambuco. She had aboard, the Sao Paulo's passengers asserted, several million dollars for London and 800 Spaniards and Portuguese in the steerage. When Pernambuco was reached the steerage passengers insisted that the ship proceed to her destination and upon the refusal of the Bluecher's officers to do so a riot was started. The bodies of the steerage passengers who were killed were thrown overboard, according to the Sao Paulo's passengers.

Nine German ships were tied up at Pernambuco when the Sao Paulo sailed.

Someone broke open the door to the garage of W. D. Markley, in the rear of 1425 Berryhill street, last night and stole a Regal roadster. The tag number on the auto is 40,916.

The auto has a black body, wind shield and electric lights, two globes being in one of the front lights. The police were notified of the theft.

A RETURN TO COMMON SENSE

In a speech in the northwestern part of the State yesterday United States Senator Penrose said: "I think the American people will agree with me that we want a return to common sense, sanity and the good old principle upon which we waxed so great and prosperous. We have had enough change and we must now get the government back into the hands of those competent and skillful enough to administer it."

FRENCH GOVERNMENT TRANSFERRED FROM PARIS TO BORDEAUX

Situation Compels President to Order Removal of Offices to Another City

Paris, Sept. 3, 11.40 A. M.—President Poincare and his cabinet have left for Bordeaux, the new French seat of government where they will arrive in the morning.

The proclamation that the government departments will be transferred temporarily to Bordeaux is as follows: "Frenchmen: For several weeks our heroic troops have been engaged in fierce combats with the enemy. The courage of our soldiers has won for them a number of marked advantages. But in the north the pressure of the German forces has constrained us to retire. This situation imposes on the president of the republic and the rest of the French territory."

"To watch over the national safety the public authorities are obliged to leave for the moment the city of Paris. Under the command of its eminent chief, the French army, full of courage and spirit, will defend the capital and its patriotic population against the invader. But the war must be pursued at the same time in the rest of the French territory. "The struggle for the honor of the nation and the reparation of violated rights will continue without peace or truce and without a stop or a failure. None of our armies has been broken. If some of them have suffered only too evidently losses the gaps in the

Donnelly Partisan Man Gets Coveted Place

Announcement was made at the Capitol this afternoon that John O'Donnell, prominent in Democratic affairs in Philadelphia and a friend of Charles F. Donnelly, had been appointed the Democratic registration commissioner for Philadelphia to succeed the late James A. Gaynor. Bull Moosers Are Opposed to Fusion But Can't Help It

Two of the prominent men of the Washington party in this State have declared opposition to fusion, but say it is coming to pass. In New York yesterday Alexander F. Moore, the Pittsburgh editor, who was one of the most ardent advocates of fusion a short time ago, is quoted as saying that he was against fusion, but that it looked very much as though it was going to be effected.

State Treasurer R. K. Young said to-day that while he was opposed to fusion, he thought it would be effected because it has gotten down to the roots of the Washington party and its rank and file want it. In the city Bull Moosers say that fusion is a mistake. "The Washington party is being shoved along by the money power of the 'reorganized' Democracy toward the jumping off place, the advice of some of its chiefs, being disregarded."

SHELLS KILLED 100 BABIES

FIGHTING A LONG ENTIRE FRONT IS OFFICIAL REPORT

Germans Making Determined Effort to Have History Repeat Itself

London, Sept. 3, 1.10 A. M.—The battle to decide whether history will repeat itself in a second siege of Paris is still in progress, according to the latest official announcement here.

Future military historians will write volumes about the details of this battle, but all the British public knows officially concerning the titanic struggle—the most momentous British soldiers have fought since Waterloo—is contained in one sentence of an official report issued last night by the press bureau—"Continuous fighting has been in progress along almost the whole line of battle."

To this generally the French official communication adds the fact that the allied forces have fallen back toward the southwest to avoid an action which might have been engaged under unfavorable conditions. How far and to what line the allies have gone is unknown.

REGISTER TODAY TO INSURE VOTE AT NOVEMBER ELECTION

Only Two More Dates on Which Registrars Will Sit For Enrollment

REGISTER TO-DAY Hours: 2 to 6, 7 to 10

To-day is the first of the fall registration days and judging from reports obtained from the various registration places by the Telegraph this afternoon the registration was about the average for the first autumn day. In one or two districts of the city it was lighter than it was on the first registration of the presidential campaign and one of the registrars humorously explained it by saying that he guessed the war excitement was greater than that over politics.

Every man who wants to vote in November in this city must be registered. If he does not register to-day he will have a chance on September 15 or October 3. If he fails he will be unable to register unless he makes an affidavit that he was sick or out of the city on a registration day.

The usual tangles occurred at some of the registration places and it appeared that some of the new registrars were not fully informed as to the requirements. Voters who appeared without tax receipts were allowed to go away without being told that they could file affidavits that they had paid taxes within two years.
