\$100,000 LOSS IN MOUNT JOY BLAZE

McGinnes Hotel and Beneman Department Store Destroyed Early Yesterday Morning

Special to The Telegraph Mount Joy, Pa., Sept. 7.—Mount Joy suffered the heaviest loss by fire yesterday morning that the town has had for half a century, when the department store of I. D. Beneman, with all its contents, was totally destroyed and the McGinnes Hotel badly damaged, causing a loss of almost \$100,000. The fire was discovered at 3.30 in the morning by Kauffman, the baker, who gave the alarm. The fire company arrived quickly and rendered efficient service, but could not save the store as the blaze had too much headway. From there the flames spread to the McGinnes Hotel, adjoining and that building is also almost a total wreck.

The fire started in the Beneman store building and spread rapidly. In the same building was also the Conch photograph gallery. The loss to Mr. Beneman is especially unfortunate as his insurance expired a few days ago. The store is located at the corner of East Main and South Second streets, and the building is one of the oldest and most historic in the town, as it was one of the first buildings erected here and was used for hotel purposes until a few years ago, when it was converted into a store. It was formerly called the Red Lion Hotel and was widely known. The McGinnes Hotel is also an historic old building and was formerly the Conch restaurant property. The McGinnes House had many boarders and some of the roomers had narrow escapes. All the boarders, however, got all their clothing out, but this is all that was saved. The Union National Bank building, a new \$60,000 structure, across the street, was guarded by Cashier Niels, who stood on the roof to water the sparks as they fell on the building. The H. S. Newcomer hardware store was also in great danger and was saved by vigilant efforts in applying water to the outside of the building.

WHERE TO FIND NATIONALLY ADVERTISED GOODS The World's Best Merchandise In and Near HARRISBURG, PA.

Merchandise that will bear national advertising has to have exceptional merit. else the manufacturer could not afford to spend large sums of money for the advertising, and to attach his name and reputation to an article that was not extraordinarily meritorious, for it is the repeat sales that he depends on. It is therefore quite evident that when an article is nationally advertised and nationally sold, year in and year out, year after year, it is exceptionally good goods to stand the test and prove worthy of continued sales and growth. It is conceded by experts that when an article is advertised generally—nationally—it is the best possible product. The wise always, in consequence, prefer nationally known goods and ask for what they want by name. Read the magazines and keep posted on nationally advertised goods.

Explosion of Gasoline Kills Shippensburg Boy

Special to The Telegraph Shippensburg, Pa., Sept. 7.—Chas. Zellers, 18-year-old son of Mr. and Mrs. William Zellers of this place, was killed and an outbuilding demolished by a gasoline explosion shortly after noon Saturday. The boy had gone to the house where gasoline was stored to draw several gallons for use in the car. A few moments after he entered there was a terrific explosion and the building was torn to pieces. Aid was immediately rushed to the place and it was found that he had fallen into a well under the house where the gasoline was stored. A man descended on ropes through the still blazing ruins and succeeded in getting the boy out. His face and the front part of his body were slightly burned but physicians do not believe that this caused his death and believe he was stunned by the explosion and drowned in the water which was thirty feet in depth. How to Look Less Than Your Age

There are three golden rules that every woman who would ward off signs of advancing age, should follow: 1. Cultivate cheerfulness. Those who understand the physiological effect of worrying, know this advice should be taken more seriously than it usually is. 2. Whenever the complexion begins to look worn or withered, use ordinary mercurized wax for a week or two. Apply nightly like cold cream, erasing it morning with warm water. This gradually absorbs the thin film of surface skin, revealing the fresher and younger skin underneath. An ounce of the wax, obtainable at any drug store is enough to rejuvenate any complexion. 3. When the tell-tale wrinkles appear, or cheek and chin muscles begin to sag, bathe the face once a day for a while in a solution of powdered sazoneite, 1 oz. dissolved in 1/2 pt. of witch hazel. This has a remarkable effect in "trimming up" and "smoothing out" the skin. Business Locals MORNING, NOON, NIGHT. Whether it's breakfast, luncheon or dinner, you will always find Menger's Restaurant an ideal place in which to dine. Refined, quiet surroundings, with the best the market affords, prepared under the personal supervision of Mrs. Menger, is an assurance that every bite is a relish. Woman's Beauty No Secret

It all lies in the care she bestows upon herself and in keeping at bay those dread ills peculiar to her sex. The flashing eye, the elastic step and the clear complexion never accompany organic troubles. The distressed expression, lassitude, headaches and mental depression are only the tell-tale symptoms. Women so troubled should take Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs and restore their health to a normal condition.—Advertisement.
