How to Destrey the Dandruff Germ

BY A SPECIALIST

BY A SPECIALIST

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well known fact, but when we realize that it is also indirectly responsible for many other diseases as well, we appreciate the importance of any agent that will destroy its power. We are therefore, particularly, pleased to give herewith the prescription which an eminent scientist states he has found after repeated tests, to completely destroy the dandruff germ in from one to three applications. It will also almost immediately stop falling hair and it has in numerous cases produced a new hairgrowth after carpiton can be applied to the compose, one-half drachm Menthol Crystals. Mix thoroughly, and after standing an hour it is ready for use, Apply night and morning, rubbing into the scalp with the finger-tips. If you wish it perfumed, add I drachm of your favorite perfume. While this preparation is not a dye it is unequalled for restoring gray hair to its original color.—Advertisement.

After Vacation Peel Your Discolored Skin

Women returning from the seaside with browned, reddened or freckled complexions will be wise in immediately taking up the mercolized wax treatment. Weatherbeaten skin had best come off, for no amount of "beautifying" will ever make such skin pretty to look at. The surest, safest, easiest way to shed the despoiled cuticle is with the treatment suggested. Put the wax on before retiring, as you would cold cream, and rinse it off next morning with warm water. Minute partices of scarf skin will peel off day by day, gradually showing the healthy, youthful skin beneath. One ounce of mercolized wax, obtainable at any drug store, is enough to make any discolored satiny off. Daily continuous vaudeville and pictures.

NEW DANCE FOR THE DANCE-CRAZY

The dance craze that is sweeping merica has put everybody eagerly on the lookout for a novelty that will have in it the qualities of the tango or the hesitation waltz. Just such a nevelty is promised in "High Jinks," the musical comedy which Arthur Hammerstein will present at the Majestic Theater to-night. "High Jinks" depends for its hilarity on a magic depends for its hilarity on a magic perfume which sets everybody in a frenzy of delight. In the first act when the scent begins to operate there is produced a marvelous dance tune, which one reviewer of the plece at the Casino, New York, described as a "Hesitation Schottische."—Advertisement.

"POTASH AND PERLMUTTER"

"POTASH AND PERLMUTTER"

"Potash and Perlmutter," the farnous comedy drama which Manager A. H Woods will present at the Majestic Theater Saturday afternoon and evening is aptly described as "an upto-date garment in three pieces, made by a special designer from material in the stories in the Saturday Evening Post, by Montague Glass," and, the announcement adds most truthfully that it is "trimmed with a thousand laughs." New York audiences laughed at the quaint humor of "Abe" and "Mawruss" for two seasons and Manager Woods sends it direct to us from the Cohan Theater, where it could have run another year were it not for contracts made long ago.—Advertisement.

AT THE COLONIAL

The moving picture feature of today's program at the Colonial will be
headed off with "The Chimney
Sweeps," a "movie" in multiple reels,
which has received so much discussion
on account of a child's acting, who has
one of the important parts. The picture shows how true love overcomes
class prejudice, telling a beautiful
romance and calling in much excelent
playing. The vaudeville offering will
be headed by Mile. Rialta and company,
presenting a beautiful posing act called
"The Artist's Dream." Dynes and Van
Epps, comedians and vocalists, and
DeLisle, the jesting juggler, will round
out the variety bill.—Advertisement.

AT THE VICTORIA

One of the most sensational offerings the Victoria has given its patrons will be shown to-day in a four-part picture play entitled, "The Governor's Ghost." "A PAIR OF SIXES"

It is a well known fact no manager will pay a higher price for a play, than will Manager Frazee, none will give it a more lavish production or cast it more carefully—every thing that can be done to insure success, before it is produced, is done and money is often spent in a most lavish manner. His lavish expenditure, in producing "A Pair of Sixes" that has been running more than seven months in New York, and will be presented here Monday, afternoon and evening, establishes a new scale of completeness and efficiency, in farcical productions.—Advertisement

Abe Potash and His **Partner Coming Saturday**

There's going to be a merry time at the Majestic Saturday afternoon and evening for Abe Potash and Mawruss Perimutter will be there. Abe and Mawruss come with their entire staff and complete outfit that is guaranteed to turn out a thousand laughs per performance. They are most modest and lovable fellows in the world in spite of the fact that a million people laughed until they cried over them in New York.

The story of "Potash and Perlmutter" deals with the adventures of Abe and Mawruss, their friends and their rivals. The two partners, despite their continual quarrels, are shown to be generous, and loyal to a fault. Troebles pile up fast upon them. Their rival has a designer whose goods make those of Potash and Perlmutter the laughing stock of their customiers; their lawyer, Henry Feldman, is a rascal; the Russian government has their bookkeeper arrested on a trumpeted-up charge, and in order to save him from extradition they risk their fortunes and are on the verge of bankruptcy. Then enters Ruth Goldman, the designer of the famous Arvierne Sacque, and with her enters sunshine and happiness. She secures a great politician to help the book-keeper, she gets out a new sacque for Potash and Perlmutter that brings in trade with a rush; she helps to rout the rascally lawyer, and, finally, she copsents to become Mrs. Perlmutter, while the young book-keeper weds the charming young daughter of Abe Potash. Plenty of love and plenty of politics, plenty of fashions and plenty of politics, plenty of seasolishment an

WAR OF WARS AT THE PHOTO-DLAY

The military drama, "The War of Wars," based on the present conflict in Europe, will be shown at the Photoplay theater two days, Thursday and Friday. This war drama, in six acts, has been taken in Europe and gives a good illustration of what is taking place there now. The realism of the pictures in repicting warfare is at times appalling. The destruction of homes, lives and country is made clear. No one can see the pictures without receiving a vivid impression of what the daily news means. Skirmishes and military maneuvers are shown. Scouting and sentry work is fine and the entire picture is one that should be seen.—Advertisement.

AT THE PALACE—THE LURE

In the absence of such protest, I must speak.
"If we cannot prevent these injustices is there not some way by which the Public Utilities Commission can compel the Pennsylvania railroad to have at least as much consideration for the comfort of its passengers as it does for the comfort of its hogs and cattle? For thirty years I have been obliged to use the trains of this great corporation. For twenty of these thirty years I have almost lived in them and I am prepared to prove that never in all these years has so little consideration been shown for the comfort of its patrons as during the past five months.

Herding Process Starts

"With the taking out of service last March a number of passenger trains, the herding process was begun and today passengers are crowded into day coaches precisely as cattle are crowded into stock cars. Should a passenger of moderate means and on a long journey, from sheer exhaustion be compelled to sleep, he must either prostrate himself in the aisle or vestibule—a thing which is unthinkable. tinues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for womenand every year we publish many new testimonials, all genuine and true. Here are three never before published:

From Mrs. S. T. Richmond, Providence, R. I.

Providence, R. I.—"For the benefit of women who suffer as I have done I wish to state what Lydia E. Pinkham's Vegetable Compound has done for me. I did some heavy lifting and the doctor said it caused a displacement. I have always been weak and I overworked after my baby was born and inflammation set in, then nervous prostration, from which I did not recover until I had taken Lydia E. Pinkham's Vegetable Compound. The Compound is my best friend and when I hear of a woman with troubles like mine I try to induce her to take your medicine."—Mrs. S. T. RICHMOND, 199 Waldo Street, Providence, R. I.

A Minister's Wife Writes:

CLOQUET, MINN.—"I have suffered very much with irregularities, pain and inflammation, but your wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has made me well and I can recommend the same to all that are troubled with these complaints."—Mrs. Jen-NIE AKERMAN, C/O Rev. K. AKERMAN, Cloquet, Minnesota.

From Mrs. J. D. Murdoch, Quincy, Mass.

SOUTH QUINCY, MASS.—"The doctor said that I had organic trouble and he doctored me for a long time and I did not get any relief. I saw Lydia E. Pinkham's Vegetable Compound advertised and I tried it and found relief before I had finished the first bottle. I continued taking it all through middle life and am now a strong, healthy woman and earn my own living."—Mrs. Jane D. Murdoch, 25 Gordon St., South Quincy, Mass.

panic, which placed some of us in serious circumstances. I happened to be one. It was almost impossible for me to secure a position, and for nine long months I was idle. During that time I had made application for a position here in Harrisburg; the prospects for landing same looked very bright, and I was told to go see Mr. McCormick, as his influence in the matter would more than likely decide. Mr. McCormick would not see me in his office, for some unknown reason, but gave me a very discouraging answer at the head of the stairway leading to his offices, which were then down in Market street. Knowing him to be a Christian gentleman, I stated to him clearly my condition, as I had a wife and child to support. This had no effect on the millionaire.

To-day Mr. McCormick is facing every eligible voter in the State of Pennsylvania for his support. It is for this reason I am giving this story to the public, so each and every voter, no matter what party he represents, can see what sort of a candidate the Democratic party have out on the stump. All life consists of building up and tearing down and just in the same manner that the blood carries to the various parts of the body the food that the cells need for building up, so it is compelled to carry away the waste material that's torn down. These waste materials are poisonous and destroy us unless the liver and kidneys are stimulated into refreshed and vigorous life.
