## Demonstration of Wear Ever Aluminum Cooking Utensils

Light housekeeping was never dreamed of until Aluminum cooking utensils came into general use, and now it is a rare household that does not boast of its aluminum service. Trudging about a kitchen with unwieldy iron pots and pans is a think of the past, because the price of aluminum pieces has been brought within the scope of every housewife's allowance.

Aluminum is about one-third the weight of iron utensils and it is just about seventy-five per cent. less wearing on one's energies.

Come to the Basement demonstration tomorrow. There will be an exhibit of pot roasting without the use of water, tomatoes with be boiled without being stirred. But there will be other interesting demonstrations, so come to-morrow.

## 52 ACCOUNTS FILED FOR ORPHANS' COURT Register of Wills Danner to Present Calendar For Confirmation October 13

Fifty-two executors, administrators and trustees' accounts will be presented to the Orphans' court of Dauphin county Tuesday, October 13, for confirmation. The list was compiled and filed Saturday by Roy C. Danner, register of wills.

The list includes forty-four first and final accounts, one first, a second and final, a first and partial, a first and second, and two complete accounts. The reports of ten guardians, two trustees, nineteen executors and twenty-one administrators comprise the calendar.

Orphans' court will be held prior to the October term of Argument court which is scheduled for the same day.

**Must Make Pipe Connections.**—Notice has been served upon all the property owners abutting in Ethel street from Eighteenth to Nineteenth streets to make the necessary changes in water, sewer, steam heat and gas pipes within sixty days in order to prepare for the paving and curbing of that section.

**Begin Military Census Today.**—All over Dauphin county to-day the assessors, according to schedule, began taking the military roll for 1914—the roll of able-bodied men eligible for services under the arm of Uncle Sam should necessarily arise. The men between the ages of twenty-one and forty-five will be listed.

## ALLIES REPORTED TO HAVE LED GERMANS

[Continued From First Page]

fought sternly on and slowly beat the enemy back.

**600 Dead Counted**

The attempts of the Germans to cross the Marne at Meaux entailed terrible losses. Sixteen attempts were foiled by the French artillery directed on the river and in one trench 600 dead Germans were counted.

The whole country was strewn with the dead and dying. When at last the Germans retired they greatly slowed their rifle fire and in one place retired twelve miles without firing a single shot. One prisoner declared that they were short of ammunition and had been told to spare it as much as possible.

Monday saw a tremendous encounter on the Ourcq. In one village which the Germans hurriedly vacated the French in a large house found a dinner table beautifully set, with candles still burning on the table, where evidently the German staff had been dining. A woman occupant said they fled precipitately.

There was a great deal of hand-to-hand fighting and bayonet work on the Ourcq, which resulted in the terrible Fible Meudon regiment beating a retreat. On Monday night General Von Klueck's army had been thrown back from the Marne and from the Morin and to the region of Sezanne, and his position was serious. Immediate steps were necessary to save his line of communications and retreat.

To the east of Sezanne the Germans tried north to Meaux district and to Ourcq and tremendous efforts made to break up the French resistance in this quarter, for Meaux is to Paris as Reading is to London.

**Shares Fate of First**

The second attempt on the Ourcq shared the fate of the first through Monday night and well into Tuesday the great German guns boomed along this river and resistance of the allies could not be broken. "Hold" was the command and the French were ordered to obey. While the Ourcq was being held the struggle of Sezanne was bearing splendid fruit. The German resistance on Thursday morning was broken. I heard the news in two ways.

The wounded men were no longer down-hearted, but eager to rejoin the fray. On Tuesday they were in full exclamation that they are in full retreat and they are brushing back home, and in the same breath came their recognition of the great help being given by the British army. I am convinced that the full extent of this rout is noted in newspapers in England. It was of a truly terrific character. The grim set of men, terribly weary, but very amiable, except the officers.

The enemy crossed the Marne on the return journey north under great difficulties. They were being driven back by the British troops, who pursued them hotly. The German artillery operated from a height; there was again much hand-to-hand fighting and the river was swollen with dead.

On Tuesday night the British were in possession of Laferte, Sous Jouarre and Chilly. They drove back the famous imperial guard of Germany from Sezanne toward the swamps of St. Gond, where a century ago Napoleon achieved one of his last successes. The main body of the guard passed to the north of the swamps, but I heard of men and horses engulfed and destroyed.

On Wednesday the English army continued the pursuit towards the north, taking guns and prisoners. On that day I found myself in a new trench. The good news had spread. Girls threw flowers at the passing soldiers and joy was manifested everywhere.

The incidents of Wednesday will astound the world when made known in full. I know that two German detachments of 1,000 men each, which were surrounded and cornered, but which refused to surrender, were wiped out almost to the last man. The keynote of these operations was the tremendous attack of the allies along the Ourcq on Tuesday, which showed the German commander that his lines of communication were threatened. Then came the crowning stroke.

The army of the Ourcq and of Meaux and the army of Sezanne drew together like the blades of a pair of shears, the pivot of which was in the region of the Grand Morin. The German retreat was thus forced toward the east and it speedily became a rout.

To-morrow will be the second registration day. Have you registered?

# NOW IS THE TIME To Figure the Cost of Heating

If you wait until cold weather comes you will go down to the store some morning with your teeth shattering, and buy the first stove that has a few good talking points, and perhaps pay for it twice over during the winter with the extra fuel it consumes.

## EXPECT 50 CHURCHES TO JOIN IN REVIVAL

Nearby Towns Rally to the Cause; "Billy" Shannon Will Arrive Here Soon

The Stough campaign with an increase from thirty-eight to forty-one co-operating churches in this city, Wormleysburg, Camp Hill, Lemoyne, Enola, Fenbrook, Steelton and Rutherford Heights, within a few days, shows that a monster force of workers will be at their post of duty before the big tabernacle meetings open November 1.

In all probability there will be fifty churches co-operating by next month. Several more churches, including United Brethren, Lutheran and other denominations are considering co-operation.

Billy Shannon, the preliminary organizer, ex-brewery agent, will arrive within a few days to stay in this city until the tabernacle meetings open. He will be chiefly engaged at the outset on the neighborhood prayer meetings. Mr. Shannon is a resident of Berwick.

Fully 1,800 people attended the four big mass meetings held at Park Street United Evangelical (6:55); Sixth Street United Brethren (6:00); St. Paul's M. E., Vine street, (3:00); and United Evangelical, Lemoyne, (3:00), yesterday afternoon.

The meetings next Sunday will be held as follows: Christ Lutheran Church, Covenant Presbyterian, First Baptist, all to be addressed by trail hikers from Sunbury. Mass meeting at Steelton. Prof. Ellenberger will speak.

The Rev. Mr. Greene leaves, resigning the pastorate of the Tabernacle Baptist Church, the Rev. J. Wallace Green will go to Philadelphia after next Sunday's service. He will not announce his plans for the future and denies he will leave the ministry. He will preach his farewell sermon next week. Since he has taken up the pastorate here about eighteen months ago the church has secured forty-two new members.

DR. SMITH HERE  
The Rev. Dr. J. Ritchie Smith, who retired as pastor of the Market Square Presbyterian Church in July to accept the chair of homiletics at Princeton Theological Seminary, occupied his old pulpit yesterday morning and evening. Incidentally, he said some nice things about the Rev. Mr. Cooke, who will fill the pulpit during the interregnum. Especially strong was Dr. Smith's sermon last night on "The King's Highway." Large congregations heard him.

## Why We Can Sell Clean Coal

We have a man at each of our coal yards whose duty it is to see that nothing but clean, screened coal is loaded into our wagons.

All our coal is screened twice, once at the coal mines and again when it is loaded into the wagons.

You can't get dirty coal from us unless an accident happens to our screens—and that is a very rare occasion indeed.

Let us have your next order, you can easily see the difference.

## SINGLE TRACK ON SECOND ST. LIKELY

[Continued From First Page]

the eastern side of Second street below Mulberry and to date much headway has been made with the steam shovel. The ground, in fact, has been removed practically to the line of the car track. On the north side of the railroad the asphalt has been taken up preparatory to starting the work there.

Unless the dispute over the question of who is to pay the \$500 is settled it is generally expected that the traction company will continue to use the single track on the western side of the street until the eastern half of the subway is completed. Then a track will be laid temporarily in the newly finished section while the steam shovel attacks the western side of the highway.

Except that this method will mean more or less additional delay, the plan is not unsatisfactory to the city officials. Just what problems may develop in case of an emergency such as the possible flooding of the Market street subway, which would necessitate operating Steelton cars via South Second street, are matters of some concern in engineering circles. Then, too, there is the possibility of a cave-in.

## Contractors Prepare to Remove Deposits Outside of the Steps

Now that the river has receded to its lowest summer stage, the contractors are preparing to remove the deposits of stone, dirt and rubbish of all sorts outside the line of the wall and steps. There are hundreds of tons of this material, which can be utilized in filling the space between the wall and the slope. This morning the large steam shovel which has been operating at the foot of Market street was moved to Herr street, where the concrete stringers have been finished and where

## SURE WAY TO GET RID OF DANDRUFF

End Itching Scalp and Stop Falling Hair—At Once

There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This dissolves it entirely. To do this, get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and strikes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

considerable fill is necessary back of the wall to bring it to grade for the construction of the granolithic walk.

Foreman Williams, in charge of the work in the vicinity of Peffer street, broke the record to-day by building sixteen sections of steps. He expects to finish the work to Maclay street before the first of October and with the present headway there seems to be no doubt that the entire job will be completed before winter.

## City Will Purchase 25 Permanent Metal Posts in Sockets For Roping

Permanent metal posts to carry the thousands of feet of rope for blocking off streets in the business section during parades or other demonstrations will be purchased by the city in the near future.

The draughtsmen in the City Engineer's office are preparing a drawing and as soon as the type is decided upon twenty-five or thirty posts will be bought.

About 10,000 feet of rope will be used for the firemen's convention in October and it will likely be necessary to buy 4,000 feet.

## Bids For Five New Sewers Opened at Noon by W. H. Lynch

Bids for the construction of five sewer lines were opened at noon to-day by City Commissioner W. H. Lynch, superintendent of streets and public improvements. There were three bidders on all the jobs. Following were the bids:

Eighteenth, Park to Regina—William H. Opperman, \$1,037; John A. Stucker, \$1,039, and G. W. Ensign, Inc., \$1,066.

Green, Seneca to Emerald, and Fourth, from Seneca to Emerald—G. W. Ensign, Inc., respectively, \$523.15 and \$678.80; William H. Opperman, \$527 and \$719; John A. Stucker, \$584 and \$777.

Second Street, from Seneca to Emerald—William H. Opperman, \$507; G. W. Ensign, Inc., \$530.30, and John A. Stucker, \$559.

Zarker, Chestnut Street from Nineteenth to Twenty Feet West of Twentieth—John A. Stucker, \$1,299; G. W. Ensign, Inc., \$1,378, and William H. Opperman, \$1,397.

## COURTHOUSE NOTES

Eleven properties in different parts of the county and city will be sold by Sheriff H. C. Wells at the September term sheriff's sale on Thursday at 2 o'clock, September 24.

**Robert Seibert Discharged.**—In an order handed down to-day Additional Law Judge McCarrell discharged from jail Robert Seibert, who had been confined because of his failure to pay his wife \$2 weekly for her support. He was placed under bond so that he may get out and work to pay his obligation.

**Wants Increased Maintenance.**—Mrs. Charles Simms to-day petitioned Additional Law Judge McCarrell for a rule upon her husband, Charles Simms, directing him to show cause within ten days as to why he should not pay her more than \$6 per month for her support. The increased cost of living, she declares, has made it impossible for her to live on \$5 a month.

**Want Receiver for Tyrone Iron Co.**—October 12 at 10 o'clock was fixed to-day by the Dauphin County Court for the hearing of the petition of the Tyrone Iron Company for the appointment of a permanent receiver. The State to-day presented the petition.

The concern is considered insolvent.

**City Treasury Pays Big Bills.**—City Treasurer O. M. Copelin to-day paid out \$6,480.91 to the Maryland Canning Company for work on the Paxton creek improvement. A voucher for \$2,000 was paid to the Cpoous Copous Engineering Company for equipment for pumping station. The city cops got their checks to-day, too.
