CAUSED BY OVEREATING. Deficient gastric secretion, meaning a lack of the fluids necessary for digestion, is a prevalent condition. You may have it now and not know it because you are able to get along without actual discomfort even with your enfeebled digestion.

But if you overeat—then you are in trouble. You have indigestion because you have given your weakened stomach too much to do. The deficient gastric secretion was what doctors call the predisposing cause, the overeating was the exciting cause. It is easy not to repeat the overeating, but the predisposing cause must be corrected if you are to be well.

The secretions that digest the food come from glands that are nourished by the blood. When these secretions are insufficient the only way to restore their healthful condition is by building up the blood. This can be done, Dr. Williams' Pink Pills, the non-alcoholic tonic that assists nature in keeping the body in health. Proper attention to diet and use of Dr. Williams' Pink Pills should be tried in cases of disordered digestion because it is the simple and natural way to correct the trouble.

Send to-day for a copy of our free diet book, "What to Eat and How to Eat." Address the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.—Advertisement.

ADVOCATE RAPS PLAN FOR "OPEN SUNDAY"

Editor Declares Sunday Baseball Is Step in the Wrong Direction

The Church Advocate, the official publication of the Church of God in this state, published in this city, in an editorial in this week's issue deprecates the fact that plans are being made to induce the Legislature to revise the Sunday laws of Pennsylvania and urges Christian people to rise in arms against such a movement.

S. G. Yahn, the editor, points out that the movement for Sunday baseball is a step in the direction of the "open Sunday." He says: "Indications are becoming stronger every day that a strenuous and systematic effort is being made to prepare the way for the revision of our Sunday laws in Pennsylvania by the next Legislature. Just now sentiment is being created in favor of legalizing Sunday baseball. This movement has the support of the State Federation of Labor, with a membership of half a million. Thousands of other men, and women too, who are baseball enthusiasts are appealed to by this movement.

"But this is only the opening wedge. The ultimate purpose, which the leaders of the movement hope to gain in the no distant future, is the 'open Sunday.' Now is the time for Christian people to safeguard their rights. When pernicious bills of this kind are introduced in the Legislature the Christian people of the Commonwealth will of course become aroused and do all they can to prevent their passage. But there is a better and a safer way. It is to see to it that the men whom you send to Harrisburg to represent you are God-fearing men, who will stand for the sanctity of the Sabbath and all that is best in social, civil and religious life."

Dr. Smith to Preach.—The Rev. Dr. J. Ritchie Smith, former pastor of the Market Square Presbyterian Church, will deliver the sermon at the James Boyd Bible class services to be held in the Paxton Presbyterian Church next Sunday.

The next show will be Monday evening, September 28.

And we were doubly fortunate that he had the foresight to bring along with him huge hampers filled with the very newest foreign creations. What did he do? Kept them under cover until he had them reproduced, and four weeks ago sent out confidential letters to his best customers. The Coats are here—every new conceit among them and the fabrics are most beautiful. You will appreciate the coats—we will appreciate your visit. THE GLOBE
