### Very Effective Method For Banishing Hairs

(Modes of Today)

At very little cost any woman can rid her face of hairy growths, if she will use the delicate treatment. This is made by mixing some water with a little powdered delatone. This paste is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delatone. —Advertisement.

## See These New CORSET STYLES

In conjunction with "The Fourth Semi-Annual Gossard Proclamation of Authoritative Corset Styles," we are placing on exhibition a full line of models of the beautiful new corsets which will set the styles for well dressed women this season.

Our illustration shows the general lines that the style makers have decided on, but nothing less than a personal inspection will give you a satisfactory idea of their beauty and comfort.

If you are contemplating the purchase of a new frock or suit, you should by all means purchase your corset first. The corset is the foundation of your entire appearance, and no frock, no matter how expensive, will be smart unless your corset has the correct new lines.

### For Every Figure

In our complete assortment of the new styles in Gossard Front Lacing Corsets, we have a model for every known type of figure. The prices run from \$2 to \$25, depending upon the material used. The lower priced Gossards are correct in style, and will give splendid wearing service. Our experienced corsetiers will be glad to give you their expert advice and a personal fitting at any time.

Gossard Corsets set the correct styles for the entire civilized world. These styles for the next six months are just out. See them at your earliest convenience if you would be correctly attired.

## PARK DEVELOPMENT IN EXHIBITION IN CHILE

(Continued From First Page)

fishery section was composed of a big cabinet of scores of pictures of the various activities of the city play-grounds, the track meets, water carnivals, summer camp at McCormick's Island, Wildwood, Reservoir, the River Front parks, Cameron driveway—in fact splendid photographs of something that pertained to every phase of the play-ground and park work. The New York city bureau made up the display in the Fall of 1913 and there were exhibitions in New York, Jersey City, Oakland, San Francisco and Los Angeles and Toronto, Ohio.

Several months ago an alderman from Santiago visited New York and saw the great exhibition—Harrisburg's views on the other side—and he was so impressed with the value of the pictures that he strongly urged Santiago's chief executive to arrange to get the cabinets to Chile. Negotiations were completed by cable in July and arrangements were closed by which 10,000 copies of the catalog were translated into Spanish.

In concluding his letter to the park department, the American City Bureau says:

The exhibition is to remain on display until September 30, after which it is expected that arrangements may be made for its display in other important South American cities. This publicity, which cities of the United States are securing in South American cities without cost to them, is considered especially valuable in view of the desire of American manufacturers to cultivate closer relationships with South America because of the changed conditions resulting from the European war.

### Man on Trial For Embezzling \$50,000, Is Killed by Train

Philadelphia, Sept. 22.—John J. Dallas, of Ardmore, Pa., who was on trial in the Montgomery county court at Norristown on the charge of having embezzled nearly \$50,000 from a Philadelphia jewelry firm, was killed by a Market street elevated train at Sixteenth and Market streets here today while on his way to court. Whether Dallas accidentally fell in front of the train or jumped in front of it has not been determined by the police. Dallas' wife and sister, who were accompanying him to Norristown, witnessed his death.

Dallas was a bookkeeper for the jewelry firm at \$20 a week and the shortage in his accounts covered a period of years. He lived in fine style in the Philadelphia suburb, owned an automobile and had money in banks. Dallas' defense was that owing to his ability as an expert accountant he earned money by going over books of other concerns, but this was denied by witnesses.

### Tightens Her Skin—Loses Her Wrinkles

"I want to tell you how easily I got rid of my wrinkles," writes Luella Marsh. "While in London a friend, much envied because of her youthful looks, gave me a formula for a household preparation which has the effect of instantly tightening the skin, thus smoothing out wrinkles and furrows."

"The principal ingredient is powdered saxolite, which can be had at drug stores here. An ounce is dissolved in a half pint witch hazel. After bathing my face in this but once the transformation was so marvelous I looked years younger. Even the deep crow's feet were affected, and the amount of time about my neck is difficult to believe anything could produce such results. Several to whom I recommended the recipe have been similarly helped. An elderly lady whose cheeks had become quite baggy."

## A Wonderful Benefit To Me Was Peruna.

Mrs. Emma Rooke, 1512 W. Erie St., Chicago, Ill., a professional nurse, writes: "Peruna was a wonderful benefit to me. I suffered with catarrh of the stomach in a very bad form, could not eat without great distress. My stomach became sour, I had gas, and would belch up my food. My indigestion was so bad that I could not sleep without waking a dozen times in the night, often with intense pains. My breath was very bad. I used many remedies supposed to be good, but I obtained no relief until after I had used Peruna. Then my recovery began, and while it was slow it was sure. I am therefore more than pleased to recommend Peruna for all catarrhal difficulties, as I am sure that it will cure them."

There are people who object to taking fluid medicines. To such people the Peruna Tablets are especially valuable. They are convenient to carry in the pocket.
