## PASTOR FIVE YEARS AND 15 IN MINISTRY

Interesting Anniversary Services in Celebration and Church Cancels Indebtedness

Special to The Telegraph

Columbia, Pa., Sept. 23.—St. John's Lutheran Church held an interesting anniversary service in commemoration of the fifth anniversary of the pastorate of the Rev. George W. Genszler, who at the same time observed the fifteenth anniversary of his entry into the ministry. The event was rendered more memorable by reason of the fact that in connection with the service the members were able to cancel the indebtedness on their church, which ceremony was observed by the burning of bonds amounting to \$3,400. This was done in the presence of the congregation and it was witnessed by hundreds of the members and friends of the church, who joined in the service which relieved them of a financial burden which has now been wiped out, and leaves them with their magnificent church building entirely free from debt.

The pastor has been an ardent worker to this end and was assisted in his labors by the untiring efforts of the members, who are jubilant over the outcome and the prospects for the future success of their church.

## A Hint for Coming Maternity

In a little book designed for expectant mothers more complete instruction is given in the use of "Mother's Friend." This is an external embrocation applied to the abdominal muscles for the purpose of reducing the strain on ligaments, cords and tendons.

In thus bringing relief and avoiding pain great good is accomplished. It serves to ease the mind, indirectly has a most beneficial effect upon the nervous system and thousands of women have delightedly told how they were free of nausea, had no morning sickness and went through the ordeal with most remarkable success. "Mother's Friend" has been growing in popular favor for more than forty years. In almost every community are grandmothers who used it themselves, their daughters have used it and they certainly must know what a blessing it is when they recommend it so warmly. Strictly an external application it has no other effect than to ease the muscles, cords, tendons and ligaments involved hence is perfectly safe to use by all women. It is used very successfully to prevent caking of breasts.

"Mother's Friend" is prepared in the laboratory of Bradford Regulator Co., 404 Lamar Bldg., Atlanta, Ga.

## CHILDREN'S DAY AT CARLISLE FAIR

Thousands of Little Folks Present From All Parts of Cumberland Valley

Carlisle, Pa., Sept. 23.—Yesterday was children's day at Carlisle fair. Thousands of children from Carlisle and surrounding towns, accompanied by their parents, were present. The many attractions at the fair this year afforded the children a great day's enjoyment. There was a pony race, special arrangements having been made for it to complete the day's pleasure for the children.

The attendance at the fair to-day was greater than any Wednesday in many years, this being largely due to a well arranged bill of amusements extensively advertised. From all indications this will be the most successful year in the history of the Carlisle fair. The racing entries are beyond doubt the best ever arranged at a Carlisle fair. The horticultural exhibits this year far surpass that of any year in the history of the fair, the entire building being crowded to its capacity.

The Penn Grange has an extremely fine display this year. The grange have about five-hundred entries.
