Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

It's the carbon in the coal that makes heat. It's heat that makes coal satisfactory. All coal will burn, but some just glows while Kelley's Coal, rich in carbon, burns with lasting heat intensity. Kelley's coal is the kind you will need this winter, and the Goose Bone Prophet says it's going to be a severe winter.

DR. BRUMBAUGH IN OLD NORTHUMBERLAND

Wins the People and Starts Through Union, Snyder and Mifflin Counties Today

THOUSANDS GREET CANDIDATE

Candidate's Tour One of the Most Remarkable Known in the County in Years

Special to The Telegraph
Lewisburg, Pa., Sept. 24.—Dr. Martin G. Brumbaugh, Republican candidate for Governor, and the members of his campaign party, came to Lewisburg this morning on their start of a whirlwind tour of Union, Snyder and adjoining counties, and delighted with the manner in which Northumberland county, without regard to party, rose to greet the standard bearer. Dr. Brumbaugh will spend part of to-day here and then go into Snyder county, holding a meeting in Middleburg this afternoon. To-night he will be in Lewistown. Dr. Brumbaugh was greeted by many people as soon as he arrived and the weather had no effect on their enthusiasm.

Dr. Brumbaugh closed his tour of Northumberland with a rousing meeting in the armory at Sunbury, or rather with the armory as a center, as the people could not all get in. Democrats, Progressives and men of all parties gathered to greet the doctor and the Democratic tours of the county now seem to have been mere excursions.

In Shirt Sleeves
Dr. Brumbaugh felt the heat considerably during the day and when he began to visit the industrial plants he took off his coat and campaigned in his shirt sleeves. It was a revelation to the men in the mills and factories of Watsonville, Milton and Sunbury. He said it was hot and he did not care what people said about the absence of his coat. The meetings in the two up-county towns were well attended, but the biggest was held at Northumberland in the afternoon because the men left their work to greet the candidate. Dr. Brumbaugh was so rushed at Sunbury that he had little time to attend to the speeches which were strong and straightforward, devoid of frills and filled with his word. His colleagues battered the Democratic tariff policy, which had been severely felt in the county.

Brumbaugh Hits Homers
"There are three ways in which the gubernatorial office can be administered in Pennsylvania to-day. We can have a political administration of your State affairs in which partisanship shall dominate every other consideration and in which all the offices of your Commonwealth shall be given to people solely because they happen to belong to a certain party regardless of every other qualification. We can have an administration, Governor, it will not be that kind of a businesslike manner. There is a second way to look at this matter, as one of my friends said this morning, as I took the train; 'we are tired of politics in Pennsylvania and in its affairs. We want the affairs of the State conducted in a businesslike manner.'"

"We want your sympathy and respect for Pennsylvania just as you have the respect of your neighbors. That is the kind of administration we want to give you plus a third type administration, which I have in mind, more important than a business administration. With the splendid background of fatherhood and motherhood of this great State we ought to give this

"Gets-It" for Corns Sure as Sunrise

New Plan. Corns Shrivels, Vanish
Until "GETS-IT" was born nobody was ever sure of getting rid of a corn. Corn treatments nearly all contained the same ingredients, only some were liquids, some plasters, some

"wrappers" and some in saline form. Now comes "GETS-IT" with a newly discovered formula—the corn cure on a new principle and a simple plan that never fails. This is why "GETS-IT" has grown in three years to be the biggest-selling corn cure the world has ever known. There's no more need of fussing with corns, no more digging or cutting. There's nothing to press down on the corn, nothing to inflame the flesh, to "pull" the corn or cause pain. Put two drops of "GETS-IT" on in two seconds. That's all. For any corn, callus, wart or bunion. "GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Cumberland Valley Railroad TIME TABLE

Kirk Brown Comes to Majestic Theater Next Week

MR. KIRK BROWN

Popular Star Will Have Repertoire of Attractive Plays

With a new leading lady, whom he will introduce with pardonable pride because she is not alone talented but very pretty, Kirk Brown, the well-known star, will occupy the Majestic Theater stage for an entire week, beginning Monday afternoon. He will offer a different play every day in the week, sometimes presenting two different pieces on the same day. Twelve performances will be given during the week. Mr. Brown is probably known in a greater number of Harrisburg homes than any other legitimate star of the stage, for where hundreds go to see the majority of successful players who come to the Majestic, Mr. Brown counts his patrons by the thousands. His record in Harrisburg proves that and what he does here is no different than elsewhere on the circuit. There is always a welcome for Kirk Brown and his company at the Harrisburg theaters, for in his coming a way is opened for the great masses, and that includes the classes, too, to see some of the best shows that were ever staged for a moderate price that enables them to take in, not only one, but several during the week. Last winter Mr. Brown broke all records for attendance at the Majestic Theater. The total number of tickets sold during that week last season was in

excess of 42,000, and this means practically capacity at every performance. Mr. Brown has long been popular in Harrisburg. Way back in the days of the Grand Opera House he used to pack the place to capacity, and every time he has been back to town since then he has kept his crowds with him. Last winter he had added to his old clientele a rising generation of theatergoers. Mr. Brown's secret of success in the show business is to do things right, make the prices within reach of all, and count the gross receipts after the multitudes and not the few who have added their bits. He leaves nothing undone that will add to the artistic success of the performance he is giving, and he allows the matter of receipts to take care of themselves. He says that by making the prices low enough so that every pocketbook in town can meet the demand without feeling it, the receipts will take care of themselves. And with Kirk Brown they usually do.

Mr. Brown's new leading lady is Miss Thelma Earl Andrews, who was for several seasons a decided favorite on the Pacific Coast. Mr. Brown heard much of this young woman's charm and went all the way to San Francisco to observe her work before offering her a place in his company. In the several cities that Miss Andrews has appeared with Mr. Brown this season she has left a marked impression. Mr. Brown's repertoire will open on Monday afternoon with a performance of "Thais." In the evening "Raffles, the Amateur Cracksman," will be presented. There will be a new play each day.

BE FAIR TO YOURSELF

Don't select musical instrument of any kind until after you have heard the New Edison Diamond Disc Phonograph at the J. H. Troup Music House, 15 South Market Square.—Advertisement.

High Cost o' Living Making Blind Man See

Pittsburgh, Sept. 24.—A blind man suddenly gained his sight in a north side restaurant last night when he thought that he had been overcharged for his meal. Charles Clarke, of Cleveland, Ohio, with pencils and other articles to sell, was walking along Federal street soliciting aid from pedestrians by means of an "I am blind" sign. One man he asked to lead him to a restaurant, and after getting there, the waiters found it necessary to feed him. After partaking of the food the "blind man" was given a bill for 50 cents. Clarke opened his eyes and there crept a disturbance, with the result that he was arrested. At a hearing before Magistrate W. H. Robertson in the Allegheny police station Clarke was sentenced to pay a fine of \$50 or serve ninety days in the workhouse.

Why Modern Women's Hair Is Getting Thin—By Mdm. Beaupre

Wigs, switches, curling tongs, artificial waving, singeing, etc., have combined to ruin the hair of many women, so that there is an increase in baldness. But proper care will develop heavy, beautiful hair upon any head. In washing the hair do not use a makeshift which may remove more than the excess oil, leaving the hair dangerously dry, but use something which is made for shampooing only. A perfectly safe, economical, and vigorous shampoo, that makes the hair so fluffy it seems much heavier than it is, can be had by dissolving a teaspoonful canthrox, which every good druggist sells, in a cup hot water. This mixture cleanses gently, yet thoroughly removing all dirt, excess oil and dirt, giving to the scalp and hair the vigor that insures scalp health and hair beauty. Canthrox shampoos make the hair feel good, make the hair look good, are very beneficial where hair is faded, dull or brittle, and the regular use of canthrox will greatly enrich the color of the hair and give a beautiful gloss and softness.—Advertisement.

FIREMEN'S BIG WEEK WILL START OCT. 4

[Continued From First Page]

Charles Blessing, M. Harvey Taylor, J. R. Hoffer, C. B. Hoffman, Jacob C. Kohler, Albert L. Barnes and George W. Bogar. The program of the week, starting Monday, is as follows:

October 5—Reception of delegates at Union headquarters, 420 Market street.

October 6—Opening of convention in Chestnut street hall at 10 o'clock; music by the Iroquois Band of Palmyra; address of welcome for the Firemen's Union by Colonel H. C. Demming, president of the Union; address of welcome for the city, Mayor John K. Royal; address for Dauphin county by Judge George Kunkel, response for State Firemen's Association, George Croll, president of the organization; 11 o'clock, Ladies' Auxiliary will hold business session in the Technical High School auditorium. The day will conclude with an oyster at the Beach Club house near New Cumberland.

Convention Opens
October 7, convention convenes at 10 o'clock and at 2 o'clock; day will end with a grand ball in the Chestnut street hall. The women's committee will take charge of the visiting ladies and escort them over the city and on trolley rides, during the entire week. October 8—Grand parade in which 142 fire companies and 139 bands will participate with H. O. Holstein, as chief marshal; William S. Tunis, chief of staff; Edward F. Eiseley and John A. Snyder, assistant chiefs of staff, and A. L. Patton, W. L. Jauss, F. E. Ellis and M. M. Tawney, assistant marshals. Convention adjourns.

Friday, October 9—Competitive drills, races, tests of fire apparatus; trips to Hershey and other points for the Ladies' Auxiliary.

Cotesville to Send Special
Cotesville will send a special train to Harrisburg with 500 firemen and at least 1,000 visitors.

Washington Hose Company, No. 1, is coming with 100 uniformed men, and the Iroquois Band of 40 pieces, of Lancaster. On the same train leaving Cotesville at 8:30 a. m., will be the Brandywine Company, No. 2. While in Harrisburg the Washington Company will be the guests of the Hope Fire Company. This will be the second trip of the "Washington" to Harrisburg. The first trip was twenty-nine years ago, at the time of the Dauphin county centennial celebration. At that time they were the guests of Citizen Fire Company, No. 3.

WASHING WON'T RID HEAD OF DANDRUFF

Dissolve It, That's Best Way.

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring, use enough to moisten the scalp and rub it gently with the finger tips. Do this to-night, and by morning most, if not all, of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. If you want to preserve your hair, do by all means get rid of dandruff, for nothing destroys the hair more quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everyone notices it. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Advertisement.

THE MORE CIVILIZED

People become the more consideration they give to their surroundings when they are eating. When you are not among the refinements of your own home you will find Menger's Restaurant a neat, refined place in which to eat your meals. Best the market affords prepared under the personal supervision of Mrs. Menger, clean nappery and homelike in its appointments. 116 North Second street.

COMING EVENTS

Leaves are falling one by one; coal will soon burn by the ton. Is your furnace in good shape? If not, you will need a cape, new pipe or lining, door or grate. Phone us now and do not wait. We will get there on the run. Wm. W. Zelders & Son.

Safety Always

Comes from a wise selection of easily digested foods which supply the maximum of nutriment with the least tax upon the digestive organs. Food follies always lower vitality and decrease efficiency. The ideal every-day diet is

SHREDED WHEAT

with fresh fruit and green vegetables, a combination that is helpful and satisfying, supplying all the strength needed for work or play. The world's universal, staple breakfast cereal. Ask your grocer.

Always heat the Biscuit in oven to restore crispness; then pour over it milk or cream, adding salt or sugar to suit the taste. Deliciously nourishing for any meal when served with sliced peaches, milk or cream, or with fresh fruits of any kind. Try toasted Triscuit, the Shredded Wheat Wafer with butter, cheese or marmalades.

"It's All in the Shreds"
Made only by
The Shredded Wheat Company, Niagara Falls, N. Y.

The Larger The Coal the longer it lasts.

It takes longer to burn one ton of Egg Coal than it does the same amount of Stove Coal.

And Nut coal will give you more lasting results than Pea size.

For this reason it is more economical to burn Wilkes-Barre Egg coal in most furnaces than it is to use Wilkes-Barre Pea.

For mild weather Pea coal will do—but when the thermometer gets down around zero the small size quickly burns up and don't appear to give out much heat.

We will be glad to send 500 lbs. of the larger size for you to try.
