Farmers Will Be Compelled to Pay Increased Rates This Year

Selinsgrove, Pa., Sept. 25.—For the first time in thirty years farmers of Snyder county will be compelled to pay higher prices for threshing their crops of wheat and rye. Announcement has been made by the members of the Thresher's Alliance that the charge will be three cents a bushel for wheat and rye, and two cents a bushel for oats, which latter price is the same as former years. In former years all grains were threshed for two cents a bushel.

Farmers in this section, in many instances declare they will bind themselves together and buy a threshing outfit rather than submit to the "trust" methods alleged to be in use by the Thresher's Alliance.

After those favoring the resolution had explained that a special surprise a weapon against national constitutional prohibition, the protest was adopted by an almost unanimous vote.

UNIQUE SIGN THAT ATTRACTS MUCH ATTENTION

Mifflin County Farmer Calls Attention to **Highway Made by State**

Lewistown, Pa., Sept. 25.—At the Lewistown end of the new State highway, in the Lewistown Narrows, stands the unique sign that accompanies this article. It was erected by John Miller on his land. When the new State highway was built the road was changed from where it ran over a steep hill to lower down near the river, where the land was more level. The new road went through the land belonging to Mr. Miller. He contested the right of the people to go through his farm, saying that it would cut up and damage his property, but the road was surveyed and open up. Mr. Miller carried the matter to the courts here, where his contention was metwith defeat. Then he erected the sign that stands on his land facing the new road.
