A Showing of Fall & Winter Suits That Emphasizes the Correctness of Styles for the Fall & Winter Season

The originals of many of the Suits in the Dives, Pomeroy & Stewart outer garment section are the products of peaceful, fashionable Paris, when Poiret and other noted designers were still in their salons.

Each garment in this carefully gathered style group is of masterly workmanship and faultless as to details of trimming. In a word the correctness of the style situation for the Fall and Winter season is emphasized in the balance that is given by the new set-in sleeves, the lines of bodices, the placing of waist lines and the smooth fitting hips.
