The class leaders, according to the report, are as follows: George Fox, first, Naomi Eves, second in senior class; Nora Lippi, first sophomore; Helen Kelley and Horace Nunemacher, first juniors. The present freshman class, however, has no ranking, not being in the institution last year.

done if there be enough members to bring in an annual income of \$2,000 or \$2,500. "It is expected that several hundred men will become sustaining members by paying \$5 annually. The women have helped generously with the Y. W. C. A. work, and now the men of the city have an opportunity to reciprocate, as they surely will and aid in the magnificent work of the Y. W. C. A.

Rainbow Campaign for Funds
This morning arrangements were perfected for a rainbow campaign, which, it is hoped, will result in enough members to place the organization on a sound basis. Miss Stitt went on. Miss Mary Jennings is general chairman of the campaign and has under her seven local captains and seven captains of outlying districts. The seven local captains include Miss Mary Hiestor, Miss Anna Orth, Mrs. William H. Hain, Mrs. A. E. Shirey, Mrs. J. H. Balsley, Miss Norma Barker and Mrs. DeWitt Fry. Each captain will have seven lieutenants, and each lieutenant will select seven workers. Thus Harrisburg will have an active corps of women soliciting permanent members for the association from Penbrook and Progress. One of the seven primary colors. From the windows of the new building will hang the seven flags and the object of each captain will be to have her particular flag raised above the others. Each dollar will count one point for the company, so that those securing a large number of sustaining members will count their points rapidly. "There will be seven captains of outlying districts also—Mrs. Solomon Hines, Jr., of Steelton; Mrs. F. R. Oyster, of Riverside; Mrs. C. M. Forney, of Paxtang; Mrs. Edward N. Cooper, of Camp Hill; Mrs. Smith, postmistress of Linglestown, and captains from Penbrook and Progress, whose names will be announced later.

Daily Reports of Captains
The preliminary 'tea' will be held on Friday, October 23, the day following the public inspection. On the next day, Saturday, the 24th, active work in the campaign will commence. The entire city has been districted and a thorough canvass will be made. There will be a daily 'tea' at the Y. W. C. A. to hear the reports of the

captains and to award honors for the day. "The final 'tea' and announcement of results will be held on Saturday, October 31. Miss Stitt explained. "The campaign will be unique and it should receive the hearty support of the citizens of Harrisburg. A dollar invested in membership will bring large returns both for the individual investing and for the young women for whom the building is erected.

Association Privileges
"One dollar will make any person an active or associate member, with all the privileges of the handsome new home—the library, the use of the cafeteria, the restrooms, the reading rooms and attendance on the current event class, which will open the first Tuesday of November. One dollar a year will secure all of these privileges, no extra fee being charged for the current event class," said Miss Stitt in conclusion.

The managers announced this morning that the price of the rooms had been fixed at the rental of \$5 and \$7.50 a month. Each girl has a room alone. The rooms are comfortably furnished, have hot and cold water and electric lights.

Remember the rainbow campaign, October 4-31.

PINCHOT IS TAKEN SERIOUSLY ILL
Immediately secured and his condition throughout the night was critical. Mrs. Pinchot and other members of the party left this morning to tell other towns where he was to have spoken to-day why he cannot speak to them. It is expected Pinchot will return to Philadelphia to-night, provided he is improved enough to risk the journey.

The physicians who attended Mr. Pinchot stated this morning that some food which he had eaten last night must have caused his illness. After investigation, however, they were unable to discover just what it was. Several members of the party partook of the same food and none of the others was affected in any way. Just previous to his addressing the open air meeting last night Mr. Pinchot stated that he was not feeling well, but his indisposition was thought to be trivial.

Dr. Drozski, one of the attending physicians, said that the attack was bound to leave Mr. Pinchot in a weakened state and that it would be unsafe to proceed with the campaign for several days. All meetings to be held in this part of the state were then cancelled.

Mr. Pinchot himself lays the cause of his illness to several different kinds of food which he ate on his tour of yesterday.

Troops Get Permission to Loot Occupied Town
By Associated Press
London, Sept. 30, 5.20 A. M.—Correspondents of the Times in France give contrasting instances of the manner in which Germans deal with the towns they occupy.

During the German occupation of Peronne, owing to the failure to provide the requisitions demanded, the commanding officers, a Times correspondent says, gave the troops permission to loot the town. For two hours the Germans needed no second invitation. It is said, and furniture, ancient and modern, silver and bronze and pictures and personal property were loaded on trains and taken away. Afterwards houses and shops were burned.

At Amiens in similar circumstances but where requisitions were satisfied the Times correspondent pays a tribute to the way in which the Germans kept their part of the bargain. No illegal demands were made, all public buildings were respected and the beautiful cathedral was not violated in any way. The officers in many cases went out of their way to shop politeness.

being scattered among the other seven candidates. Notwithstanding there were eight candidates, he carried thirty-one counties. He carried forty-eight of the sixty-seven counties over Frazer; the bulk of Frazer's votes came from Philadelphia and Allegheny, he having received 42,280 in Philadelphia alone; had it not been for these two counties he would not have been the nominee. A strong argument in behalf of Frazer was that he would balance the Republican ticket, which in other respects was made up in the eastern part of the State. Such consideration brings partisan politics in the election of a judge. The fact that the most active organization politicians of the State were united in the support of the nomination of Frazer, and that his nomination was due to the extraordinary lead which was given him through the organization in Pittsburgh and Philadelphia, if not in fact, at least in spirit, violates the purpose of the non-partisan judiciary act. Judge Frazer is a man of high character and unimpeachable record; it is not believed he co-operated in, or was even cognizant of, any political maneuvers in his behalf, but the facts as stated are nevertheless indisputable.

Carranza Will Quit if His Soldiers So Decide

Mexico City, Sept. 30.—In his reply to the petition of Francisco Villa's generals, asking him to resign in favor of Fernando Iglesias Calderon and thus avoid civil war, General Venustiano Carranza says: "I will gladly take such action if it is ratified by the general conference. If not, I will fight with the same energy that I employed in combating the usurpation of Huerta. I will fight reaction and the old regime, which appears now to be headed by Villa, who, it may be, is an unwitting tool in this, as well as Orozco in his fight against Madero."

General Carranza asks General Villa's chiefs to demand the retirement of their leader as commander of the northern division of the army, in view of his, Carranza's, willingness to retire if the army so votes.
