Small Dealers Must Pay the Democratic Tax

Not satisfied with placing a tax of 2 cents upon every gallon of gasoline, naphtha and similar products, which tax his right and left, the rich and the poor, the Democratic tax of \$105,000,000 must also be borne by every person whose business it is to sell, or offer for sale, manufactured tobacco, snuff, cigars or cigarettes.

Every such dealer, however small his business, will be required to pay \$4.80.

Both Wings of Allied Armies Are Closing in on Kaiser's Great Army

Paris War Office Announces, However, That General Situation Is Unchanged; Allies Make Progress North of Somme and in the Southern Woivre District; Japanese Siege Guns Sink German Torpedo Boat Destroyer; Fighting in Far East Begins in Earnest; Latest German Casualty List Carries 8,000 Names

Slight advances by both wings of the allied armies are indicated in an official statement issued by the French War Office at 2.45 o'clock this afternoon. At the same time the general situation is described as unchanged.

"We have nevertheless," says the statement, "made progress on our left to the north of Somme and on our right in the southern Woivre district."

The brief announcement from Paris affords the only light from official sources thrown on the great struggle in Northern France to-day. Not before since the war began has the censorship been so severe.

The latest Berlin announcement made last night said that the allies had been repulsed at Albert, 18 miles northeast of Amiens and that the German attack in Argonne was progressing steadily, though slowly.

The most recent word from the Belgian War Office also given out last night stated that the Belgians were successfully repulsing the attack of the Germans on Antwerp.

Fighting in the Far East has begun in earnest with an attack by German warships on land positions of the Japanese who are besieging Tsing-Tau in furtherance of their campaign against the district of Kiao-Chow in China. The refusal of Germany to withdraw from this leased territory caused Japan to declare war.

An official statement issued at Tokio to-day says that Japanese siege guns sunk a German torpedo boat destroyer while a Japanese mine sweeper was sunk off the harbor and a Japanese supply ship damaged.

NO DEFINITE RESULT IN JAPAN

The somewhat vague Japanese statement gives the impression that the battle continues without definite result thus far.

Nothing is made known of the progress of the fighting in the eastern theater of the war to-day. A news dispatch from Petrograd under yesterday's date says that a German squadron bombarded Windau, a Russian seaport in the Baltic on September 24. The forts replied to the fire of the ships, which, after destroying the lightships, withdrew. General Von Auffenberg, commander of the first Austrian army, is reported ill with cholera at Vienna.

FOOD SHORTAGE IN SWITZERLAND

News dispatches from Switzerland state that Austria is confronted with a serious shortage of food supplies.

A correspondent at Paris referring to the events of yesterday says that the Germans continue a fierce attack on the allies in the angle formed by the rivers Oise and Aisne in the direction of Tracy-le-Mont. Yesterday's statement by the French war office said that the Germans were repulsed at Tracy-le-Mont.

A French committee is appealing for winter clothing for the troops, declaring that a long campaign in cold weather is a possibility. France has revived the office of field marshal of France.

The 38th German casualty list published to-day contains the names of 8,000 officers and men killed, wounded or missing.

Russians Take Important Positions From Germans

Washington, Oct. 1.—Colonel Geoljewski, military attache of the Russian embassy to-day issued the following official report from Petrograd:

"On September 28 after stubborn fighting our troops have captured the German position at Augustown and Kopetz. On September 29 we took the defenses between the lakes at Simno, Serelj and Lejpany.

"The Germans have been driven back into the region between Suwald Sejny and Mariampol. Our advance continues the bombardment of Ossow-jetz, but without success. At Schutkin and at Andrejew only two important skirmishes are reported."

William Orders Army to Exterminate English

London, Oct. 1, 4.45 A. M.—The Times to-day says that it is able to give from a thoroughly trustworthy source the text of an order issued by Emperor William to his army on August 19. It follows:

"It is my Royal and Imperial command that you concentrate your energies for the immediate present upon the single purpose and that is that you address all your skill and all the valor of my soldiers to exterminate first the treacherous English and walk over General French's contemptible little army."

Germans Bombarding Japanese Positions

Tokio, Oct. 1, 1.50 P. M.—A severe engagement has been opened by the German warships which cannonaded the Japanese positions near Tsing-Tau since from a thoroughly trustworthy source the German leased territory in China. Two officers were killed. German aeroplanes assisted the warships.

The German war office announces that an artillery duel at Tsing-Tau continues. A German torpedo boat was sunk in the harbor yesterday apparently this ship.

French Hold Ground Under Terrific Fire

London, Oct. 1, 2.37 A. M.—The correspondent of the Daily Mail writes from Constantinople on Sunday describing the heavy fighting around Peronne, which has been taken and re-taken at various times, says it is impossible to hear of the dogged courage of the French troops without a thrill of warm admiration.

"At 11 o'clock one morning," he says, "the French advance was subjected to a terrific concentrated fire and it seemed impossible for the troops to hold their ground. The French artillery had to abandon position after position. At 2 o'clock the shells began to fall around the cross roads where the staff was located and the general in command was urged to quit."

DARDANELLES CLOSED

London, Oct. 1, 5.22 A. M.—A dispatch from Constantinople says that the Havala agency states that the papers explain that the Dardanelles are closed.

Palmer Hasn't Been at Steelton

Here is the truth from an editorial in the Philadelphia Ledger:

"Most of us, in one form or another, feel the business constraints created by adverse conditions overseas, but look forward confidently to an extraordinary trade revival when the war is over."

"Nevertheless, just now there is a cry for help in our midst that requires prompt response no less than the appeal from noncombatants of Europe. Millworkers in Kensington are idle, and some of them are desperate. Their distress is voiced by Mrs. M. W. Ketcham, secretary of the Richmond Soup Society, who has worked among them for years and is their friend. She deserves aid, in the name of wives and children who are destitute and near starvation."

A Mitchell Palmer, Democratic candidate for United States senator, said yesterday at Clarion:

"Senator Penrose is saying that the tariff is the chief issue, and is raising the cry of calamity under a Democratic administration. But I have been going up and down the hills and dales of Pennsylvania as well as he, and nowhere are there visible signs of a slackening of the State's great industries. You men of Clearfield county, in the heart of the soft coal region, know better than any one else that the production of coal in this State this year has been greater than it ever was before. You know that men won't produce coal unless other men will buy it, and you know that men won't buy coal unless they need it to turn the wheels of industry."
