Dorothy Dix's Screaming Series

The ortermobile is a kind of wagon with a sewing machine contraption in front and a small behind. It also goes very fast when it stops, and it stops very still when it stops, and you have to pay a man five dollars to come and project with its insides and tell you why.

for going a million miles an hour. And folks have to listen to you because they want to tell how many miles they went in their ortermobile. My father says the ortermobile is also most useful as a fool killer, and that every year it kills the world of a lot of pin-headed idiots that would be in sensible people's way if there were no ortermobile wrecks of joy riders.

TO PREPARE DATA FOR TAKING OVER UNACQUIRED PARKS

Bowman Ordinance Authorizing Converting of River Front Sections Certified Certification of the ordinance providing for the taking over by the city of the sections of park frontage which have not been heretofore acquired and which are not included in the "Hardscrabble" condemnation measure has been made to the City Engineer's Department and as soon as the necessary data relative to the "Hardscrabble" proceedings is collected plans for taking over the other unacquired portions will be mapped out.

"Hardscrabble" is taken over, of course. The measure will operate similar to that of the "Hardscrabble" ordinance. It provides that Front street from the south side of South street to a point sixty-five feet north of Liberty street and from the south side of Harris street to the south side of Maclay street be opened.

WITH THE FASHIONABLE SASH EFFECT

As the Season Advances, the Basque Takes on New Forms and Many Variations. By MAY MANTON

8398 Basque Waist with Surplice Fronts, 34 to 42 bust.

The recent variations of the basque give little evidence of the original severity of that garment and here is a charming one with sash extensions that is really ideal for the dressy afternoon costume. It can be worn over any skirt and it can be made to match or of contrasting material. The back is plain, in true basque fashion, but the fronts are lapped in surplice style and carried around to the back where they can be finished either with a bow or with looped ends. Charmeuse or liberty satin would be handsome for a waist to be worn over a skirt of serge or fancy silk or, for dressy occasions, over a plaited skirt of chiffon or crepe de chine.

THE TRAFFIC The much-talked-of drama, which has created such a sensation and stirred up a great deal of discussion, is coming to the Majestic, Tuesday and Wednesday and Wednesday matinee, with Miss Bess Sankey in the role of Agnes Berton, which she has successfully portrayed through the phenomenal metropolitan runs of this attraction. Miss Sankey is supported by an excellent company, comprising the phenomenal metropolitan runs of this attraction. Special attention is called to the fact that girls sixteen years of age are not admitted to performances of "The Traffic" unless accompanied by parents or guardians.—Adv.

EVERYWOMAN Theater goes of Harrisburg will have an opportunity on Monday afternoon and evening to see at the Majestic, Henry W. Savage's celebrated production of the dramatic spectacle, "Everywoman," unquestionably the largest and most lavish pictorial representation of a musical and dramatic piece which has ever been sent on tour. "Everywoman" contrasts the nature of drama, opera and spectacle, but cannot be described by the ordinary classification of the theater. While Walter Browne, the author, drew his inspiration from the ancient morality play, "Everyman," it is a new play, and it is bright, witty, and abounds in wholesome philosophy. It is a play for people and circumstances of the present day. The characters are so labored that they are not at all artificial. The intent of each one from the moment of his first appearance. One hundred and fifty people are employed in the production.—Adv.

AT THE COLONIAL A breezy comedy skit, presented by really clever players known as Leonard and Arnold, will be the leading attraction in vaudeville featured, to be uncovered at the Colonial to-day. These players comprise a clever and amusing duo, and their offering is one that has appeared in many theaters where the vaudeville has been successful. Those at the Colonial, Burke and Walsh, sidewalk patter funsters, will have plenty of good gags and new parodies, while Dorothy Curtis, a dainty singing comedienne, is bound to please admirers of pretty girl acts. A fine program of first run licensed films will attract lovers of good moving pictures.—Advertisement.

ORPHEUM BILL The gem of purest ray serene of the Orpheum's new season is Irene Franklin, who may be called a metropolitan favorite, for she undoubtedly is, but that doesn't mean she is thought of in any less light in Harrisburg. Her popularity is attested to by the big audiences and immense receptions at each performance. And right here we must mention that she is from the city. She is here this week, too, no less than our friends Frank Milton and the fifty young Sisters, presenting a revised edition of their great comedy sketch, "Twenty Minutes' Layover at Alfalfa Station." The girls are spirited and good to look upon, wearing some striking costumes to a nicety, while Frank Milton keeps the house convulsed with his "tuba" gags, and side-splitting.

AT THE COLONIAL—"MOTHER" William A. Brady presents one of his productions to motion picture lovers in the form of Jules Eckert Goodman's play, "Mother." Emma Dunn was the star in the play when it was seen on the stage, and with "Mother" her name has always been associated. The heroine of the play is the mother, the head of a family of six children. She has been the mother of eight, but she has lost two of her dear ones. At her husband's death, she finds herself with money enough to rear her offspring; but four years before the opening of the play, the eldest son has run away and married a chorus girl. He has wasted his share of his father's estate, and to meet the demands of his wife, he has stolen from his employers. He forges his name, and here it is the gentle mother who calmly admits that the signature to the note is her own. Her second son is caught in the toils of another designing chorus girl, the sister of the eldest son's wife. The mother saves her first-born and draws him to her home again, while the second son, who has become a woman, Her daughters' love affairs are also set right by the mother, while she does not neglect the younger children and their fun. Mrs. Wetherell sums up her idea of motherhood and mother love in her all-embracing love, which does not permit any harm to come to her children, even though it means suffering and expense to her, personally.—Advertisement.

COLONIAL Daily—continuous vaudeville and pictures. "TO-DAY" "To-day," the remarkable drama of New York life which will be seen at the Majestic to-day, with a special matinee at 3 o'clock, deals with the congenial phases of mankind—love, passion, fear, hatred, self-sacrifice and loyalty—all blended in an endeavor to show woman's frailty and man's power. A young wife's lust for appearances and social success cause her to break the trust reposed in her by an unforgetting husband. Instantly she is dashed on the rocks of Governor's Island, and ever to love and life. The scene where she unknowingly meets her husband, in a house of pieces there will be seen the most startling in the history of modern drama. The production provided by Harry Von Tilzer, sponsor for "To-day," is complete in every detail, and the splendid cast engaged includes such well-known names as Arleen Hackett, Lallett Thompson, Marie Reichardt, Anton Ascher, Marie Dantes, Arthur J. Wood, Marie Burke, Sarah Hubbard and Frank Stone.—Adv.

Quick Removal of Wrinkles Is Now Assured—Some Other Beauty Secrets VALESKA SURATT, America's Self-Made Beauty-Actress, Gives Starling Secrets for the Attainment of Quick Beauty. BY VALESKA SURATT THE removal of wrinkles is no longer a problem. Of course there are many prepared creams which are sold for the purpose but the expense of most of them is very few moments by agencies has usually been one of disappointment. The loss of precious time in such cases is particularly deplorable. What every woman wants and can now obtain is the quick removal of wrinkles, not a process requiring almost a year if at all, but one which will show wonderful results in a few weeks' time. The following formula is one which does this in a very amazing way. You make this up yourself at home in a very few moments by dissolving two tablespoonfuls of glycerine and two ounces of eptol in half a pint of hot water. The tiny cream which results removes wrinkles almost magically. This secret is one of the most valuable known. Large and small wrinkles, crow's feet, lines of age and sagging of flesh, all disappear quickly and completely transform one's appearance from age to youth. MRS. S. O. R.—Simply use this cream every day on your face, neck, hands, neck and shoulders, and in a very short time you will find the most decided change for the better. It never fails. All red spots, freckles and blemishes vanish, producing a most exquisite purity and tint to the skin. It is the beautifier without equal in the world, which can be secured at any drug store. This is done in a few moments. You will need nothing else to make your complexion fascinating. MISS T. R.—A teaspoonful of eptol in half a pint of hot water makes an amazingly rich and effective head wash and dandruff remover. The action of this shampoo is to dissolve every particle of dandruff and fatty accumulation, which soap does not do because of its alkalinity. This is the only head wash that acts on this principle. It makes the scalp extraordinarily clean, and the hair silky and easy to do up. This is very economical, enough eptol can be secured for a very modest price at any drug store to furnish a dozen or more of these unusual shampoos. It is in fact a real necessity to hair health. MARY JANE E.—The removal of superfluous hairs is accomplished more easily, quickly and thoroughly by the use of simple suifo solution than by any other means. This simply dissolves away the hair instead of burning it off as do other depilatories. It never leaves a mark, never falls and never harms the most delicate skin. Any druggist can supply you with this splendid article. ARABELLA M.—No. Face steaming will not remove blackheads. You can get rid of them completely in a few minutes by simply rubbing them with a little norexin, sprinkled on a sponge made wet with hot water. Any drug store can supply you with the norexin. Every blackhead will disappear by using this remarkable formula. MRS. R. O. B.—Excessive and unnatural arm-pit perspiration from which so many women suffer at all seasons is at once relieved by the simple use of hydrolized talc, which can be obtained at any pharmacy. It also destroys all perspiration odors instantly and all other body odors. It will prevent that terrible soapy condition under the arms, it saves your garments and relieves you of much embarrassment.—Advertisement.

MY BEST GIRL "My Best Girl" said to be the liveliest, loveliest lady in musical comedy, will introduce many of the very newest of the ultra-modern dances here when Victor Morley and his large supporting company are seen at the Majestic, Saturday matinee and evening. Besides the number of stage dances to be seen in the piece there will be seen a regular terpsichorean carnival. The second act of "My Best Girl" shows a Military Ball at Governor's Island, and this fact offers a legitimate chance for the introduction of the present

Is Coal All Alike? We have heard many persons say, "I don't think there is any difference in coal, it's all alike." All coal is not alike. Just because it looks alike is no evidence that it is all alike. We have a list in our office of more than 300 coal mines and collieries in Pennsylvania producing coal of varying degrees of hardness. The coal from some mines is very inferior in quality while that from others is excellent. Anthracite mines produce Soft Coal, Medium Coal, Hard Coal, Extremely Hard Coal, etc. All these kind give different results. We have made a careful study of the coal business and know which kind is best. United Ice & Coal Co. Forster and Cowden 15th and Chestnut Third and Boss Hummel and Malberry Also Steelton, Pa.
