CENTRAL HIGH WILL SEE TECH AT WORK

Game With Sunbury on Saturday at Island Park Will Be Watched Closely

For the first time in many seasons Central High School football squad will see Tech work prior to the annual city championship game between Central and Tech on Thanksgiving day. Central has no game for Saturday and will witness the Tech-Sunbury game at the island. Central was scheduled to play the Lebanon Valley scrubs at Annville on Saturday. Lebanon Valley's varsity team plays Franklin and Marshall at Lancaster and the scrubs want to see the game. Arrangements were completed last night for Central to play Annville to-morrow. While Tech does not object to Central High seeing the game, Coach D. Forrest Dunkle and his squad realize that there will have to be a change in tactics between now and Thanksgiving. Each year there is a general change made in plays by both teams prior to the Thanksgiving game; but with a whole team of rivals watching, Tech will have to get busy after the Steelton game which takes place one week from Saturday and study some new things. The game with Sunbury on Saturday promises much interest.

"STUFFY" M'INNIS WILL BE IN GAME

Announcement Was Made by Connie Mack Last Night; Big Rush For Tickets

Philadelphia, Oct. 8.—Stuffy McInnis will play in the world's series. McInnis hasn't played in a game since September 27, in St. Louis. In this game the Gloucester whaler was hit near the palm of the right hand by a ball pitched by Leverniz. When the Athletics went to Washington, McInnis' absence caused no comment, as Collins, Baker and other regulars took a vacation as soon as the pennant became clinched. McInnis' accident was not known until last Monday when he failed to cover first base, although the others resumed their posts. Between 5,000 and 8,000 world's series tickets were snapped up at Gimbel's yesterday in a little more than five hours.

INDIANAPOLIS WINS FEDERAL LEAGUE FLAG

Indianapolis, Ind., Oct. 8.—By winning from St. Louis yesterday the Indianapolis Federal League team for the second time in two years captured the Federal League pennant. To Manager "Whoo Bill" Phillips, the "Silent Leader" of the team, who also was at the helm of the club last year when it won the first flag of the league, is given credit, in a large measure, for the winning of the second championship. He, however, ascribes the victory to his players. The feature of the local team's work this season was its strong attack. Yesterday's victory for Indianapolis while Chicago was losing two games gave the local team, which was one-half game behind, a one-game lead. President Gilmore, of the Federals, has announced that he will challenge the winner of the world series on behalf of the winner of the Federal League pennant, but there is little hope that a series can be arranged.

CLERKS HOLD BANQUET

The annual banquet of the Clerks Association of the Lucknow Baseball League was held last evening at the Riverside Inn, Coxwouten. Chicken and waffles were served to twenty guests. Leroy J. Leslie, president of the league, acted as toastmaster. He warmly commended the work of the manager, A. N. Young.

LINCOLN WINS

The Lincoln Grammar School team defeated the Cameron team at Seventeenth and Chestnut streets; score, 42 to 0. Stars for Cameron were Fields and Youtz, and for Lincoln, Thomas, Walker, Leeds, Beck and Moltz.

"RABBIT" MARANVILLE, BOSTON BRAVES' STAR

"Rabbit" Maranville, one of the fastest infielders in the National League, is expected to show some brilliant work during the world series. He will play shortstop for the Braves. He is said to be as good as Barry, Connie Mack's shortstop, in every way. He is as fast, and covers as much ground. Neither is much of a batter, and probably each holds his position because he is a fine fielder and knows the game.

New World's Record For Directum I.

Lexington, Ky., Oct. 8.—A world's record of 1.53 1/2 for a third heat in a race was established by Directum I in the Tennessee stake, which he won in straight heats from a small field. Frank Bogash, Jr., the horse that was expected to be the principal contender, did not start because of lameness.

HUSTLE ALL THAT'S NEEDED ON THE WALL

Stuckers Expected to Push Work on the Mountain of Dirt at Pumping Station

While the long drought of the summer has been broken and more frequent rains may now be expected, with a probable rise of the river above its present low stage, there is still time to complete the cleaning out of the debris outside the river wall along the front of the city. All that is needed is a little more hustle. The Stucker Brothers Construction Company is putting some ginger into this particular work this week, having a steam shovel removing the mountain of dirt at the pumping station and two gangs along the wall in the upper section of the city. But there is still much to do. Not all the foot wall is completed between the pumping station and South street and until the filling between the strainers in the neighborhood of the water house shall have been finished the construction of the steps will be interrupted. There is nothing, however, to interfere with the putting down of the granolithic walk and it is understood that this part of the work will go forward in a few days.

COULD FIND NO FIRE. A false alarm of fire, sent in from Third and Muench streets, last night, was answered by many fire companies from the western district. When the firemen arrived no blaze could be found.

"SKIP" PERRY, CITY GOLF CHAMPION, IN CHARACTERISTIC POSES AT RESERVOIR

If you're on the payroll of the Bell Telephone Company of Pennsylvania and fill your job with more than ordinary ability, the company's own official organ, the Telephone News, will sooner or later contain a nice piece about you in the paper. And what is true of your service for the company applies also to anything you may do more than ordinarily well outside the office. This true of Howard W. Perry. His picture and a piece headed with much large black type has a prominent place in the current issue of the News. When not helping to successfully run the plant superintendent's office Mr. Perry, or "Skip," as he is more famously known, goes in for golf. But this is not all. He goes in for it well and hard and enthusiastically. Nor is this all. He did it so well during the past season that he quite readily won the city championship at Reservoir. And so the News reporter found out about it and wrote an article about it and got some very characteristic poses of Mr. Perry in the act of winning the cup, and it printed all these things. Then the News kindly loaned the Telegraph its views. And here they are.

A GOOD BUSINESS "FRONT"

This applies not only to a salesman with good appearance, but is equally as effective in your silent salesmen whose eloquence depends on proper wording and attractive arrangement—your cards, stationery and printing of all kinds. These are your representatives as much so as your solicitors or salesmen. Cheap-looking printing does not build any more prestige for your business than a cheap-looking personal representative. For ideas on good printing, call Telegraph Printing Company, either phone.

FIREMEN GO TO GETTYSBURG

The Hampden Fire Company, of Reading, accompanied by the crack Philharmonic Band, which was a prominent feature of the parade, will leave here by special train Saturday morning for Gettysburg, where the members will tour the battlefield. During their stay in this city they will be the guests of the Hope Company.
