

repetant mothers is the well known Mother's Friend."

This is an external application to able the abdominal muscles to become one pilant, to expand naturally without ndue pain from the strain upon cords

undue pain from the strain upon cords and ligaments.

In almost every settled community are women who have enjoyed the blessing of this famous remedial and helpful embrocation. Their daughters have grown up to learn of its splendid assistance.

Applied as directed upon those muscles involved it soothes the fine network of nerves with which all the muscles are supplied. Thus a great share of the pains so much dreaded may be avoided and the period of expectancy passed through in ease and comfort.

Anything that adds so much comfort must be counted as a blessing indeed.

In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to use "Mother's Friend" and how to avoid taking breasts, Get a bottle today and write for book to Bradfield Regulator Co., 400 Lamar Bldg., Atlanta, Ga. Be sure you get. Mother's Friend."

FIREMAN JUMPS FROM ROOF
To test a new safety apparatus,
reman J. Murtaugh, of Truck No. 2,
surth and Race streets, Philadelwhia,
mped from the roof and third story
the Bolton House yesterday afterson. The test was a success. The
vice is used in saving persons when
dders cannot be used and there is no
her method of, escape.

HEARING IS RESTORED TO DEAF

Without Mechanical or Artificial Hear-ing Devices. Deaf Hear With Their Own Ears. A Wonderful Eng-lish Discovery

Thousands of people suffer from catarrhal deafness or poor hearing, who having tried specialists, advertised reatments, artificial ear drums, ear phones, electric vibrators and various mechanical appliances without success have at last resigned themselves to a 'world of silence' thinking that nothing can ever restore to them their normal hearing. Yet their case is not lopeless. A remarkable scientific treatment discovered a little more than a rear ago in England is making people year after years of deafness and is also medically and the second of the companions of defective hearing. His discovery is called Parmint and has: attracted widespread notice throughout. Europe where reports of the remarkable results it has given to leaf people have come in by the hunted.
