CHURCH ATTITUDE ON MORAL QUESTIONS

Bishop Weekley Addresses United Brethren Conference; Important Subjects

Special to The Telegraph. Mechanicsburg, Pa., Oct. 9.—Bishop W. M. Weekley addressed the United Brethren conference here yesterday afternoon on the "Banners of Our Church," and said that the banner of our church represented its attitude to religious principles and doctrines, and moral questions. He declared that the United Brethren Church in

1821 took a decided stand on the temperance question, and even before that, a hundred years ago, they legislated against the use of liquor as a beverage, and the hostility to the liquor traffic assumed that time has never been changed. On the slavery question the denomination took a more decided stand, and had many brave men in the Civil War for the freedom of the colored race. The church's attitude has been uncompromising against the theater, the ballroom and the card table.

The Rev. George L. Fulton addressed the conference on the part of the City Ministerial Association, and extended a hearty welcome to the conference and the common work of extending the kingdom of God. The Revs. J. S. Adam, Shippey, Raach, Sharp and Dice, of the various churches of Mechanicsburg, were introduced to the conference.

The Rev. Mr. and Mrs. Richter, returned missionaries from Africa; L. O. Miller, the general church treasurer, and Miss Hannah Deutscher, deaconess under direction of the Woman's Missionary Society in Baltimore, Md., were given advised receipts. The report on home missions was read by the Rev. E. W. Leitch, of Baltimore, Md. The report on church erection was read by the Rev. J. B. Rice, of York. The Rev. W. E. Daugherty, of Reading, gave the report on Christian stewardship, and the Rev. J. P. Nathony, of Keedysville, Md., on the Christian home.

At the conference branch of the Woman's Missionary Association were given by Mrs. J. C. Lambert, Mechanicsburg, and L. O. Miller, the general church treasurer, Dayton, Ohio, gave an address on the "Home Missionary and Denomination of the Church."

Has Fine Action in the Blood

Does Real Work in Cleaning Body of Impurities.

It is to the skin that blood impurities are driven by Nature. And it is in the skin that S. S. S., the famous blood purifier, has its most pronounced influence. For it is here that you see the results. S. S. S. is none the less effective in the joints, glands and mucous surfaces in driving out rheumatism, overcoming boils and ridding the system of catarrh. The purely vegetable ingredients in S. S. S. are naturally assimilated but they enter the blood as an active medicine and are not destroyed or converted while at work. It is this peculiar feature of S. S. S. that makes it so effective. It stirs into action all the forces of the body, arouses digestive secretions, stimulates the blood circulation to destroy disease breeding germs.

Upon entering the blood S. S. S. is carried throughout your body in about three minutes. And in a brief time it has any blood trouble under control that it no longer can multiply. Gradually new flesh is formed in all broken-down tissues and the skin takes on the ruddy glow of health. Be sure and get a bottle of S. S. S. today of any druggist, but avoid all substitutes.

Around the bottle is an illustrated circular that tells you how to obtain special free advice in quickly overcoming serious blood disorders. S. S. S. is prepared only by The Swift Specific Co., 99 Swift Bldg., Atlanta, Ga.

Have You Neurasthenia?

Neurasthenia is a condition of exhaustion of the nervous system. The causes are varied. Continuous work, mental or physical, without proper vacation periods, without proper attention to diet and exercise, also worry over the struggles for success, are the most common causes. Excesses of almost any kind may produce it. Some diseases, like the grip, will cause neurasthenia. So also will a severe shock, intense anxiety or grief. The symptoms are over-sensitiveness, irritability, a disposition to worry over trifles, headache, possibly nausea. The treatment is one of nutrition of the nerve cells, requiring a non-alcoholic tonic. As the nerves get their nourishment from the blood, the treatment must be directed toward building up the blood. Dr. Williams' Pink Pills act directly on the blood and with proper regulation of the diet have proved of the greatest benefit in many cases of neurasthenia. A tendency to anaemia, or bloodlessness, shown by most neurasthenia patients, is also corrected by these tonic pills. Your own druggist sells Dr. Williams' Pink Pills. Two useful books, "Diseases of the Nervous System" and "What to Eat and How to Eat," will be sent free by the Dr. Williams Medicine Co., Schenectady, N. Y., if you mention this paper.—Advertisement.
