

10c Cigars

MOJAS

Some smokers imagine they need "black" cigars to satisfy them.

Well, a cigar may be as black as a piece of coal--and just as tasteless.

Smoke more MOJAS and get more satisfaction.

Union Sales Co. Report Strong Demand For Tires

Among the establishments that keep the name of Harrisburg moving around the country is the Union Sales Company at Second and North streets.

"Union tires are made up to the breaker strip, as formerly described, of the best materials obtainable; then around the full circumference we stretch two chains, as we call them, made up of one-inch links securely fastened at the joints.

As Harrisburg is the main office for country-wide distribution of these tires, the name of Harrisburg is moulded on every tire made, which accrues to the advantage of the city.

NEW METZ MODEL SHOWS IMPROVEMENTS

The Metz "22," winner of last year's Glidden tour from Minneapolis to Glacier National Park, Mont., is out in an entirely new body design.

Another very attractive feature that has been added to the Metz in its new form is a plate glass rain-vision windshield, constructed in two sections, each adjustable for rain and ventilation.

The gasoline tank is now carried in the cowl instead of behind the seat, as formerly, and the new equipment includes a Prest-o-lite tank to feed the headlights.

No change has been made in the motor or other working parts, as the numerous victories to the credit of the Metz in official endurance and long distance road contests, both here and abroad, indicate that its mechanical construction has been developed practically to the degree of perfection.

Not Dependent on Europe For Our Automobiles In commenting upon the agitation that is sweeping the country in favor of "Made in America" goods, H. P. Ford, president of the Saxon Motor Company, of Detroit, asserts that other lines of business may well profit from the experiences of automobile manufacturers.

"Years ago our motor car builders depended upon Europe for ideas, both from a mechanical and an artistic standpoint. At first European builders set the pace. For a number of seasons American manufacturers were accustomed to look across the waters for ideas.

Today foreigners who visit the American modern automobile plant are astounded at what they see and freely admit that Europe can learn a lot from the United States.

Hamilton, St. Louis Pitcher, and 5 Girls Injured in Accident St. Louis, Oct. 9.—Earl Hamilton, pitcher for the St. Louis Cardinals, and five girls were seriously injured in an automobile accident on the East Louis, Ill., side of the Eads bridge here early today.

Garrison Wants U. S. Army Man to Explain Criticism of Germans Washington, Oct. 10.—Secretary Garrison today called upon Captain Lever Coleman, U. S. A., who returned from Europe yesterday with Assistant Secretary Breckinridge for an explanation as to the correctness of polished criticisms of the German army attributed to him, which officials deem in violation of President Wilson's prohibition of partisan discussion of the European war.

CREATING A DESIRE That is the foundation upon which all business success is based. By window display, samples, demonstrations, soliciting or advertising you attempt to create a desire for the product you have for sale.

A Handy Book on Tire Repairs A snappy vest pocket edition of catalogued information on accessories and a short description of repair materials has been published by the Miller Rubber Company at Akron, Ohio.

BOSS MOORE GETS ANOTHER TRUMP

C. Tyson Kratz Asks the Anti-Saloon League Chieftain Questions on Politics

The Telegraph believes in local option, urges it and is a sincere advocate of temperance, but it does not believe in temperance organizations being used as a cloak for political intrigue.

"On September 23 there was published in the Philadelphia Ledger and other papers an open letter addressed by me to the district superintendent, which I now have ample evidence to show, should have been addressed to you as the responsible party.

"First: Has it not always been the policy of your league when both candidates favor your contention to endorse neither, thus showing political acumen and sound common sense?"

"Second: Has not Dr. Brumbaugh given stronger assurance than Mr. McCormick of his intention to sign a local option bill should the same come to him from both houses, and to use all legitimate and fair means to urge its passage through both houses, and have you the slightest doubt that his word is absolutely dependable?"

"Third: Under the circumstances, would it not have been good policy on your part either to have kept hands off or to have endorsed Dr. Brumbaugh, in view of the fact that at the latest ever cast in the House for local option were from the Republican side, rather than endorse Mr. McCormick, the Democratic candidate, whose party in the past has given you very meagre assistance; and have you not by your action placed a needless affront on Republican senators and representatives, most of them intensely partisan, whose assistance you need in passing your bill, and thus weakened your hold upon them?"

PURE FOOD SHOW TO OPEN MONDAY

be displays by the leading local manufacturers and wholesale distributors. Everything possible has been done to make the show a tremendous success; and have you not by your action placed a needless affront on Republican senators and representatives, most of them intensely partisan, whose assistance you need in passing your bill, and thus weakened your hold upon them?"

There will be attractive displays, music by Updegrave's orchestra, plenty of free samples, prizes for the public. At the door each person entering the exhibit will be presented with an attractive card in which to carry the samples and pamphlets distributed by the various exhibitors.

Everyone is interested in pure foods and everyone who visits the show next week will be amply repaid not alone in a manner of amusement but in becoming acquainted with the products displayed by the following exhibitors:

Franklin Sugar Refining Company, J. W. Beardsley's Sons, Bernard Schmidt, Foulds Milling Company, Chocolate Company, Ralph Goldsmith & Co., Genesee Pure Food Products Company, Minute Tapioca Company, Martin Wagner Company, Puritan Food Products Company, Quaker City Milling Company, Thorley Baking Company, Brelsford Packing and Storage Company, Royal Baking Powder Company, Condensed Milk Company, Russell-Miller Milling Company, C. F. Bonser & Co., Diamond Crystal Salt Company, Pennsylvania Milk Products Company, Continental Condensed Milk Company, National Cereal Company, Postum Cereal Company, W. R. Bealor, Underwood Typewriter Company, National Cash Register Company, The Dictaphone Company, Toledo Scales Company, Evans-Burnett Company and Witman-Schwarz Company.

CAR CASE SUSPENDED

Washington, D. C., Oct. 10.—The Interstate Commerce Commission today suspended until April 29 the proposed exaction by forty-nine railway systems and individual lines operating east of the Mississippi river of charges of 5 1/2 cents a ton, with a minimum of \$2 a car for switching freight to and from points located on private sidings and industrial plant tracks, commonly known as "car spotting."

POLICE CAPTAIN'S BIRTHDAY

Bouquets, post cards and letters of congratulations decorated the desk of Captain of Police Joseph P. Thompson today. Speaking of his age, the Captain said: "I feel like thirty-two-year-old. I have seen thirty-two summers, some hard falls, and the winters I have not counted."

WOMAN'S DAY AT PENNSYLVANIA

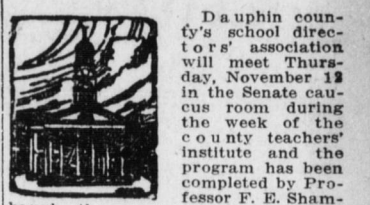

Penbrook, Pa., Oct. 10.—Woman's day will be observed to-morrow with appropriate services in the Penbrook United Brethren Church. Sermon in the morning at 10.30 o'clock by the Rev. C. W. Hutsler, of Martinsburg, Va. In the evening at 7.30 sermon by the Rev. S. S. Hough, D. D., of Dayton, Ohio.

WILLIAM H. LEAPSON DIES

William H. Leapson, aged 75 years, of Landisburg, died at the State hospital last evening. The body will be taken to his home in Landisburg by Undertaker T. M. Maik and son for burial.

SCHOOL DIRECTORS TO MEET NOV. 12

Program for Session During Institute Week Announced; Dr. Brumbaugh to Speak

Dauphin county's school directors' association will meet Thursday, November 12, in the Senate chamber during the week of the county teachers' institute and the program has been completed by Professor F. E. Shumbaugh, the county school superintendent.

In connection with this program Professor Shumbaugh also announces the speakers for the State Educational Association meeting in this city, December 22 to 31, will include Dr. Martin G. Brumbaugh, who will likely officiate in the dual capacity of educator and governor of the State. Other speakers are: Howard Griggs, New York, Dr. O. T. Corson, Columbus, Ohio; Dr. E. E. Sparks, president Pennsylvania State; Dr. W. C. Bagley, University of Illinois; Dr. William M. Davidson, Pittsburgh; and Dr. Nathan C. Schaeffer, State superintendent of public instruction.

The program for the county school directors follows: Devotional exercises; greetings; Ira W. Houser, president; enrollment; minutes; W. H. Hoerner, secretary; paper, "Improvement of the County School," Professor Thomas L. Malra, agricultural department, Pennsylvania State College; "Democracy of education," Dr. F. A. Barbour, Michigan State Normal College, Ypsilanti, Mich.; election of delegates to the State conference; report on institute funds; selection of next meeting place; adoption of resolutions.

Water Pipe Assessment Hearings.—October 21 at 10 o'clock has been fixed by City Commissioner H. F. Bowman, superintendent of public safety, for hearing appeals of abutting property owners from assessments incident to the laying of water pipe in the following sections of streets: Emerald, Fourth to Fifth; Hildrup, Nineteenth to Twenty-first; Nineteenth, Paxton to Sycamore; Sycamore, Roileston to city line; Lenox, Nineteenth to city line.

HOCKENBURY, STATE Y. M. C. A. FIELD MAN, QUITS PLACE

1,498 members; New Castle, 1,427 members. Harrisburg, with a population slightly less than Erie and one-half more than New Castle, has a membership of 516.

The Fall meeting of the State executive committee of the Y. M. C. A. of Pennsylvania was held at the Commodore Hotel yesterday. Reports dealing with the past year's activities were read. Of special interest was the report of Albert M. Chesley, the new State boys' work secretary on the Camp at Inglenook, this summer. One hundred boys were trained in Bible school with the Rev. S. Winfield Herman, pastor of Zion Reformed Church, as camp leader. During the year 1,165 boys were taught to swim and 1,000 were in Bible classes.

The material development of the Y. M. C. A.'s was indicated by the report of the State secretary, J. B. Caruthers, which showed that four new organizations were effected. Building funds amounting to \$227,000 were raised, largely through the efforts of E. J. Hockenbury and buildings valued at \$1,955,000 were opened.

Statistical reports showed that 181 associations in Pennsylvania have 72,840 members, property valued at \$10,200,000, cash on hand \$1,500,000 and expenditures \$1,150,000.

Members of the committee who were present were as follows: James Shand, Lancaster; A. D. Smith, Lebanon; J. C. Ecksels, Carlisle; C. A. Kunkel, Harrisburg; Christian J. Walter, Wilkes-Barre; T. J. Gillespie, Pittsburgh; W. G. Hean, Harrisburg; S. W. Dickson, Berwick; E. E. McGill, New Castle; H. M. Keller, Hazleton; R. W. Harrison, Pittsburgh; D. J. Fearson, Mauch Chunk; Gifford Pinchot, Milford. Other members of the committee, among them Vance C. McCormick, finding it impossible to be present, sent their regrets.

Building campaigns conducted by E. J. Hockenbury last year netted \$60,000 at Carbonate; \$80,531 at Coatesville; \$93,217 at New Brighton; \$32,259 at Stroudsburg; \$168,081 at Waynesboro and \$7,850 at Bellwood. In each instance the amount of money secured exceeded by \$2,000 to \$8,000 more than the mark established as the original goal.

Field Secretary Hockenbury was just as successful in miscellaneous and membership campaigns. To procure money for current expenses, endorsements and to finish buildings he held campaigns in York county, Shippensburg, Ebersburg, Kane, Danville, Chester, Scottsdale, Franklin, Oil City and Butler.

Approximately 18,000 new members were secured by Mr. Hockenbury in campaigns waged in Williamsport, Womelsdorf, Punksutawney, DuBois, West Chester, Kane, Berwick, Elizabethtown, Wilkes-Barre, Greensburg, New Castle, Scranton, Pittsburgh and Chester.

MUSIC AT HAGERSTOWN FAIR

Hagerstown, Md., Oct. 10.—The Hagerstown Fair Association has arranged for an abundance of music for the big fair which opens here next Tuesday. Eight bands, including two from Pennsylvania, and an orchestra, of Cincinnati, have been engaged for the four days.
