A Telegraph Want Ad Will Go Into Over 23,000 Homes Every Time It Is Run

There Are Boys Who Are Ambitious to Succeed

I heard an office man say the other day, "The office boy of to-day doesn't give a flucker for the future, his mind is on baseball and motorcycles."

I don't believe him! I know better. I know many, many boys who are anxious to find work in offices where they stand a show of advancement. If I were an office manager, I'd use a Telegraph WANT AD and put in a few hours interviewing boys-because I know I could pick the right boy and thereby build for the future-his and mine.

The Telegraph Want Ad Man.

War Holds Up Start of Central Domestic Course

Delay in the shipment of an order for desks from Grand Rapids, Mich., is the cause of all the trouble in the domestic science department of the Central high school. All the other equipment is ready for use and as soon as the desks arrive they will be set up and the course begun.

The order was sent in a long time ago by the school board and the company says the war is the cause of the delay.

This May Happen to You

Life is punctuated with emergencies. It is accompanied with the unexpected. Things happen for which we have not been looking. In every life there is always the element of the uncertain. This is a well-established fact. Things are bound to happen. They always have. They always will. We are in a world where the future is not revealed. We must take things as they come. But a certain amount of preparation for the uncertain future is both possible and wise. It is a necessity as well—lif we are to meet emergencies capably. Getting ready to-day for the emergencies of to-morrow is a part of our most serious business.
