## Minute Tapioca Gelatine

The minute preparations are named after the "Minute Men" of Revolut Revolutionary fame, hence are not what some people think they are—preparations that can be made in a minute.

However, they are the most dainty deserts that can be prepared and are the very best tapioca and gelatine on the market. Not only are they superior in quality, but they can also be made ready to serve much quicker than ordinary preparations of like character.

## Teachers' Pensions to Receive Attention of the State's Educators

Drafting of a bill providing a State system of teachers' pensions on a basis of appropriations by teachers' organizations and the State and embodying features of systems in other States will be undertaken here in a short time by a committee to be named by Dr. J. George Becht, president of the educational council of the State Educational Association. This draft is to be submitted to the State association when it meets in this city in December and will be one of the big themes for discussion at the meeting. The committee will be composed of men familiar with pension systems and the measure approved by the association will be submitted to the Legislature early in the coming session. The association will also pay particular attention to the needs of the rural schools, which have been declared by Dr. Nathan C. Schaffer to be in need of immediate study and improvement, and a plan for equalizing the educational advantages by aid to the poorer districts will be talked over.

In some parts of the State there is a demand for a large increase in the school system, especially in aid of the country schools, and for the advancement of industrial and agricultural education.

## CRITICAL MOMENTS

### What the War Teaches

Every life has its critical moments. There are times when a man's health is staked upon the care he gives to it within a few hours. His system may be run down, blood laden with bilious poison and lungs or skin affected.

Twenty-four hours after you start to take Dr. Pierce's Golden Medical Discovery, poisonous matter and blood impurities begin to leave your body through the Liver, Bowels, Kidneys and Skin.

So powerfully penetrating is this purely vegetable remedy that through the circulation of the blood it reaches every fiber, muscle and joint, dissolves the poisonous secretions and drives them out of the body.

It brings new activity to the liver, stomach and bowels in a short time, thus causing salowness, indigestion and constipation to disappear.

It enters the tiny blood vessels of the skin, bringing with it fresh vitality, blood, and abiding faith in its wonderful cleansing power has come to thousands, when pimples, boils, carbuncles, rash, eczema, acne and other skin troubles dry up and disappear.

Good blood means good health; good health means strong men and women, full of vigor and ambition, with minds alert and muscles ever willing. Any medicine dealer will supply you with Dr. Pierce's Golden Medical Discovery in either liquid or tablet form. Remember it is purely vegetable, and free from alcohol or narcotics and is not a secret remedy for all its ingredients are published on wrapper.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its forms, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. It is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength, building up the constitution and assisting nature in doing its work. The proprietors have much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. #### ORPHEUM

Every Afternoon and Evening—High-class vaudeville.

#### COLONIAL

Daily—Vaudeville and pictures.

#### "HELP WANTED"

Sociologists in many cities have advised their classes to see "Help Wanted." Jack Latt's comedy drama of the business world. In this timely play, which comes to the Majestic to-night, the author has attempted to delineate with merciless pen the temptations which beset the modern young business woman who has a living to make and who asks only to be permitted to earn her salary without being molested

or forced to accept unwelcome attentions from her employer. "Help Wanted" was the distinct success of last season at the Cort Theater, Chicago, after which it was taken to the Maxine Elliott Theater, New York, where it created nothing less than a sensation. This is the first road tour of the piece, and judging from the interest already manifested in the engagement here it will prove to be one of the dramatic events of the season.—Advertisement.

#### "SEVEN KEYS TO BALDPATE"

Talk about your plays with a punch. "Seven Keys to Baldpate," the George M. Cohan mystery farce, which comes to the Majestic Theater Saturday, matinee and night, goes the punch several times better and furnishes a kick with an accompanying ripple of thrills and long rolls of laughter thrown in for good measure. Also "Seven Keys to Baldpate" lives up to its subcaption, "a mystery farce," for its audiences are continually on the guessing line from the remarkably original prologue until the very end of the piece, when it is furnished with one of the biggest and heartiest laughs that has been

turned loose in a playhouse in many a year.—Advertisement.

#### "THE DINGBAT FAMILY"

"Laugh and grow fat" is an old adage which the producers of "The Dingbat Family," which comes to the Majestic Monday, matinee and night, had in mind when it produced the funniest of all cartoon plays, adapted from George Herriman's famous newspaper series. The offering is said to be the embodiment of infectious hilarity, song and other enduring features. Besides the famous funny characters of Mr. Dingbat and Mrs. Dingbat (the "dutchess") there is the well-known "family upstairs" and Krazy Cat, who is a show in himself. Among the many new and novel features to be introduced is the latest craze in dancing of the tango, maxixe, barber poll, hesitation waltz and all the new and up-to-date dances now being shown in the big New York hotels and theaters.—Advertisement.

#### ORPHEUM

Harmony is the charm of this week's bill at the Orpheum. It is provided by the Bison City Four, who sing melodi-

ously and harmoniously, meanwhile injecting enough good comedy to suffice a whole vaudeville bill. These artists are just back from the war, and they had a pretty hard time getting back, but now that they are in America again they seem to have forgotten their hardships and are singing as brightly and as funnier than ever. No better evidence of just how close to the front they were, could be given, than the tattered uniforms they wear for one of their comedy songs. This is the melody of foreign national airs and while singing it the boys wear military uniforms of European countries. When it comes to exquisite harmony, there is no quartet in vaudeville that has anything on the Bison City Four. And when it comes to wholesome, fresh, and neat they stand alone again. Harrisburg has evinced its liking for good male quartets time and again and naturally the Bison City Four is singing all its encores this week, and then their big audiences keep demanding more. Another big comedy hit of the week is a playlet called "Hiring a Maid," presented by Mr. and Mrs. Cappon. These two splendid novelties, also the Mystic Bird, are three Keith novelties that are worthy of headline position on any bill. They are included among the sterling attractions grouped about Frederick Bowers and company in a great variety act of excellent singing and good dancing with dashes of rich comedy. The Orpheum's bill is good throughout and as one vaudeville man expressed it "it's a perfect lettuce head, unmarred by bugs in the outer levels."—Advertisement.

#### COLONIAL

This should be a day of mirth at the Colonial. Not only because the top-notch vaudeville acts are all of the laugh-producing type, but because two feature films are scheduled to appear there to-day that are both declared to be laugh rioters of the first water. A Vitagraph feature entitled "Eats" and an Essanay comedy in two parts, called "Gold Champion Chick" Evans "Licks With Sweedie," are included in to-day's moving picture program. A corking good vaudeville bill makes its initial appearance there to-day, comprising Jerge and Hamilton, comedy, song and patter artists; The Azard Brothers, offering a wonderful balancing act, and Melver and Scott, splendid Scotch dancers.—Advertisement.

#### "SHADOWS OF THE PAST" AT THE PHOTOPLAY

"Shadows of the Past" is a three-part melodrama, written by Marguerite Berisch, acted by a superb cast of Vitagraph players. It is replete with thrills, intense situations and startling climax, and is one of the most gripping human-interest stories seen in fiction.

The story of "Shadows of the Past" is one of politics and love with a tragedy ever on the verge of disrupting the lives of four people. At the Photoplay to-day.—Advertisement.

#### "A GENTLEMAN FROM MISSISSIPPI" AT THE PALACE

William A. Brady presents "A Gentleman From Mississippi" at this house on Friday and Saturday. The story revolves around the adventures in Washington of a newly elected Senator from Mississippi, Bill Langdon, who is sent to the capitol by the "trust" interests, who will coincide with their ideas. The old gentleman has a high sense of honor and, seeing through their schemes, defeats them and comes off victorious in a fight that threatens to destroy him financially, politically, and, even more vital to him, smirch the honor of his family. His daughters become infatuated with Washington social life and the elder becomes engaged to a Congressman, Norton, who tries to put through a bill placing a naval base at a point in the Gulf of Mexico, where he has persecuted his fiancée and her brother to invest their money. Old Langdon discovers Norton's treachery and breaks the engagement.

"Bud" Haines, a bright young newspaper correspondent in Washington, has become acquainted with Langdon shortly after the latter's arrival at the capitol and becomes his private secretary. Knowing the peril of Washington political life, he steers the old man safely and captures the old man's younger daughter.

The old man falls a victim to the charms of a dashing widow, while the pert young stenographer surrenders to a persistent young reporter.—Advertisement.
