

# CENTRAL'S WORK A SATURDAY FEATURE

### Tech Triumphs Over Steelton; Many Dopesters Go Wrong on the Football Results

By "Timp"

Outside of Penn.'s victory over the Navy, by a score of 13 to 6, the one big surprise to Harrisburg's football enthusiasts on Saturday was Central's walk-away victory over Steelton high, score 57 to 0. Following Steelton high's defeat by Lebanon by a score of 26 to 6, and Central's defeat at Pottsville, score 19 to 0, Central team was considered a weak crew. Dopesters were again fooled and Central will have to be considered of importance in this season's race, as in the past.

Within four minutes after play started, Central's superiority was in evidence, and many spectators wondered how Lebanon managed to defeat Steelton. There was only one man on the Lebanon team who played football. It was H. Light, the captain. Every man on the Central team played the game. Ginger was in evidence in every play Central made. The Blue and Grey was weak only in kicking. Rote was the big star. Others who put up a brilliant game were Eddie Roth, Smucker, Snelitzer and Blingham.

**Tech High Trims Steelton**

Tech high still holds a clean score, taking Saturday's game from Steelton high, score 19 to 6. Steelton's score came early in the game. Once Tech got its machinery working, it was all off with Steelton high. Tech got into the game in the last half and played Steelton off the low. Tech was a star, making a 45-yard run. Others who played well, were Stiteler, Kutz, Emanuel, Beach and Beck.

In the opinion of many followers of the game, Tech's work this year has been superior to Central's, and the Blue and Grey must hit a faster pace to win on Thanksgiving Day.

In the big arena Dartmouth has rolled up the largest score of any of the "Big Six" colleges thus far this season, in four contests the total amounting to 166, while their opponents accumulated nine. Harvard gathered 111 in the same number of games but the opposition scored fifteen, both W. and J. and Tufts registering touchdowns and W. and J. a goal from the field. Penn's attack has been weak, as attested by a total of twenty-seven points in four games, while their opponents counted sixteen. Yale has gathered eighty-nine points in four contests, and although the goal line has not been crossed, Lehigh scored upon them via the aerial route.

Cornell, though defeated twice out of her five engagements, has managed to pass the century mark with 103, her opponents tallying sixteen. Penn State and Brown are the only Strong Eastern eleven's as yet unscorced upon.

**Lebanon Valley Has Some Team**

Lebanon Valley walked all over Western Maryland, winning by a score of 21 to 3. It was further evidence that Coach Guyer has a team that is a big factor this year.

**Turns Down Offer From Federal League**

Special to The Telegraph

Boston, Oct. 19.—Federal League efforts to get the world's champion Boston Braves to play a series with the Indianapolis Federals have come to naught.

The last endeavor to bring the two teams together in another post-season series was defeated when Captain John Evers, of the Braves, informed a Federal League agent that under no circumstances would he consent to the plan. In turning down the agent who made the proposition Evers also refused to accept approximately \$17,000, the amount the representative of the Federal League told Evers he could have "before a ball was pitched" in the proposed series.

According to Evers' story, the agent told him that the money would be placed to his account immediately, providing Evers would get the balance of the Braves to play. Evers' refusal to accept the offer, and with it about eight times as much money as he made as his share of the world's series purse, is based upon his desire, as he put it, "to be on the square with his employers."

**Bench For Lajoie, Is Latest Report**

Special to The Telegraph

Cleveland, O., Oct. 19.—Napoleon Lajoie will not be a Nap regular in 1915. This fact was learned definitely today. While he still has great playing ability, the man who has been the idol of Cleveland fans for a decade cannot compete in a machine such as the Cleveland club expects to put on the field next season.

During the past few months rumors were afloat that Lajoie might be retired as a regular. It can now be stated authoritatively that one of the younger players will hold down the keystone sack. In fact, the entire Cleveland team will be made up of young players.

What the club officials will seek next season will be speed. Any players who tend to slow up the machine will have to give way to some one with more speed.

**HARRISBURG ACADEMY TEAM STARTS PRACTICE SATURDAY**

Harrisburg Academy will open its season next Saturday with the Gettysburg Academy. In preparation for this game practice was started today. The season's schedule is as follows:

October 24, Gettysburg Academy, at Harrisburg.

October 31, Franklin and Marshall Academy at Lancaster.

November 7, Yeates School, at Harrisburg.

November 14, Lebanon Valley Reserves, at Harrisburg.

November 21, open date.

## FEDERAL INVASION HITS MINOR LEAGUES

### Many Clubs Will Show Large Deficits in Season's Receipts; Players Affected

New York, Oct. 19.—The 1914 season for the minor baseball leagues, the organizations which were hit the hardest by the baseball depression, will mean a long list of deficits instead of profits for the various clubs. The little leagues suffered the worst through the advent of the Federal League, which deprived the minors of their chief revenue in the sale of players.

The Rochester club of the International League lost about \$20,000 on the season. Of this amount \$12,000 was lost through the jumping of players to the Federal League.

Although Providence won the International League pennant this year, the club will pay no dividends. The exceptionally high salaries caused a shortage of profits. In attendance the club made its best showing since 1905.

This has been a bad season for the two clubs in Buffalo. The International League Club lost a great deal of money, while the Federals failed to do much better. The Federals withdrew the International League team, but it is feared that the city cannot support two clubs.

The season in Toronto resulted in the worst showing that city ever experienced. The local teams in both the International and Canadian Leagues were hard hit financially.

The invasion of the Federal League in Baltimore practically drove the International team out of business. John Lunn will lose in the neighborhood of \$40,000 on the season, and it is believed that the International League will make no attempt to run their team next year. The city has proved to be one of the strongholds for the Federal League, and the league officials say that the Baltimore club will break about even on the year.

The Jersey City club of the International League reports the most disastrous season of its history, both financially and in attendance.

## Brickley's Appendix Is on Exhibition

Special to The Telegraph

Cambridge, Mass., Oct. 19.—Over at Harvard College the question of the hour is "Will Brickley get back in time for the Yale game?" Incidentally, it may be added, this very same question is giving the Ell football players no little concern. The best medical opinion is that Brickley would risk his life by playing.

Captain Brickley was operated on last Saturday at the Stillman Infirmary for appendicitis, but has rallied rapidly.

On a table in Brickley's room at the hospital is a small glass jar in which is written "C. Brickley—Appendix." Inside the jar was the appendix, the thing that was responsible for the halting of one of the greatest men that ever booted a football.

## CALAC NEW CAPTAIN FOR INDIAN ELEVEN

Special to The Telegraph

Carlisle, Pa., Oct. 19.—The members of the Carlisle Indian football eleven have elected Peter Calac as captain to succeed ex-captain Elmer Busch, whose resignation was forced last week. Calac is a mission Indian, and like Busch, a Californian. He is 29 years old, and has played two years in the backfield. Carlisle played their best game of the year against Pittsburg on Saturday, and in the opinion of her officials, with a strong man at leader, will enter upon a streak of better football work. Crane and Look-around are still on the ripped list and will probably not be in the line-up against Pennsylvania next Saturday.

## BRUMBAUGH FIRM FOR LOCAL OPTION

### Methodist Bishop Writes That He Stands For It as Well as Does Vance McCormick

No less a person than Bishop Joseph F. Berry, of the Methodist Church, one of the best known clergymen in the United States, pays tribute to the steadfastness of Dr. Martin G. Brumbaugh in behalf of local option and his statement in the Methodist Times makes no distinction between the position of Vance C. McCormick and that of Dr. Brumbaugh on local option.

Bishop Berry's statement is based upon the platform pledge and campaign promises of Dr. Brumbaugh. In a speech at Franklin last week Dr. Brumbaugh said: "I stand for local

option and shall do all in my power to see that such legislation is passed if elected to the office of Governor."

In his article in the Methodist Times Bishop Berry says:

"I hope the chief issue in the pending elections in the State of Pennsylvania may be kept clearly in view. The vital question is not what candidate shall be elected, United States Senator or Governor. The thing which should chiefly concern every Christian voter is 'What kind of a man will represent me in the State Senate and Assembly?' The question of local option and possibly of state-wide prohibition will be brought forward in the Legislature, and the importance of electing reliable temperance men to that body must be apparent.

"The candidate for Governor on both the Republican and Democratic-Washington tickets have committed themselves in the most emphatic terms to advanced temperance legislation, so that whichever is elected we will have must capture if they hope to do any good as a Governor who has publicly pledged himself to sign any bill which the temperance forces put through. The big task before us is to elect a Legislature which will surely pass the necessary bills.

"Let not the politicians becloud the issue. It is the next Legislature which the decent citizens of Pennsylvania business at Harrisburg in the near future."

Dr. Brumbaugh has received hundreds of letters of protest against the usurpation of power by the headquarters committee of the Anti-Saloon League of Pennsylvania. Some of these letters assert that the action taken in Harrisburg at the pretended instance of the local organization was in fact instigated by the people of Philadelphia, who had been identified with McCormick's political aspirations for months before, and that conferences between Anti-Saloon officials and

Mr. McCormick antedated the action, complained of by Dr. Brumbaugh's friends. Information sent to Dr. Brumbaugh is to the effect that the chief national officers of the Anti-Saloon League, who have previously appeared in Pennsylvania and have denounced Senator Penrose by name are now kept silent and prevented from coming into the State because they cannot conscientiously participate in a campaign that involves opposition to a friend of the temperance cause who has declared that he will fight for local option if elected Governor.

Dr. Brumbaugh's correspondence in a campaign that involves opposition to a friend of the temperance cause who has declared that he will fight for local option if elected Governor.

Dr. Brumbaugh's correspondence for months before, and that conferences between Anti-Saloon officials and
