Best Laxative For Children

When your baby is cross and fretful instead of the happy, laughing little dear you are accustomed to, in all probability the digestion has become deranged and the bowels need attention. Give it a mild laxative, dispel the irritability and bring back the happy content of babyhood.

of babyhood.

The very best laxative for children is Dr. Caldwell's Syrup Pepsin, because it contains no optate or narcotic drug, is pleasant tasting and acts gently, but surely, without griping or other distress. Druggists sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle. For a free trial bottle write to Dr. W. B. Caldwell, 451 Washington St., Monticello, 111.

Mrs. Carman is bearing up well, according to the jail physician. Her physican condition is such he said, that she will be able to go into court and face her accusers.

William Bailey, husband of the murdered woman last night announced that he would attend every session of the trial. Mrs. Bailey's mother, Mrs. Jennie Duryea, expressed a similar intention. For both sides forty-three witnesses are under subpena for appearance to-day, but it is believed that the jury box will not be filled before Tuesday afternoon.

Before leaving her cell to enter the courtroom, Mrs. Carman handed many trinkets to the matron and requested that they be distributed among the other prisoners. The men and women in the jall shouted "good luck" as she passed their cells. She was dressed in the blue tailormade suit that she wore when she appeared at the inquest in Freeport.

The talesmen, besides the customary questions, were asked whether they would consider the testimony of a negro as they would that of a white person—Celia Coleinan, the Carman maid at the time of the murder and now one of the State's star witnesses is a negress—and whether the fact that the defendant was a woman of social position and wealth would influence them. They were asked also whether testimony to the effect that Mrs. Carman installed a telephonic device in her husband's office would prejudice them.

Stough activities have not been made, but a number of meetings similar to those of last week will be held in the shops and factories of the city and vicinity. The number of neighborhhood prayer meetings is increasing, and more people are beginning to help in the campaign. A large meeting will be held at the Allison Hill Fire Company building to-morrow.

That great interest in being shown in the revival was proved by the large crowds of people that were present at, the mass meetings yesterday. At least 600 women were at the mass meeting in the Ridge Avenu Methodist Episcopal Church, at which Miss Josephine Colt gave a talk on the work which the women should do.

The Rev. S. B. Bidlack, who will assist Billy Shannon and has been with Billy Sunday and Dr. Stough in campaign work, spoke to the men at a mass meeting in the Grace Methodist Church. More than 700 men were present.

Mr. Willard concluded his statement by saying that a "grave emergency exists" and that should it appeal at any time that the emergency had passed, the commission had power to order any reduction, and that he was of the opinion that should reductions be shown to be warranted the railroads would not oppose them.

Vice-president Shriver of the Baltimore and Ohlo submitted data for the eastern railroads as a whole to support Mr. Willard's statement.
